

Golf Advisory Recommendations

1. Allowing players to use slope enabled range finders. (partially due to the fact that some manufacturers are choosing to only make slope-enabled devices)
 1. ALREADY APPROVED
2. Class A and B Girls - Add two more regular season events, chosen by coaches, where only the 6 varsity players at the event may qualify for state using the 15 over medalist or par standard. These are NOT meant to be events where 8 players/team have the opportunity to qualify for state. All qualifiers must take place before the Team Regional.
3. One advisory meeting for Athletic Review per year (like swimming and tennis).
4. Class B Girls – Wait and see with Super Region idea
5. Look for a better way to set where qualifiers are held, or a set score for the 5000 yards (everyone plays 5000 yards as a par 72??). Discussion.
