

Swim Advisory 12/7/2022

Discussion

1. Officials Selection process
 - a. Simplify the official's election process and simply have each coach vote for 8 officials in ranking order. This would eliminate have to vote for the same official to three different positions. NDHSAA would determine where they would officiate.
 - b. Kevin will visit with Nick in our office.
2. Eliminate the consideration dives for both boys and girls
 - a. Now that the 6 dive qualifier exists the consideration dives are no longer necessary as divers now have the same number of chances to qualify as do the swimmers.
3. Raise the qualifying standard for girls diving.
 - a. Raise the standard for 11 dive to 285 and 6 dive standard to 175
4. Could coaches still get the qualifying list on Sunday
 - a. After discussion, it was determined this is not necessary as long as WDA and EDC email coaches region results.
5. Legal uniform cap at state
 - a. MN has a rule allowing for a cap at state to allow for more than what is allowed per rule. Is this an option for ND.
 - b. Kevin, mentioned officials are highly encouraged to officiate the meet and not trivialize cap uniform rules etc.
6. Ticketing
 - a. Is individualized ticket ordering still an option and still on the table.
 - b. Kevin visited with Nick in the office and it is possible but with the chance the NDHSAA going to an online ticket platform like gofan or similar service, he would like to wait as it would be a waste of time to program the request and then a service is utilized.

Regulation change requests

1. Eliminate the consideration dive standards for both boys and girls diving.
2. Increase the qualifying dive standard for state qualification for girls to 285 (11 dive) and 175 (6 dive)
