This letter is written on behalf of the Scranton Public School Board concerning our current co-op agreement with Bowman County School in the sport of football. As you are aware, Scranton currently would like to form a coop with Hettinger in the sport of football for all grades. At the September 23rd board meeting we were denied our request to dissolve our coop with Bowman County. However, it was suggested by the board that we remove grades 7 and 8 from our football coop with Bowman County and request a 7th and 8th grade coop with Hettinger for 2010-2011.

At this time, we would like to remove grades 7 and 8 from our coop agreement with Bowman County contingent upon the acceptance of a new 7th and 8th grade coop with Hettinger for 2010-2011.

Thank you for considering this matter and helping Scranton Public School provide the best opportunities for its students.

Sincerely,

Kelly Pierce
Athletic Director
