January 14, 2014

NDHSAA Board of Directors

At the Munich School Board Meeting on January 14, 2014 a motion was passed to dissolve the cooperative agreement in both Boys and Girls Basketball between Munich and Starkweather. There have been discussions between the two schools concerning this action for a couple of years. This year it has become clear that our cooperative will not produce the numbers necessary to field a team in years to come.

We are, therefore, requesting that NDHSAA move to dissolve the Munich/Starkweather Cooperative in Boys and Girls Basketball.

Thank you for your consideration in this matter.

Sincerely,

Charles Dunlop
