September 29, 2015

Dear NDHSAA Board of Directors;

On behalf of the Sawyer School Board, we are currently requesting the dissolution of the co-op in boys and girls cross country between Sawyer Public School and Bishop Ryan High School to take effect at the end of this 2015-2016 cross country season.

At this time Sawyer Public School is pursuing a change in coop partners that will best serve our students. Therefore, we feel it is in the best interest of the Sawyer District and its students to dissolve the boys and girls cross country co-op between Sawyer Public School and Bishop Ryan High School.

Sincerely,

Wayne Trottier  
Superintendent Sawyer High School

**Sawyer Public School's purpose is to educate all students through a balanced curriculum and programs that prepare them to be productive citizens. This includes challenges to develop independent and creative thinking as well as the demonstration of academic, technical, and social skills and an appreciation of the fine arts.**
