January 13, 2014

Dear Mr. Sylling and NDHSAA board,

This letter is in reference to the NDHSAA association counting boys from hutterite colonies in the numbers for the football plan. No student from the Willowbank Hutterite Colony has ever participated in any extracurricular activities for the Edgeley Public School system. As of this time all students have dropped out of school when they reach the age of sixteen and are in the 8th grade. Please consider discontinuing the count of colony students for the football plan. Thank you.

Sincerely,

Todd Kosel, Principal
