NDHSAA:

I am writing this letter on behalf of the Max Public School. Max Public School is requesting to dissolve its speech co-op with Garrison in order to start their own program. The Max School Board approved this at their meeting on November 17, 2015. I have visited with the superintendent from Garrison and explained Max's position on this request. If there is anything else that you need Max to do in order to move forward, please feel free to contact me.

Sincerely,

Pat Windish, Superintendent  
Max Public School
