December 10, 2013

Dear Mr. Bubach:

I am writing to ask that the baseball coop that currently exists between Kenmare and Bowbells be dissolved. We have not been able to field a team for the last three years due to numbers. Therefore, we would like to dissolve the coop and look at other options. We would like to offer the possibility of participating in the sport of baseball to our students. We have a couple of students that would benefit and excel in the sport of baseball. Please consider this dissolution to open doors for another possible coop where the numbers would be more stable and the sport could be offered.

Sincerely,

  
Celeste Thingvold
