I would really like to see all Region 6 High School Class B Basketball Tournaments played at the Minot Municipal Auditorium from now on, instead of the present Minot State University Dome location. There are a few reasons for this preference.

The Auditorium has better seating. The wooden seats at the Auditorium are more comfortable, and provide more leg room.

The Auditorium has plenty of parking available immediately adjacent to the Auditorium. A person wouldn't have to walk distances over icy steps.

The concession stands are better at the Auditorium. They're also more readily available to all patrons.

The atmosphere at the Auditorium is better. There is ample seating for all who attend the Region 6 Tournaments during our cold winter days, and an intimate and exciting atmosphere for participants and fans alike. Seating at the Dome is excessive, with lots of open space. This detracts from the intimate atmosphere all can experience at the Auditorium's entirely adequate facilities.

Lastly, the facilities at the Auditorium are handicap accessible.
