

6/2/23  
Soccer Advisory

Discussion

1. Soccer tournament protocols
  - a. Awards announcements
  - b. Weather delays
  - c. No reunion team.
2. Adding a week to the regular season
  - a. Injury prevention – overuse of athletes competing into many games in a week.
  - b. Schedule is too tight with weather delays along with adding Horace and Minot North
3. Number of balls utilized during a match.
  - a. Should be a 5-ball minimum.
    - i. One in play, one on each sideline and one behind each goal
    - ii. Pace of play is affected when balls are not readily available.
  - b. 4 ball shaggers should be present at each match as well.
4. Officials training
  - a. Maybe a required camp like basketball for post season play.

Regulation change requests

1. Add a week to the regular season. Week would be added to the beginning of the season for girls and at the end of the season for boys.
  - a. See rationale above.
2. There will be a minimum of 5 balls required at each regular season match. It is also highly recommended that 4 ball shaggers also be at each regular season match.
  - a. See rationale above.
