The League Calendar

NOTE PARTICULARLY:—

ALL MEMBERSHIPS EXPIRE September 30th, and are renewed only by specific payment of dues.

The fee is \$1.00 for towns under 1,000 population; \$2.00 for towns between 1,000 and 2,000; and \$3.00 for towns over 2,000.

BUT IF dues are not paid by November 1st they shall be increased by \$5.00; and if not paid by December 1st, they shall be increased by \$10.00. Further, no memberships shall be accepted after January first. AND:—Dues cannot be accepted if your OFFICIAL ELIGIBILITY BLANKS FOR FOOTBALL AND BASKETBALL HAVE NOT BEEN FILED WITH THE SECRETARY.

What To Do In

SEPTEMBER

(a) Why not hold an athletic rally or special assembly presenting League Eligibility Rules together with a Pep Meeting to start the year right, and develop an atmosphere of Good Sportsmanship. One specific thing upon which many schools are working is the reduction-to-a-minimum of "booing" at basketball games. Our state as a whole is singularly and pleasantly free from it. But the radio is being influential in showing the prevalence of "booing" in prize fights; and this distressing custom is not unknown in State Tournaments in some adjoining states according to reports.

(b) Why not see to it personally that EVERY SINGLE candidate for athletic positions is specifically eligible under every League Rule. Watch particularly for all lads who are approaching the twenty year limit. Check up on all 4 year players, to make certain that this may not be the fifth year.

(c) Give especial attention to the "tobacco rule" and get it into action from the first day of school.

(d) And remember that the Board of Control interprets the drinking of beer as breaking the "intoxicating liquor" rule.

OCTOBER

I costs an added \$5.00 if you do not get your League member—It costs an added \$5.00 if you do not get your League member—while you think of it. Most schools pay their fees in September of course.

There is no Official Football Championship under League direction.

NOVEMBER

The Annual H. S. League Meeting will be held at N. D. E. A. time. One matter of prime importance is the 8 semester limitation rule.

In getting ready for a heavy basketball season why not start at once with (a) constant and never varying custom of exchanging the Eligibility Exchange Sheets with the other schools, and (b) the like custom of using the Uniform Contracts, inserting some penalty to cover possible breaking of contract, if you so desire. The blank has provisions for that very thing.

Bring to the League meeting an ample supply of suggestions for strengthening the basketball season, and particularly the Basketball Tournaments.

Note Particularly:—Now that the football season is over, prepare on the Special Official Eligibility Blank sent you by the Secretary, a complete listing of ALL PARTICIPANTS IN ALL INTER-SCHOLASTIC FOOTBALL GAMES—no matter on what team, no matter in what game, no matter for how brief a period of play. AND fill out ALL parts of the blank. This is one of your most important and significant official duties of the year.

Note particularly:—If you have still forgotten to pay your Membership Fee, hurry it into the Secretary for next month it will cost your school an extra \$10.00 while this month the added cost is only \$5.00.

DECEMBER

Note:—That Membership Fee! It cannot be accepted at all after the end of this month. It now costs you an extra \$10.00.

Note Particularly:—Get your Tournament Entry Fee of \$2.00 sent in this month, to your Chairman of your District Tournament Committee. Why not hold a Special Assembly this month dealing again with Good Sportsmanship; and more particularly with the application of the Non-smoking-and-drinking rule. The Board of Control has ruled that for contests which begin in the Second Semester—such as track, music, declamation and the like (not including basketball of course) the Non-tobacco-and-liquor rule goes into effect with the beginning of the Second Semester. Further it is ruled that the drinking of beer is a violation of Eligibility Rule No. Eleven.

Note also:—All girls representing your high school in basketball, or music or any other form of inter-school contests must be eligible under all League Eligibility rules just the same as the boys. League rules apply to ALL FORMS of inter-school contests.

Note particularly:—By action of the Board of Control any Class B School may challenge any one of the three nearest Class A Schools for entrance into the State Tournament. Such challenge must be before January 1st.

JANUARY

Remember your Tournament Entry Fee of \$2.00. If you get to your District Chairman after the 15th of this month, the fee is doubled and becomes \$4.00. Don't overlook it. Be economical.

With the basketball season on in full swing, better make a personal check up on all eligibility problems.

FEBRUARY

Hurry. Your Tournament Entry Fee is now \$4.00 but your District Committee Chairman can accept it up to the 15th of this month. Thereafter, you're out of luck, so far as entry into the Tournaments is concerned.

MARCH

Tournament Month. Class B State Tournament the third week end in March, with Regional and District Tournaments the two week ends preceding. Class A State Tournament the week end following Class B Tournament.

Note particularly:—Now that the basketball season is over, prepare on the Official Eligibility Blank sent you by the Secretary, a complete listing of ALL PARTICIPANTS IN ALL INTER-SCHOLASTIC BASKETBALL GAMES, no matter how unimportant the games were, no matter whether the lads played on 1st or 2nd or 15th team, no matter for how brief a period they played. And fill out ALL parts of the blank. This is one of your most important and significant official duties of the year.

Why not write in advance, any worthy suggestions to your Tournament Committee. Chairmen are eager to make their District Tournaments the best possible.

APRIL

Annual Spring Meeting of the League at University Conference. Check up on all track and field athletes; and on all music and declamation and all other contestants. All must be eligible under League rules of Eligibility.

MAY

Track and Field contest month. Music, Declamation, Debate et al. Let's build up these contests all we can.

Summary of Significant Dates

September 30th. All memberships expire at midnight.

October 31st. Memberships paid after this date cost \$5.00 additional.

November 30th. Memberships paid after this date cost \$10 additional.

December 31st. No membership can be received after this date.

Dead line! Tournament Entry Fee of \$2.00 is due. Pay it to your District Tournament Committee Chairman. Class B Schools' Challenges to Class A must be made on or before this date. Dead line!

January 15th. Tournament Entry Fee doubled to \$4.00 after this date.

February 15th. Tournament Fee not accepted after this date. Dead line!

*Meetings of the Board of Control***FARGO MEETING OF BOARD OF CONTROL**

Fargo, North Dakota, Nov. 7th & 8th, 1934, Waldorf Hotel

Present:—B. C. Tighe, C. L. Robertson, Leo H. Dominick, M. B. Zimmerman, and L. A. White.

Supt. Gilliland of Devils Lake, as chairman of the appointed committee on basketball insurance makes a preliminary report to the Board of Control. In considerable detail he analyzed the plans tried in New York, in Wisconsin, in Illinois and Iowa, and presents his recommendation that variations from the New York plan would seem best to fit our needs.

The essentials of the proposed plan are:

(A) The payment of 50c for each pupil insured for basketball and schedule of benefits as follows:

Loss of Life (Death resulting within ninety days from date of injury)	\$250.00
Entire sight of one eye if irrecoverably lost	200.00
Both arms broken above elbow	150.00
Both legs broken above the knees	150.00
Both bones of either leg broken between ankle and knee	100.00
Both bones of either arm broken between wrist and elbow	75.00
Either leg broken above knee and in cast	75.00

Either arm broken above the elbow	50.00
Either bone of either leg broken between ankle and knee	40.00
Either bone of either arm broken between wrist and elbow ..	35.00
Broken jaw	25.00
Broken collar bone	25.00
Broken nose	10.00
Dental Injury:	
Chipped teeth—Maximum fee for one tooth	2.00
Broken teeth—Maximum fee for one tooth	10.00
Teeth knocked out—Maximum fee for one dental injury ..	20.00
Broken bone in hand	7.50
Broken bone in foot	7.50
Broken ribs—two or more	10.00

Note:—Benefits on green stick fractures to be half of those listed

Note:—Payment shall not be made for more than one loss enumerated above caused by any one injury.

Note:—X-rays may be required by the Board of Control on all injuries scheduled at \$35.00 or more. If x-ray is required on other scheduled injuries an allowance of \$2.00 for each picture will be made in addition to scheduled benefit. The Board of Control reserves the right to demand radiographs or x-rays.

Note:—The Board of Control shall approve claims only in cases where the insured has immediately after the accident procured the professional attendance of a legally qualified physician. And where claim is based upon the loss of sight such attendance must be had at least once every seven days.

Note:—The amount actually allowed will not exceed the bill filed by physician which must accompany request for benefit. The scheduled amounts are the maximum in each case.

Note:—The Board of Control reserves the right to ask for additional evidence beyond that originally submitted should they deem such additional evidence necessary to establish the validity of the request.

It is also proposed that should the League authorize the plan might be extended to include football at 75c, track at 50c or an option of all sports for \$2.00 or all sports except football for \$1.50.

Note:—In subsequent correspondence Mr. Gilliland recommended the advisability of a \$1.75 fee for all sports and a \$1.00 fee for all except football.

Moved by Zimmerman and seconded by Robertson, and carried, that the Secretary be authorized to purchase one dozen of the new Technocratic (everlasting) type of basketball for about \$7.00 each, the same to be re-sold at cost to League members for experimental purposes.

Discussion:—The question of the official tournament basketball was discussed without any conclusion, the matter being laid over until the January meeting of the Board.

Appointments:—District Tournament

APPOINTMENTS:—District Tournament Committees were appointed as follows:

(The first named is the Chairman)

District 1: Knain, Milnor; Murdock, Lidgerwood; Lantz, Casselton.

District 2: Lillo, Larimore; Norgaard, Aneta; Elster, Hillsboro.

District 3: Wakefield, LaMoure; Quam, Oakes; Ingaldson, Ellendale.

District 4: Ide, Harvey; Swenson, New Rockford; Paulson, Cooperstown.

District 5: Woll, Ashley; Docktev, Napoleon; Gustafson, Linton.

District 6: Klovstad, Washburn; Hewitt, McClusky; Shively, Underwood.

District 7: Roberts, Elgin; Stubbins, Mott; Morstad, New England.

District 8: Dietrich, Bowman; Legault, Hettinger; Hough, Marmarth.

District 9: Steig, Glen Ullin; Jacobson, New Salem; Olson, Hazen.

District 10: Berg, Dickinson; Grindstuen, Beach; Pearson, Belfield.

District 11: Zimmerman, Grafton; Bullard, Hamilton; Tiller, Walhalla.

District 12: Ottem, Langdon; Reitan, Lakota; Rue, Calvin.

District 13: Peterson, Bisbee; Nelson, Rugby; Arneson, Leeds.

District 14: Olson, Berthold; Rice, Velva; Solvie, Plaza.

District 15: Gilbertson, Kenmare; Abrahamson, Mohall; Bostrom, Sherwood.

District 16: Loe, Alexander; Rodewald, Tioga; Knapp, Wildrose.

Discussion:—There was some discussion of tournament officials but no appointments were made. It was proposed that the Secretary in the next News Letter should ask the school men to suggest appropriate officials for the state tournaments.

Motion:—Incomplete. Moved by Dominick but not seconded that it shall be understood that the home team shall be privileged to name the hour at which a contest is to be held.

Motion:—Incomplete. Moved by White but not seconded that in those communities having field lights each football game shall be an afternoon game unless otherwise arranged by mutual agreement.

Motion:—By Zimmerman and seconded by Dominick that Principal W. H. Payne, of Bismarck, represent the High School League at the Football Conference in Chicago in December.

His expences to be borne by the National Federation. Motion carried.

Motion:—By Dominick and seconded by Zimmerman and duly carried that in the reorganization of the Board of Control B. C. Tighe be re-elected President, C. L. Robertson, Vice President, and L. A. White, Secretary-Treasurer.

Motion:—By Zimmerman, seconded by Robertson, that the Board of Control appropriate at least \$50.00 for the use of the Secretary for office assistance in connection with the so-called Athletic Insurance Fund. In the discussion Mr. Tighe had proposed the sum of \$200.00 but in the motion it was reduced to \$50.00 at the insistence of the Secretary, but the motion was passed with the understanding that the Board of Control would give added assistance if needed. Motion carried.

CONCERNING THE PROPOSED INSURANCE FUND:—The Board of Control urgently recommends, though it does not demand, that for each athlete who is to be protected by The Fund the school shall see that there is on file a signed statement of physical examination and a signed statement of the permission from parents for participation in basketball.

The so-called Athletic Benefit Plan shall if possible go into operation by December 1st and continue until the official close of the basketball season which shall be the close of the last state tournament.

The various proposals concerning participation in the Plan were considered item by item and a few minor changes made.

It was proposed that the Secretary secure legal advice concerning the plan and if necessary make contact with the State Insurance Department.

It seemed to be the understanding of the Board of Control that not for basketball alone but for basketball and such extension of

the benefit plan as might later be developed in 1935-36 the Board of Control should place in the Fund not to exceed \$1000.00 and probably for each form of sport put in about as much money as was received from the various schools except that the total should not exceed \$1,000.00. This item was nowhere made specific or entirely clear in any motion either before the Board of Control or the High School League although Mr. Tighe presented this idea while Mr. Gilliland's motion was before the house at the League meeting.

JANUARY MEETING: It was proposed that the board of Control should hold a meeting at some mutually agreeable time in January to discuss the purchase of trophies, the naming of official basketball and the analysis of problems connected with the new Benefit Plan together with such interpretation problems as may have arisen.

Note:—The Board of Control held a total of five different meetings.

THE SO-CALLED INSURANCE PLAN:—Supt. Gilliland of Devils Lake, as Chairman of the committee charged with the responsibility of drafting a plan to help basketball players pay their doctor bills due to athletic injuries made a complete and elaborate report based upon information gained from the experience of several other states, notably New York, Wisconsin, Illinois and Iowa. The essential elements of his proposal are these:

- (A) A fund shall be established by the payment of 50c for each athlete to be protected in basketball to which amount the High School League shall add perhaps a like amount not exceeding \$1,000.00 even though the Plan should be extended in 1935-36 to include all other sports.
- (B) The Schedule of Benefits were specifically listed.
- (C) It was further provided that in the school year 1935-36 the Plan might be extended by specific action of the Board of Control to include all sports for \$2.00 per athlete, all sports except football for \$1.50, or football only for 75c, and track only for 50c.

Note:—Supt. Gilliland subsequently proposed that the \$2.00 fee and the \$1.50 fee each be reduced 25c.

Copy of the Plan in detail as accepted by the League and worked over by the Board of Control is herewith attached. It was the opinion of the League and of the Board of Control that, even

though inadvertently, the word "insurance" might be used at times for want of a better name, there was no intention of forming an insurance company as such.

Moved by Mr. Gilliland, seconded by several, and carried that the plan of athletic accident insurance as proposed by the committee or amended by the Board of Control on athletic accident insurance be adopted for the basketball season (1934-1935) by the State League and that the Board of Control may at its discretion offer a plan to cover all sports for the year 1935-36, such plan not to be compulsory and to be subsidized by the Board of Control to an amount not to exceed the \$1,000.00 for this year and the school year of 1935-36.

ATHLETIC BENEFIT PLAN

of

THE NORTH DAKOTA HIGH SCHOOL LEAGUE

See Page 39

The North Dakota High School League at its annual meeting in Fargo on Thursday, November 8th, 1934, authorized the acceptance of the following Plan, the purpose of which is to help high school basketball players pay their doctor bills in the event of certain specified accidents.

To avoid legal problems, The Plan is not to be known or considered as insurance, for the League is not forming an insurance company. In brief, The Plan contemplates the payment by the school of 50c each for as many athletes as a school desires and these payments from the various schools of this state, together with probably a like amount from the treasury of the High School League will form A Fund. From The Fund after the close of the basketball season the Board of Control will make such adjustments as seem in keeping with The Plan; and in the event The Fund is not sufficient to make the proposed payments in full the appropriate amount will be pro-rated to the boys that had suffered accidents. The experience of other states, however, has been that the 50c fee alone will more than meet the proposed adjustments even without the added sum from the High School League. The point is that the League contemplates the payment in full of the schedule of benefits though it is not guaranteeing them.

PREMIUM PAYMENT PLAN

Each school will send to L. A. White, Sec'y-Treas., 50c each for as many basketball players as the school desires to have enrolled under the Plan.

SCHEDULE OF BENEFITS

Loss of Life (Death resulting within ninety days from date of injury)	\$250.00
Entire sight of one eye is irrecoverably lost	200.00
Both arms broken above elbow	150.00
Both legs broken above the knees	150.00
Both bones of either leg broken between ankle and knee	100.00
Both bones of either arm broken between wrist and elbow ..	75.00
Either leg broken above knee and in cast	75.00
Either arm broken above the elbow	50.00
Either bone of either leg broken between ankle and knee ..	40.00
Either bone of either arm broken between wrist and elbow ..	35.00
Broken jaw	25.00
Broken collar bone	25.00
Broken nose	10.00
Dental injury:	
Chipped teeth—Maximum fee for one tooth	2.00
Broken teeth—Maximum fee for one tooth	10.00
Teeth knocked out—Maximum fee for one dental injury ..	20.00
Broken bone in hand	7.50
Broken bone in foot	7.50
Broken ribs—two or more	10.00

Note:—Benefits on green stick fractures are to be half of those above listed.

Note:—Payment shall not be made for more than one loss enumerated above caused by any one injury.

Note:—X-rays may be required by the Board of Control on all injuries scheduled at \$35.00 or more. If x-ray is required on other scheduled injuries an allowance of \$2.00 for each picture will be made in addition to scheduled benefit. The Board of Control reserves the right to demand radiographs or x-rays.

Note:—The Board of Control shall approve claims only in cases where the insured has immediately after the accident procured the professional attendance of a legally qualified physician. And where claim is based upon the loss of sight such attendance must be had at least once every seven days.

Note:—The amount actually allowed will not exceed the bill filed by physician which must accompany request for benefit. The scheduled amounts are the maximum in each case.

Note:—The Board of Control reserves the right to ask for additional evidence beyond that originally submitted should they deem

such additional evidence necessary to establish the validity of the request.

IMPORTANT FURTHER NOTICE:—

The H. S. League has authorized the extension of the Athletic Accident Benefit Fund Plan to cover football for this present season of 1935-36, the enrollment fee to be 75c per athlete.

The Schedule of Benefits is to be met as nearly completely as the condition of The Fund shall permit; and to the accumulation of the 75c fees shall be added by direction of the League, the \$203.50 profits from last year's experiment with the A. A. B. Fund for basketball, plus such part of \$1,000.00 from the League Treasury, as may be needed.

These Minutes will be referred to in subsequent correspondence with member schools in connection with their payment of A. A. B. F. fees, and shall be considered basic to the understanding whereby the League shall make adjustments in case of injury.

Requirements for Participation

Membership and Registration

1. The school must be a member of the North Dakota High School League.
2. Benefit fee must be paid before the protection becomes effective.
3. The Board of Control insistently urges that for each athlete, the school shall secure prior to the opening of the basketball season:
 - (a) Signed permission of parents for participation in basketball.
 - (b) Signed certificate of physical examination from a physician.
 These two documents will be significant and helpful in the event of injury.
4. Benefits will accrue for injuries received in all competition whether inter-class, intra-mural or interscholastic; and also for injuries received in actual directed practice.
5. The Board of Control reserves the right to ask for additional evidence beyond that originally submitted should they deem such additional evidence necessary to establish the validity of the case.
6. All adjustment checks will be made apyable to the League member, i. e. the school, as the agent of the athlete, to apply upon the expenses incurred in connection with the injury.
7. Report of accidents must be filed within ten (10) days of the time of the injury.
8. Injuries for which adjustments are to be paid must have

occurred during officially scheduled contests or officially scheduled practices.

9. Requests not completed within sixty (60) days from date of filing the preliminary report will be considered withdrawn and cannot be allowed.

10. The Board urgently recommends that the physician's physical examination card and the parent's permission card be filed in the principals office, each with original signature of the physician and of the parent or guardian respectively.

11. The coverage shall include official school games and practices during the mid-year vacation period.

12. The coverage shall be within the part of the school year included between the first of December 1934, and the close of the last basketball tournament in March, 1935.

13. The Board of Control proposes to pay all claims as listed in the Schedule of Benefits, but does not guarantee these specific amounts.

14. All claims must be presented through the school superintendent or high school principal. All correspondence concerning claims will be directed to him. It shall be the duty of the superintendent or principal to produce all such articles of evidence as may be demanded by the Board of Control.

15. The Board of Control reserves the right to pay all claims after the end of the playing season. This is to enable the Board to pass on all claims in as few meetings as possible or to pass on such claims at any time.

16. In case of any dispute under This Plan the decision of a majority of the Board of Control of the North Dakota High School League shall be final; and said Board shall have exclusive jurisdiction over the administration of This Plan.

17. No right of action or right to sue said Board of Control shall exist in favor of any person, corporation or institution because of the matters set forth herein.

18. It is expressly understood and agreed that this proposal and its acceptance shall not be deemed a contract of insurance.

ACCEPTANCE OF THE PLAN

The undersigned affirms that the _____ High School is at this time a member of the North Dakota High School League in good standing and that as the official representative of

the school his signature is an acknowledgement of the understanding and acceptance of the above described Plan.

DATE _____ SIGNATURE _____
 _____ Superintendent or Principal
 _____, North Dakota.

SCHOOL DATA

Inclosed herewith is being sent to L. A. White, Sec'y-Treas., Minot, North Dakota \$_____, to be placed in The Fund at the rate of 50c each for the following listed basketball players:

January 2nd and 3rd, 1935

Present:—Tighe, Robertson, Dominick, Zimmerman, White.

1. Page asks for transfer from District No. 1 to District No. 2. Moved by Dominick seconded by Robertson that approval be granted by Board if favorable action is taken by Tourney Committees of both Districts. Carried.

2. Consideration of Scoring Kit prepared by Supt. I. E. Ottem of Langdon, proposed for use at all Tournaments, @ \$6.00 per set. The kits seemed of good and usable quality to the Board but no action was taken for adoption largely because of the cost.

3. Problems of Girls Athletic Participation. Reference made to possible encouragement by the H. S. League of larger athletic participation in athletics and physical activities by high school girls. The National Recreation Association and the National Federation of Amateur Athletics, Women's Divisions have both done much in developing interest in standard achievements for high school girls to replace old-time inter-school game contests, which later are in general disfavor throughout the nation.

4. The Proposed Amendments to the Constitution. Inasmuch as the Conference—time League meeting is not well attended—last Spring there was not even a quorum present—the Board of Control authorized the Secretary to send out a poll card whereby League members may express their attitudes toward the three proposed Amendments. Such poll is not to be considered a legal vote as there is no Constitutional provision for such; but the vote would

be considered instructive, and in the event of a sufficient attendance at the Spring meeting, would serve as a basis for determining action or judgment.

5. "Official" Basketball. Shall any ball be named "official" for this year was discussed. The conclusion was that no ball would be named as "official" so far as exclusiveness is concerned, but that the Dubow ball would be purchased for tournaments @ \$9.25, the price quoted by Northern School Supply Company.

Correspondence from the Federation Secretary shows that Iowa has adopted the Dubow ball for exclusive official use—no other ball to be used in inter-school games. And Illinois is to use the ball exclusively in its 79 tournaments; Wisconsin and Kansas doing the same; with Michigan continuing its plan of the past several years, i. e. using it in tournaments. Minnesota and South Dakota, he believes are also doing the same thing right along. In other words the action here in North Dakota is in keeping with the action of neighboring states.

The Federation feels state members should continue the encouragement of the Dubow ball to see that it is "kept in the field" of competition.

Thursday Meeting

6. Moved by Zimmerman, seconded by Robertson that the Secretary be instructed to purchase sufficient "Play Situations"—the Federation book of basketball interpretations, to distribute free to each member school. Motion carries.

The action followed a discussion based upon Mr. C. H. Kimball's description of a newly forming League of Athletic Officials which holds regular meetings for the discussion of officiating problems and interpretations, seeking a more nearly uniform interpretation of rules.

The Board gives some little time to the discussion of how some state wide plan might be developed, remembering that several other states have found such action helpful. Two attempts have been made in our state by the League to prepare an "official list" of athletic officials, but reports were too meager and scattered to have any state-wide significance. It is proposed that perhaps nuclei may be formed at various centers thruout the state wherein groups of interested officials may get together at least a few times for the discussion of interpretation problems.

7. What shall be done with the second ball in District Tourney? Agreed that the second ball shall be given to the winner of the

Consolation series, inasmuch as the Board is proposing to provide 1st, 2nd, 3rd and 4th trophies for the first four teams.

8. Concerning State Class A Basketball Tournament location. Bismarck invites the Class A tournament again on the same terms as last year—namely guarantee of all teams and tournament expenses; first \$1,000.00 net profit to the League; 50-50 division of net profits thereafter.

Moved by Robertson, seconded by Zimmerman that the following proposal be the basis of the acceptance of Bismarck's invitation for the Class A Tournament:

The League shall pay \$500.00 for the use of Memorial Hall for the two days of the tournament and \$100.00 for the banquet; and shall itself be responsible for all expenses and receive all net proceeds.

The action is based upon several facts:—(a) There has been some disquietude about the so-called "exploitation" of the high school boys tournament as based on the fact of any city making profit therefrom. (b) In Iowa, Kansas, Minnesota and Nebraska the Athletic Association conducts the tournament and receives all net proceeds. There is no evidence from the study reported to the Board of any host city making profit from the high school boys' tournament. (c) In no other tournament in the state does the host city share in the net proceeds. In the 16 District tournaments halls or gymnasiums are always provided free of expense with a single exception. In the State Class B tournament for three years, and in all other state tournaments except those of the past four years, the gymnasiums have been provided free by the host city, and net proceeds, if any, have always been placed in the League Treasury. (d). The League is this year inaugurating a new form of Athletic Accident Benefit Fund to give high school boys protection against injuries during games and practices, following plans developed in Wisconsin, Iowa, New York and Illinois. Motion carries, Dominick voting "no," others voting "aye".

9. Report on the Athletic Accident Benefit Fund. Report shows at this time 32 schools have registered 467 boys.

10. Discussion of meaning of "Practice game." Wisconsin Board ruled:—No paid admission or no score kept, or no regular time periods should be considered essential characteristics. N. D. Board refers to own action as shown on page 21 of 1933 Handbook, and makes no changes.

11. Meaning of "Transfer". Discussion verifies the idea as expressed on page 13, 1934 Handbook, namely that in a town where

there are parochial and "Model" high schools as well as public high schools, a change of school enrollment when not made within the school year shall not constitute a "transfer" within the meaning of the transfer rule. It is not yet entirely clear whether any distinction is to be made between pupils whose home is in the given town and those who are out-of-the district pupils.

12. Age disbarment. May a lad play on his 20th birthday? Reference is made to page 13 of the 1934 Handbook wherein the ruling of the Board is stated to the effect that a lad's eligibility ends with the day before his birthday, and he may not participate on the 20th birthday nor thereafter.

13. Consolidated Schools. A little discussion of Consolidated Schools and League membership. Word from the State Department is to the effect that many if not most of the stronger Consolidated schools have been changing to Classified High schools, and that there are only a few Consolidated schools that are in effect "equivalent to Classified High schools" as required by our Constitution for League membership. The point involved is the responsibility laid upon the Board of properly accepting certain Consolidated schools into membership and not accepting others.

14. Challenge Game Problems. Fewer problems were presented than had been anticipated. Starkweather wants to play Devils Lake; Grafton with Grand Forks; Wahpeton with Jamestown, Valley City, Grand Forks and Fargo, in order named being uncertain as to relative distances of Grand Forks and Jamestown to Wahpeton; St. Mary's and Dickinson with Bismarck.

After some discussion it was moved by Zimmerman, seconded by White, and carried by these two members and Tighe, that "shortest distance" shall be determined by radii, and based upon the State Highway Department maps. It was felt that almost limitless complications might arise if railroad distances versus highway distances, and cross roads, and weather conditions, and train connections and the like were to enter into the discussion, all of which are automatically avoided when radiant lines are the basis for establishing "shortest distance."

15. Tournament Invitations. Dickinson and Devils Lake had made inquiries, but did not send invitations. Mandan wired an invitation without guarantee. Mr. Newton and Mr. Cassell of Jamestown appeared before the Board offering free rooming accommodations for all teams and coaches, free gymnasium with about 1,500 seating capacity, and disavowing any interest in net proceeds if any; but not making any guarantee (also proffering banquet).

Mr. O'Connor (?) Secretary of Chamber of Commerce of Valley City appeared before the Board inviting the Tournament to Valley City guaranteeing gross receipts of at least \$700.00, free use of all gymnasium facilities, banquet and all accommodations as of last two years.

By subsequent action the invitation is accepted by the Board of Control, Robertson voting No, on the invitation of Valley City.

16. Motion by White, seconded by Robertson that Tighe be sent as representative of Board of Control to the Slope meeting held at Dickinson wherein some 40 high schools are invited to hear and meet Bennie Bierman at special athletic meeting. Carried.

Subsequently Tighe's date book shows him booked for that date and Dominick is substituted; but he finds he has a Board meeting and Zimmerman is substituted; but he feels he is too far away and Robertson is substituted.

17. Powers Lake Plays Donnybrook—lights go off. Only about 14 minutes of play, Powers Lake leading Donnybrook at latter place, (score 9-2), game called off. Is this "no game," or forfeit to visitors, or "game" with score 9-2? Board concludes best declared "no game," however with Powers Lake to receive same guarantee financially as tho game had been completed, but Donnybrook not responsible for substitute game.

18. What of J. H. S. Competition. Lakota raises same question that previously came from Jamestown and Fargo, which schools have Junior High Schools. Would it be appropriate to build up J. H. S. teams to compete with other J. H. S. teams, permitting 3 years of competition as such, and then the usual 3 years in Senior High School. No action taken except to let matters continue as at present, namely 7th and 8th grade boys are now allowed to play on any team, but one of these two years will cut down their subsequent Senior High School participation. Any proposal to permit 3 years in J. H. S. and 3 more in S. H. S. would total 6 years as against 5 only for such schools as do not have J. H. S. organizations; and hence seems somewhat discriminatory.

19. State Tournament Officials. Moved by Dominick, seconded by Zimmerman, that "Dick" Holzer of Moorhead and C. H. Holgate of Aberdeen be invited to officiate at the Class B Tournament, March 15 and 16, at Valley City for \$75.00 and expenses; and F. E. Wyttenbach of Aberdeen and J. R. Nichols of 524 Hodgson Building, Minneapolis, be invited to handle the Class A Tournament a week later, at the same fees. Carried.

20. Purchase of Basketballs. By agreement reached after departure of Secretary, it was decided to purchase basketballs as

last year from Colborn and Northern, at the price quoted by Northern of \$9.25, the ball to be Dubow. See Note No. 5, these Minutes.

21. Subsequent action of the four members after the departure of the Secretary, decided that \$65.00-\$70.00 should be granted B. C. Tighe to represent the H. S. League at the National Federation meeting at Atlantic City. His attendance at some other high school meeting will grant him part expense money also and thus at half expense to each of two organizations he can attend the two National meetings.

22. Subsequent action of the four members after the departure of the Secretary provided that in all Challenge games, net proceeds shall be divided thus: 50% to the H. S. League, and the other 50% divided equally between or among the competing teams. This is to be retroactive. (Such action changes last year's ruling by the Board of Control, as shown on page 15 of the Tenth Handbook.)

Adjournment.

MEETING BOARD OF CONTROL—VALLEY CITY

March 15 and 16, 1935

Present:—B. C. Tighe, C. L. Robertson, M. B. Zimmerman, L. A. White. H. O. Saxvik invited as guest member, to discuss tourney problems.

1. Nine men at Class A Tournament.

Moved by C. L. Robertson, seconded by L. A. White that the recommendation submitted by the secretary of the State Coaches Association that nine men constitute a team at the Class A Tournament this year, be adopted. Carried.

The memorial proposition by the Secretary, H. L. Robertson, asked for 9 men as a regular allowance, same to begin this year; and also that the Tournament be extended to three days.

The above motion however was made to cover this one year only, and the Class A Tournament only, as an experiment.

It was thought that since two of the teams are to be "home teams"—i. e. from Bismarck and Mandan, the added expense for the 9th man will probably not exceed \$100.00.

Discussion of whether or not a 9th man should be added for the Class B Tournament, raised the financial question; and also the question of whether the Class B Schools would really want a 9th man in, since this does give some added advantage to the larger schools that are likely to have stronger substitutes.

2. Moved by Zimmerman, seconded by Robertson, that action upon the seconded recommendation of the Coaches Association be deferred. Carried.

3. PAYMENT OF INSURANCE CLAIMS:

Moved by Zimmerman, seconded by C. L. Robertson, that all claims as listed and presented by the Secretary, be paid, upon the presentation of the physicians' or dentists' bills. Carried.

Note:—The Secretary is directed to send a "due bill" to those schools whose players are unable to get credit in advance.

Payments are directed as follows:

- (a) Scranton. Francis Timlin, broken tooth.
- (b) Sharon. Clifford Lund, broken tooth.
- (c) Tolley. Albert Ness, Lynn Triplet, chipped tooth each.
- (d) Wildrose. Leif Halvorson, fractured ankle bone.
- (e) Osbaabrock. Gordon Haraseth, 2 chipped teeth, 2 cracked teeth.
- (f) Cooperstown. Clarence Christianson, broken nose.
- (g) Kenneth Flick, leg bone broken (\$5.00 physician's bill)
- (h) Turtle Lake. Bert Sackman. Toe broken.
- (i) Minnewaukon. Zina Sheets, 2 chipped teeth.
- (j) Fargo.

4. Discussion of so-called "Challenge games."

- (a) Cannot these just as well be held a week or two earlier.
- (b) When two or more teams challenge the same A team, should not the several B teams compete with each other and the winner then play the A team. This did not meet with much approval; and reference to plans when the separate Tourneys were first considered made it rather clear that such was not the original plan.

5. Some discussion of Class A Tournament plans. Passes. Prices. Official bands. Official "program" for intermissions. Secretary directed to write all schools of impropriety of sending bands. One official band (Bismarck) to play not as Bismarck pep band, but as entertainment feature. Manager to be free to provide space in program for other novelties as judgment may direct; but no provision for free passes or special tickets and prices for such.

Mr. Saxvik tells of city's plans to protect good name of tournament and welfare of the visiting young people.

6. Reference to division of proceeds with Bismarck:

- 1. All expenses to be cared for first—including balls and trophies.
- 2. Bismarck receive first \$400.00.

3. League get next \$1000.00.

4. Remainder be divided on 50-50 basis, except that Bismarck is not to receive more than a second \$400.00, a total of \$800.00.

7. Discussion of State Track Meet. There is some desire for a later date. But the University has already named its date. Can this be changed to a later time? No specific action was taken, but all seemed agreed that a later time is highly desirable.

8. The Secretary is authorized to make advanced payment of \$500.00 to F. C. Spalding to apply upon the Class B Tournament deficit.

Adjournment.

BOARD OF CONTROL MEETING

Bismarck, March 22, 23, 1935

Present:—C. L. Robertson, V. P.; M. B. Zimmerman, L. A. White.

All meetings held were informal without specific motion, reading of minutes or formal action, but discussions of pertinent problems were in order and agreements reached.

Several minor problems connected with the current tournament were discussed and readily care for. A question of eligibility; a question of "advertising by announcement"; the policy of hall and street control; the question of passes; a consideration of some trophies as shown by one firm; a discussion of the work of the officials; broadcasts by two Board members; participation in the banquet by each member; reference to the Dubow basketballs.

Concerning Spring Track and Field Events:—It was understood that an announcement had come from the University to the effect that the annual State Meet was to be held on May 17th and 18th. While this meets with the Board's approval, the date seems early.

Partly because of that reason and partly because of a desire to encourage a more widespread participation in track and field events, the Board members directed Mr. Saxvik to develop a Track and Field Meet, to be open to all the state, with the understanding that all new records should become Official State Records, and that this Bismarck Meet, to be held in the first week end in June is to be regarded as "a State Meet."

No plans were laid for previous elimination meets.

It was proposed that members of the spring-time graduating classes might be considered eligible for entrance.

Adjournment.

Meetings of the State High School League

THE 1935 SPRING MEETING N. D. H. S. LEAGUE

UNIVERSITY OF NORTH DAKOTA

Friday, May Seventeenth

Members present: 20 to 23 League schools represented, sufficient for a legal quorum; but insufficient to equal the 25% required to make changes in by-laws and regulations.

INSURANCE PLAN EXTENDED

Moved by Urness, seconded by Hanna, that the Athletic Accident Benefit Plan as adopted last fall, for basketball, be extended for football. Motion carried.

The fee is to be 75c. The list of benefits to be that adopted last fall. The \$1,000.00 set aside for additional support to the Benefit Fund be renewed, since it was not called upon for the past basketball season; and to the amount shall be added the \$203.50 "profit" on the basketball application of the A. A. B. Fund venture of the past season.

Moved by Gilliland, seconded by several that an allowance of \$2.00 be granted for x-ray photos when necessary to determine the nature of an injury, and such be paid even in the event such injury is not found to be in the list of benefits. Carried.

Discussion of 8 Semester Limitation proposed Amendment. Moved by Hanna, seconded by Payne, that at this the second reading of the proposed Amendment (Sec. 12, Art. 6) limiting a student to participation within 8 semesters unless under 18, and requiring the 8th semester to follow the 7th consecutively, the Amendment be adopted. Motion declared out of order.

The spirit of the meeting was apparently rather definitely in favor of the immediate passage of the motion.

Attention was called to the fact that the National Federation recommends such a rule. A large proportion of the states already have such a rule. Our three adjacent neighboring states have a similar rule. Wisconsin statistics from their Athletic Accident Benefit Fund show that the playing of older boys causes a large proportion of accidents among the younger lads.

However, the Secretary's referendum or post-card-inquiry showed that while 74 schools replying were in favor of the immediate passing of such a rule, 64 others either objected (37) or else wanted

to wait for one year, or perhaps two (27); and almost the same vote was made on the consecutive semester part of the rule, i. e. 72 vs. 63, there being 38 opposed and 25 wanting to wait. Hence it was proposed that it might be more advisable to wait until more League members had been given a little more information and won over to the new idea. But it was discovered that no change in by-laws or regulations is possible without a 25% attendance of the membership, hence no action could be taken upon this or the other Amendments.

When the League members present found themselves debarred by the Constitutional providing requiring 25% membership present in order to change the by-laws and regulations,

Motion was made by Hanna, seconded by Payne, that "a definite recommendation be made in support of the 8 semester limitation as proposed in the Amendment. Motion carried.

Note:—Reference was made to a possible "gentleman's agreement" among various schools so inclined, the idea being that as they make their football schedules, schools could mutually agree to use as players only those who met the proposed eligibility. But no action was taken, and no motion made.

However, the Secretary felt impelled from the tone of the meeting though no definite proposal was made, to solicit the approval of the men of the state toward the Amendment, preparatory to its ready adoption at the fall meeting.

OTHER AMENDMENTS

The other two Amendments held over from the fall meeting concerned (a) an 18 year limitation; (b) changing words "intoxicating liquors" to "alcoholic beverages". In addition to this the "Transfer Rule" was offered in Amendment by letter, the proposed change being the withdrawal of the final paragraph, making the rule in keeping with the National Federation recommendation.

Adjournment.

**ANNUAL MEETING OF THE NORTH DAKOTA HIGH SCHOOL
LEAGUE—H. S. LIBRARY, FARGO. N. D.**

Thursday, November 8th, 1934

About 40 men were present. B. C. Tighe presiding.

Moved by L. A. White and seconded by several and carried that the Secretary's report of last springs meeting of the N.D.H.S. League as printed in the 10th Handbook be accepted.

Audit Committee Appointed:—Supt. Emil Dietrich and Supt. J. C. Gould are appointed as an Audit Committee.

Nomination Committee Appointed:—The chair appoints as a Nominating Committee: Gilbertson, Quam, Payne, McKenna and Wakefield.

Treasurer's Report:—Moved by L. A. White as Treasurer and seconded by several and unanimously carried that the mimeographed report (copy of which is herewith attached) be accepted and filed subject to the report and approval of the Audit Committee.

Amendment Proposed:—Supt. Schroeder, of Grand Forks, proposes for its first reading the following amendment to Sec. 12 of Art. 6 of the By-Laws: No student shall participate in any interscholastic contest after his eighth semester in high school unless he is under 18 years of age or after his seventh semester if his seventh and eighth semesters are not consecutive.

SEC. XII. No student having attained the eighteenth anniversary of his birth shall participate in any interscholastic contest after his eighth semester in high school or after the seventh if this eighth does not follow consecutively after his seventh.

Resolution Proposed:—The Secretary presents to the High School League a rather complex memorial from a committee of the Missouri Slope Conference, the tenor of which was (1) That all challenge contests shall be played not later than two weeks previous to any district contest, preferably afterwards, (2) All moneys taken in at such contests above expenditures be turned over to the Treasurer of the High School League in the form of a trust fund until after the district tournaments have been held, and (3) If any deficit occurs in the district tournament in which the Class B school is a part of, and challenges for the right to play

in the Class A tournament, such deficit shall be properly balanced by the withdrawal of moneys from the trust funds in the hands of the Treasurer of the North Dakota High School League, and not to exceed the amount in this fund.

However, the proposal seemed to elicit little interest and no action of any kind was taken.

Resolution Proposed:—The Secretary read a proposal from Supt. Rue, of Calvin, to the effect that high school girls be prohibited from interscholastic competition in basketball. No discussion followed this reading and no action was taken.

Resolution Proposed:—The Secretary presented a two-fold resolution from Supt. Ottem to the effect: (A) That interscholastic basketball for girls be abolished and (B) That girls participation in interscholastic track meets be prohibited, the resolution coming from the Superintendents and Principals Association of Cavalier County. No discussion followed and no action was taken.

Motion:—Moved by Supt. Quam, seconded by several and carried that the chair appoint a committee to consider the problems of girls athletic activities.

Amendment Proposed:—Supt. Schroeder proposes the changing of the words "intoxicating liquors" to alcoholic beverages" in Sec. 11 of Art. 6 of the By-Laws. This constitutes the first reading.

Report of Nominating Committee:—Mr. Gilbertson reporting for the Nominating Committee proposes the names of Tighe and Robertson to succeed themselves for the three-year term ending 1937.

Moved that the Secretary cast a unanimous ballot which motion was duly seconded and unanimously carried.

Committee Appointed:—Moved by Payne and seconded and carried that the chair appoint a special committee to study and report upon the problems connected with good officials for inter-high school sports. Reference was made to the fact that several states require officials to be registered, thus creating an approved list of officials.

The committee appointed is as follows:

Amendment Proposed:—Mr. Dominick proposes that Sec. 7 of Art. 6 of the By-Laws be amended to read, "No boy shall participate in interscholastic athletics after he shall have reached his eighteenth birthday." This constitutes the first reading.

Note:—A little confusion seemed to exist over this proposed amendment and the Secretary is not entirely clear that Mr. Dominick really intended this for the first reading but he assumed such to be the case as the amendment was handed in in Mr. Dominick's handwriting.

Report of the Audit Committee:—Supt. Emil Dietrich and Supt. J. C. Gould, examining the Treasurer's books, his monthly statements, his bank statements, his vouchers, his check stubs and his receipt book, report as follows, reporting on the \$237.95 in the checking account, on the \$7,050.00 in the savings and government bonds and the receiver's certificate No. 503 for a probable net worth of \$481.88: "We, the undersigned, do hereby certify that we have audited the books and accounts of the Secretary-Treasurer of the North Dakota High School League for the period beginning May 18, 1934 (the date of the last previous audit), and find that they are in all particulars as shown in the mimeographed report of the Treasurer dated today (Nov. 8, 1934.) We would recommend that outstanding checks No. 125 and 128, for the total amount of \$6.62, be cancelled, as they have now been outstanding for more than the three-year period covered by the books which we examined."

Independent State Tournament:—The Secretary is authorized to write Mr. Johnson, as President of the Independent Basketball Association, to use full diligence in avoiding any conflict between that tournament and any tournaments of the High School League.

For detailed report see Treasurer's Report Page 40.

Adjournment.

CONCERNING RE-DISTRICTING, OR OTHERWISE CHANGING PLAN OF SELECTING CLASS A AND CLASS B SCHOOLS.

Moved by Gilliland, seconded by Urness, that we recommend to the consideration of the Board of Control, Plan A as submitted by Superintendent Pierce of Ray. Motion carried 13 to 8.

The Secretary had no copy of Plan A at hand but information was given that it involved two specific points: The naming of all schools as Class A schools if they enrolled 200 or more pupils; and that the state be re-districted into 8 districts according to a map submitted and sent to all schools of the state previously the districting being such that at least two Class A schools would be in each District. The Class A schools would then contend for the honor of entering the A Tournament, with the proviso that as now any Class B school could declare itself a Class A school and enter

competition (presumably within its own District only); all other plans of the basketball tournaments remaining the same.

There was no marked unanimity of opinion about the acceptance of the plan; and apparently it was the intention of the gathering to discuss the matter again at the Annual Meeting in November.

It was proposed that a committee including one or more of the northwest school men interested, be appointed to continue the study, but no motion was made, nor action taken.

TREASURER'S REPORT

The League members were by this time in haste to get to the Track and Field Meet. The Treasurer made only a verbal report indicating the resources of the League to consist of \$2,498.09 in checking account, Saving Account in the amount of \$1,727.77, and Liberty Bonds, Treasury Bonds and Gold Bonds in the amount of \$5,350.00, totaling \$9,575.86. This in addition to the Receiver's Certificate No. 503 on the Mandan Farmers State Bank in the amount of \$601.88, on which two 10% payments have been made, leaving a possible value of \$481.88, not including in the above listed resources.

Other probable expenditures before the fall will be about \$25.00 for stamped envelopes; about \$350.00 for Handbook and other printing; \$425.00 for remainder Secretary's salary.

Of these resources \$1,000.00 is to be "spotted" for the A. A. B. Fund together with the \$203.50 profit from the basketball experiment in the A. A. B. F.

The spring audit was not made, since the meeting was a full one and every one was in a rush to get away. However, as always, the Secretary distributes by mail, his annual report, copy of which is printed herewith.

TREASURER'S REPORT

Receipts and Expenditures since Audit on May 18, 1934, as shown on pages 31, 32 of the Tenth Handbook.

RECEIPTS

Cash on hand in checking account as audited	
May 18, 1934	\$2,131.53
Interest on Treasury bonds	\$ 9.38

Probably worth -----	\$ 481.88		
		\$7,769.83	

Certificate for \$601.88, on which two 10% payments have been made. While the complete payment is problematic, further payments may eventually clear this account.

CONCERNING CHALLENGE GAMES.

Supt. Schroeder protests against the League's appropriating any share of the income from the "challenge games" feeling that the

proceeds should belong only to the participating teams. The Board of Control has been ruling that since these are the equivalent of District Contests i. e. preliminary to the State Contests and in reality adjuncts thereto, the proceeds which are always larger than ordinary because of the significance of the game, should belong to the League as a whole and not become money making ventures for the two or three teams involved.

No motion was made. No action was taken.

APPROVAL OF TOURNAMENT MANAGEMENT.

Moved by Urness, seconded by many, that an expression of sincere approval be made for the excellent management of the two State Basketball Tournaments. Carried.

PAYNE REPORTS:—On Football Rules Conference, and distributes descriptive report.

Adjournment.

SPRING CONFERENCE BOARD OF CONTROL MEETS

UNIVERSITY—May 16, 17, 1935

Thursday, May 16, 1935: Mr. Tighe, Mr. Robertson and Mr. Page, of the University met to discuss the application of the League Eligibility Rules in all Inter-scholastic Contests held at the University.

The Board of Control members report a very receptive attitude on the part of Mr. Page, and an understanding that it is the intention of the University to make use of the League's eligibility rules at these contests.

Friday A. M., Present:—Tighe, Robertson, White.

Concerning the Bismarck State Track and Field Meet.

(a) Agreed that all 1st and 2nd place winners from any official qualifying Meet are eligible for entrance.

(b) And all "place winners" (first four) from the University Meet are eligible for entrance.

(c) The Bismarck Meet need not be limited to pupils from League member schools. However, all entrants must be fully eligible under all League (N. D. H. S.) eligibility rules, with the single exception that graduates of this spring's class, otherwise eligible, may be considered eligible for this Track and Field Meet.

Motion:—By Robertson, seconded by Tighe, that for the Bismarck Track and Field Meet in June, 1935, Seniors of the 1935

Class otherwise eligible, shall be considered eligible for entrance. Carried.

(d) It is proposed that the Bismarck management arrange for a golf and tennis meet.

Adjournment.

Two other informal meetings were held at which discussions were held over such matters as the possible extension of the Insurane Fund and the degree of success of the venture thus far; the possible re-adjustment of the Class A and Class B plans; the several proposed amendment changes; possible inclusion of wrestling and boxing as inter-school contests; possible change of naming four official qualifying meets on specific May dates in order to make certain that there will be some meets held. (It was noted that some schools found themselves without meets to attend because of weather or attendance conditions); printing of special handbook for realignment and renewed publicity of interpretations; reference to trophies.

Secretary's Annual Report

In a series of years it is usually significant that some schools are particularly careful about their reports, their payment of dues and other League duties.

Under ruling of the Board of Control, adopted in 1934, all League memberships expire at midnight, September 30th; the filing of Official Eligibility Reports on both football and basketball is a pre-requisite to membership; a \$5.00 penalty must be paid after October 31st, if dues are still unpaid; a \$10.00 penalty after November 30th; no membership may be renewed after December 31st.

REPORT OF DOLLAR MEMBERSHIPS (Towns under 1,000)

August—Renewals—

Stanley, Velva, Watford City, Lakota, Havana.

September—Renewals—

Havana, Crary, Berthold, Cavalier, Ashley, Larimore, Reeder, New Salem, Belfield, Fessenden, Mohall, Edmore, Glen Ullin, Sykeston, Bowbells, Petersburg, Drake, Ambrose, New Leipzig, Edgeley, Maddock, Portland, Elgin, Benson County Ag. H. S. (Maddock), St. Thomas, Taylor, Braddock, Makoti, Napoleon, Wildrose, Lignite, Granville, Sentinel Butte, Cogswell, Minnewaukon, Calvin, Assumption Abbey (Richardton), Churches Ferry, Hazelton, Lansford,

Steele, Scranton, Coteau, Carpio, McClusky, Buxton, Svea Consolidated (Litchville), Sherwood, Aneta, Buffalo Springs, (cancelled as not classified school), Starkweather, Milnor, Lidgerwood, Crystal Powers Lake, Parshall, Tioga, Esmond, Towner, Walhalla, Egeland, New England, Carson, Litchville, Hazen, Sanborn, Underwood, Epping, Turtle Lake, Hope, Mott, LaMoure, Drayton, Reynolds, Sheldon, Tolley, Marmarth, Michigan City, Neche, Alamo, Monango, Glenburn, Flasher, Leeds, Bowman, Rhame, Flaxton, Forman, Tower City, Golva, Rock Lake, Ryder, Halliday, Leith Consolidated, Regent, Noonan, Ray, Plaza, Rolette, Beulah, Sharon, Gascoyne, Bucyrus.

October—Renewals—

Medina, Finley, Bowesmont, Alexander, Hatton, Page, Casselton, Grenora, Portal, McGregor, Sheyenne, Washburn, Nekoma, Marion, Kensal, Milton, Gilby, Northwood, Bathgate, Wimbeldon, Hamilton, Almont, Wyndmere, Hoople, Courtenay, Pembina, Eckelson, Douglas, Hanaford, Columbus, Bisbee, Minto, Wilton, Kindred, Nome, Dazey, Hannah, Donnybrook, Coleharbor, Mercer, Fairmount, McVile.

November—Renewals—

York, (approved by Board without penalty upon proof of error by school clerk); Spiritwood, cancelled as penalty unpaid; Arnegard returned for penalty; Hensel returned for penalty; Killdeer paid with penalty; Dawson paid with penalty.

REPORT ON \$2.00 MEMBERSHIPS (Towns between 1000 & 2000)

September—Renewals—

Cooperstown, Beach, Hebron, Walsh Co. Ag. H. S. (Park River), Lisbon, Ellendale, Carrington, Langdon, Hillsboro, Rugby, Linton, Mayville, Kenmare, Hankinson, Wishek, Oakes, Garrison, Enderlin, Crosby, Hettinger.

October—Renewals—

Rolla, Osnabrock, Cando, Bottineau, Webster, Hunter.

REPORT ON \$3.00 MEMBERSHIPS (Towns over 2000)

August—Renewals—

Minot, Grand Forks, S. T. C. Model H. C. Valley City, New Rockford, Harvey, Valley City, Wahpeton, St. Mary's (Bismarck), S. T. C. Model H. S. Minot, Dickinson, Bismarck, Grafton, Fargo, Academy of St. James (Grand Forks, Devils Lake, Jamestown, Williston, Mandan, St. Leo's (Minot).

August—Renewals—

Minot, Grand Forks, S. T. C. Model H. S. (Valley City, New Rockford.

September—Renewals—

Harvey, Valley City, Wahpeton, St. Mary's (Bismarck, S. T. C. Model H. S. Minot, Dickinson, Bismarck, Grafton, Fargo, Academy of St. James (Grand Forks), Devils Lake, Jamestown, Williston, Mandan, St. Leo's (Minot).

October—Renewals—

S. T. C. Model H. S. Dickinson, St. John's Academy (Jamestown).

This membership of the H. S. League represents nearly 100% of the classified high schools of the state (all of which are eligible to membership) together with a few consolidated schools which are doing work equivalent to that of at least third class classified high schools.

Third class high schools are eligible to membership also in the Consolidated School League according to its constitution. They also must be members of the N. D. H. S. League if they would compete with other classified high schools.

The Board has given its interpretation that membership in both Leagues is to be approved if these schools so desire, but participation in the Tournaments of the Consolidated School League automatically cancels their participation in the H. S. League. This ruling is for the sole purpose of preventing an over-dose of tournament play such as has been done in a few instances.

Classified schools that withhold themselves from membership in the H. S. League, are not permitted to hold inter-scholastic competitive relations with other classified high schools.

The membership fees of the League pay only a minor portion of the year's budget. The fees are low compared with fees in some other states. In Wisconsin, membership fees vary from about \$7.50 to about \$40.00.

The League is dependent in largest measure, upon the financial success of the State Class A basketball tournament for the continuance and development of its work.

A number of schools were very slow in making their reports on the Official Eligibility Lists last year. As many as seven communications were sent to a few schools. It is absolutely necessary that these date be filed regularly with the League office, if this office is to be able to give adequate replies to the many inquiries about the eligibility of various players. It is to be remembered that all players however young, who have participated even in the

grades, on any team whether first or second or fifteenth in any game however unimportant, for any length of time however brief, should be reported upon in full on these Official Eligibility blanks—just so long as the games were inter-school games.

There has been evidence of a splendid spirit of good sportsmanship everywhere throughout the state. In nearly all instances of disagreement, the cause has been found to be some misunderstanding rather than anything unsportsmanlike or "shady." The regular use of the Official Contracts made in duplicate and completely filled in a business like way will actually prevent many inter-school misunderstandings about payments, dates, time, officials and the like. And the regular exchange of Eligibility Lists, as advocated by the League, will do much to avoid suspicions about overage, too many years of participation or other difficulties of eligibility.

The basketball tournaments were unusually successful from the standpoint both of sportsmanship and attendance. Under the present set-up little money comes into the League treasury from District or Regional Tournaments, and many of these find it difficult to carry their own weight. This may be expected with the larger schools now in a class by themselves (Class A) taking out much of the financial and attendance support. However, the attendance throughout the state has been surprisingly good.

The so-called "challenge games" seem to draw very well in some places. Under ruling of the Board of Control only half these net receipts go to the Board of Control, the other half being divided among the participants in the challenge games. There are two "schools of thought" on this matter. Some of the participants have felt they should have all the net proceeds as they were semi-private games, the League having little to do with them. Another viewpoint has been that since the participants of the Class B District Tournaments get none of the net proceeds (and not infrequently do not even get their full expenses paid) it would be inappropriate for the participants in the challenge games, to receive money from the net proceeds, since these are rather the equivalent of the

District Tournaments.

Both State Tournaments were successful beyond expectations. The management of both left nothing to be desired. In finances, they were both surprising; the Class B Tournament because its receipts made a marked increase, and the Class A Tournament because it came within \$49.99 of the largest receipts in the history of the League—a year ago.

Under the new arrangement between the Board of Control and the Association of Commerce at Bismarck \$400.00 is allowed for local expenses—hall, banquet and the like—and Bismarck's further

share is never to exceed another \$400.00. Under the former arrangements the League received the first \$1000.00 of net proceeds and the remainder was divided equally.

Because there was a little tendency for local merchants to provide extra trophies for some of the basketball tournaments in some of the Districts and thus insert a little advertising, the Board of Control thought it best to purchase a fourth trophy for the several District Tournaments. The idea was well accepted in some of the Districts, where receipts were ample, and regarded as an unnecessary expense in a few Districts where receipts were low.

Most athletes have their preferred brands of athletic goods, whether baseball bats or footballs or basketballs. It is not a matter of surprise that there is some difference of opinion about the merits of the Dubow basketball—or about other basketballs. If the Jones or Smith or Brown or some other well known basketball were selected as the Tournament ball, there would of course be a certain amount of preference for some different ball, and some criticism of the ball selected.

The Board of Control has followed the League of the National Federation of State Athletic Associations, of which we are a part, and has continued to name the Dubow ball as the Tournament ball. The Federation authorities insist that the Dubow ball is to be credited in considerable part at least with the sharp decline in prices several years ago and with the consistent retention of the lowered prices. It further reports that throughout the Federation as a whole reports continue favorable to the Dubow ball. At the present time there is not a very marked difference in price at quality levels.

It is to be noted that the balls are spoken of as "Tournament Balls" with us, to avoid any feeling of listing them as "official" for other interscholastic games as has been done in some states.

The National Federation is developing a service in printing or having printed at low cost, handbooks of new and changed athletic rules together with explanations and applications. It has tried to have the secondary schools represented in the National Rules Committee.

The League found itself powerless to act upon the 8 semester limitation amendment at the May meeting, inasmuch as a quorum was not present. At least among the larger schools, there seemed a heavy preponderance of opinion in favor of the proposed amendment.

The Athletic Insurance is to be extended to football, again on an experimental basis.

THE ATHLETIC ACCIDENT BENEFIT FUND

See Page 14

The new A. A. B. F. during its year of trial in basketball was found to be a good success from the standpoint that there was nothing wrong with it. It worked out all right.

However, in a way it was not very successful, since it reached a very small number of schools, and hence a very limited number of boys.

As is shown elsewhere the fee was 50c per boy, and benefits were paid out according to a previously publicized and accepted schedule. In some schools the boys paid their own fees, while in others the school paid the fee, or half of the fee.

The Secretary-Treasurer was authorized to pay out such part of \$1,000.00 as might be needed to supplement the receipts from fees for the payment of benefits.

However, contrary to expectations, receipts from fees alone exceeded benefit claims, and all claims were paid in full. As is shown in the Treasurers report, fees to the amount of \$267.50 were paid into the Fund—representing a total of 535 boys protected under the A. A. B. Fund. Reports for claims indicated benefits to be paid in the amount of \$64.00.

One of the large values reported by schools that joined the A. A. B. F. was found in the fact that the school authorities could explain to parents that here was a definite attempt to give boys a protection that heretofore had not existed. At stated intervals most schools find themselves a little at outs with some parents who have felt the schools should pay for the costs of injuries, and the schools have no legal power to do so, even if their finances were to permit.

Most claims for the basketball season were due to dental injuries.

For the coming year football players may be given the privileges of the A. A. B. Fund by the payment of seventy-five cents. The investigating committee is not optimistic that the Fund can from its own receipts meet the claims of the football season, and the League has authorized the use of League Funds up to a thousand dollars to supplement the Fund as needed. Injuries of the more "expensive kind" are more likely to occur in football.

The A. A. B. Fund is not to be called "insurance," for there are legal entanglements and complications in starting an "in-

surance" that the League must avoid. The League protects itself amply however according to legal advice from an attorney, by the process through which it has gone, by the name Athletic Accident Benefit Fund, and by its proposal to pay such proportionate part of the claims as its funds may permit.

The committee under the leadership of F. Y. Gilliland has done excellent service, and its recommendation to take up this new line of service rather slowly has been accepted by the League. If the experiment in football should awaken no more interest than that in basketball, there may be some question about the necessity of such a Fund in the minds of our school men. The service is entirely optional with all schools, and the League officers while believing in the advantages of the A. A. B. F. are not urging it upon League members.

Report of Treasurer

NORTH DAKOTA H. S. LEAGUE—MAY 16, 1935

Cash on hand, as above stated ----- \$2,498.09

TOTAL RESOURCES May 1, 1935 -----	\$9,575.86
(f) Claim card No. 503, Receiver's Certificate for Farmers State Bank of Mandan, N. D., L. R. Baird, Receiver (\$601.88) -----	

Note:—Two 10% payments have been made upon this certificate, leaving a possible value of \$481.88.

The Treasurer's report printed herewith was presented at the Annual Spring Meeting of the North Dakota High School League held at the University in May. However, a quorum was not present, and the members were not eager to remain for a very extended meeting, and as a consequence no audit committee was named and there was no audit. Heretofore the Treasurer's books have been audited twice each year, and all financial transactions reported completely in the annual Handbook. Doubtless the audit can be made at the time of the Fall Meeting of the League.

At the Annual Fall Meeting in November, 1934, the financial report was given to the League membership, and approved by the Audit Committee, showing a cash balance of \$237.95, and other resources totaling \$7,050.00, not including Receiver's Certificate No. 503 on the Mandan Farmers State Bank probably worth eventually \$481.88. This report is printed in full with the Minutes of the Fall League Meeting.

The following report carries on from the time of that audit.

There is little to add to this May report, for financial transactions of the summer for there are no further receipts of any kind, and no expenses other than those anticipated in the footnotes of the report. One change however has occurred—the Federal Government has called in all its Fourth Liberty Bonds, and hence these 4½'s have been transferred to the Savings Account where they are secured by Government protection 100%, together with

other savings in the amount of \$1,727.77. At the direction of the Board of Control, some of these moneys will be re-invested in government securities.

Note:—A few further expenditures are probable, as follows: Stamped envelopes about \$25.00; Printing Handbook, about \$250.00; Remainder Salary Sec'y.-Treas., \$425.00; Miscellaneous Printing for fall distribution, about \$100.00.

A few other receipts will be added:—\$31.86 as interest on the Fourth Liberty Bonds, and about \$75.00 between now and fall.

There is no evidence that there will be any immediate further payments on the Receiver's Certificate above listed.

Special points of interest:—

(a) The net receipts from the State A Tournament were \$3,105.72 plus \$244.04 for balls and trophies thus exceeding the largest previous year by \$714.15.

(b) It will be noted that the net loss of the Class B Tournament was less than in either of the two other years.

(c) The Challenge Games were not money makers as they were a year ago. Under a division of the proceeds of 50% to the League, the State Treasury did however receive \$256.67.

(d) The Athletic Accident Benefit Fund more than paid its way thus far. Receipts were \$267.50 and payments of benefits only \$64.00.

(e) The experimental technocratic basketballs were never put on this market, so the money was refunded.

(f) Balls and trophies cost \$1,339.56. Refunds were made in the amount of \$1,083.35. The difference was mostly in the Class B Tournament which could not pay for them.

L. A. WHITE.

Scattered Items of Interest

The Tenth Handbook published track and field records for North Dakota and South Dakota. There are presented herewith National Interscholastic records, which will serve to give the lads of the state "something to shoot at" for several years to come:—

NATIONAL INTERSCHOLASTIC RECORD

Track and Field Records

- 100-Yard Dash:** 9.4s.—Jesse Owens, East Tech., Cleveland, O., 1933.
220-Yard Dash: 20.7s.—Jesse Owens, East Tech., Cleveland, O., 1933.
 (Straightaway)
220-Yard Dash: 21.4s.—Eugene Goodwillie, Chicago University H. S.,

Javelin Throw: 205ft.1½in.—J. H. De Mers, Sand Point H. S., Idaho,
 1927
Relay—880 Yards: 1m.23.2s.—Polytechnic H. S., Los Ang., 1931

Athletics and Physical Education

There is a growing belief and practice that athletics may normally be closely connected with the regular work of the physical training department, and should in fact at its best be an outgrowth of that department.

In some states, the Athletic Associations are closely affiliated with the Department of Education, and to some extent directed from that department.

From the director of physical education of the University of Illinois, come the following recommendations for consideration in that state:—Since physical education is an important course, ranking along with English, history, science and a few others as “requireds,” it should have a definite curriculum. The hour requirements for the unit of credit should be 240. Of these at least 72 should be gained in the following list of activities for boys:—Folk dancing, tap dancing, clog dancing, natural dancing, social dancing, gymnastic dancing, individual tumbling stunts, double tumbling stunts, pyramids, apparatus stunts, circus stunts, group games, semi-organized games, touch football, soccer, volley ball, field hockey, baseball, soft ball, field ball, speed ball, hand ball, tennis, golf, archery, horseshoes, track and field events, unorganized athletic events, unorganized relays, boxing, wrestling, fencing, unorganized combats, swimming, water stunts, diving, life saving, skating, figure skating.

The list for girls is as follows:—Folk dancing, tap dancing, clog dancing, natural dancing, social dancing, individual tumbling stunts, double tumbling stunts, pyramids, group games, semi-organized games, soccer, volley ball, field hockey, girls' baseball, soft ball, speed ball, hand ball, tennis, golf, archery, horseshoes, tenikoit, ping pong, unorganized athletic events, unorganized relays, fencing, swimming, water stunts, diving, life saving, skating, figure skating.

Certain recommendations are made:—Athletic participation should not be a substitute for the physical training work. Girls should not participate in any form of interscholastic basketball games or tournaments. Interscholastic contests should not be held on a night preceding a school day. Administration of school athletics should always be controlled by the school officials.

The significant point is that physical education should properly occupy a more and more important part in the high school activities. It should not be over-shadowed by inter-scholastic competitive sports.

A Harvard authority pictures two prime objectives for a physical education program:—(a) Relaxation and (b) Posture.

Semi-formal Football

An increasing number of schools are finding a place for touch football, and for six or eight player football.

Touch football “hits the spot” with younger lads and with that group of boys who want to play something without “going out” for football in a heavy way. It is a form of modified football, of such nature that equipment and change of clothes are not so essential.

Six and eight player football is gaining headway in schools that

want to have some active out door sport, but cannot muster the usual “elevens.” It has within the last three years developed to a point where inter-scholastic contests are scheduled. Doubtless there are not a few schools in our state that could profitably develop this form of game.

Concerning Wrestling and Boxing

In several states, boxing and wrestling are both listed and conducted as active inter-scholastic competitive sports. There are arguments pro and con which merit consideration before our state should add these features to our program, as has been proposed.

They are excellent forms of bodily exercise, and have been in general use for centuries. They are rather readily coached. They represent a type of activity in which boys may readily indulge by themselves. They make rather good exhibition contests. On the other hand, good coaching is relatively rare. At the present time the general “tone” of both sports is not at all on a plane with other athletic contests on the high school level; and it is doubtful if high schools could bring that “tone” up to an acceptable standard.

New Track and Field Adjustments

The new 39' hurdles for secondary contests seem to be meeting with approval from those states where they have been adopted. Reports on the changed distances between the low hurdles indicate a difference of opinion, for some feel that the distances do not quite hit the stride of secondary pupils. The trend toward shortening the runs—200 yard hurdles instead of 220; 400 yard dash instead of 440; and the 800 yard run instead of the 840—these all seem in keeping with a desire to lessen some of the heavy strain that excessive track work may lay upon undeveloped high school boys.

NATIONAL FEDERATION FOOTBALL RULES

Eleven states had by June adopted the National Federation Football Rules for all high school contests in that state.

To all League Schools that have reported football as one of their interscholastic sports, the Federation booklet “Play Situations,” and interpretation of the rules, will be sent along with the usual League materials.

A REVIEW OF SIGNIFICANT INTERPRETATIONS OF ELIGIBILITY RULES

It hardly seems possible that any kind of situation can arise in which the Board of Control has not already given a specific interpretation, on questions of the application of eligibility rules.

Each school should have in its possession a copy of the Special Handbook (white cover) printed in February, 1932, in which a

very large list of interpretations was printed. The few copies on hand will be sent out again as called for.

Then, in the Minutes of the meetings of the Board of Control, as printed in each Annual Handbook, are given each year any added or changed interpretations.

To bring the Special Handbook up to date, the following references are herewith given for the convenience of those who may find difficulty in locating items in the Handbooks:

Late Entry, Rule No. 1—See 8th Handbook, p. 18; 10th Handbook p. 18.

Seasons of Play. Rule No. 2.—See 10th Handbook, p. 18.

Play on Non-H. S. Teams. Rule No. 3. See 9th Handbook p. 25; 10th Handbook pp. 19-20.

"Passing work". Rule No. 5—See 9th Handbook, pp. 24-25; 10th Handbook, pp. 18-21.

"Graduation." Rule No. 6.—8th Handbook pp. 23-24; 9th Handbook, pp. 14, 26.

Age limitation. Rule No. 7—8th Handbook, p. 20; 9th Handbook pp. 14, 17, 19, 20; 10th Handbook pp. 13, 17; 11th Handbook p. 21.

Attendance Rule No. 8.—See 10th Handbook pp. 18, 20.

Transfer Rule No. 10.—See 8th Handbook pp. 16, 17, 19, 20; 9th Handbook, pp. 23, 24; 10th Handbook, pp. 13, 17, 18, 19, 24; 11th Handbook p. 21.

Tobacco, Liquor Rule No. 11.—See 8th Handbook p. 20; 10th Handbook pp. 18, 21.

Participation in "National Tournaments"—See 6th Handbook p. 25; 9th Handbook, p. 19; 10th Handbook, p. 13.

Disagreements on officials—See 9th Handbook p. 22.

Non-classified schools as League members—See 10th Handbook p. 19; 11th Handbook

Gifts to athletes—See Special Handbook p. 9 and p. 27; 10th Handbook, pp. 20, 21.

Girls Inter-scholastic basketball contests—10th Handbook p. 33; 11th Handbook p. ?

Proper number games for basketball schedule—10th Handbook, p. 33.

Track and Field Meet plans—10th Handbook p. 21; 11th Handbook p. 25.

"Challenge" games for Class A—10th Handbook, p. 22; 11th Handbook p. 21.

Use of Net Proceeds from Tournaments—9th Handbook, p. 13.

Meaning of Practice games—11th Handbook; 9th Handbook, pp. 20-21.

Number of Players at State Tournaments—11th Handbook p. 23.

TOTAL EXPENSE				\$1,340.46 \$1,340.46
TOTAL LOSS				\$ 537.31

Secretary-Treasurer's Addenda

Note 1. The receipts of \$803.15 were augmented by payment of \$500.00 from the League Treasury, authorized by the Board of Control in order that the manager might have cash at hand to meet all payments.

Note 2. The cost of the balls \$54.90 was not paid by the manager, tho it was properly included in the financial report as given. However, \$17.55 was returned to the League Treasury by the manager, after all bills had been paid.

Note 3. By oversight the cost of the trophies was not charged against the Tournament as planned by the Board of Control, the amount being \$189.14. In previous years the cost of balls and trophies had not been charged against the tournament.

Note 4. For comparison with the Class A Tournament, the "total loss figure" should be increased by the cost of trophies, as both balls and trophies were included in the expense account of the other tournament.

Note 5. The report of the manager is considered highly commendable by the Board of Control. Because of distances, the team cost is always likely to be higher than in the A Tournament, and for the same reason the income from "home fans" must always be lower. It is significant that each Class B Tournament has shown a marked increase in income over the previous year.

COMPILATION OF RECEIPTS AND EXPENDITURES OF STATE BASKETBALL TOURNAMENTS DURING THE LAST TEN YEARS 1926 TO 1935

Year	Place	Total Receipts	Total Exp.	Bd of Control	
1926	Mandan	\$3,339.00	\$1,911.58	\$1,427.42	
1927	Mandan	3,790.50	1,856.89	1,933.61	
1928	Mandan	3,073.25	2,282.87	790.38	
1929	Mandan	3,050.25	2,239.37	810.88	
1930	Mandan	2,691.00	2,003.64	687.36	
		\$15,944.00	\$10,294.35	\$5,649.65	
					Pd. Bismarck Assn. Comm.
1931	Bismarck	\$4,620.25	\$1,888.48	\$1,865.89	\$865.88
1932	Bismarck	3,359.25	1,645.35	1,356.95	356.95
1933	Bismarck	4,403.75	1,278.20	2,062.78	1,062.77
1934	Bismarck	5,453.75	1,182.53	2,635.61	1,635.61
1935	Bismarck	5,404.75	1,499.03	3,105.72	800.00
		\$23,241.75	\$7,493.59	\$11,026.95	\$4,721.21

Total expenditures increased appreciably for the reason that the cost of trophies is included together with the expenses of one additional man for each team participating.

Secretary-Treasurer's Foot Note:—

Under new arrangements between the Association of Commerce of Bismarck, and the High School League, the receipts are divided differently than heretofore.

In previous years, the Association guaranteed all tournament expenses and provided an elaborate banquet for about 100 players, coaches, officials and other guests. The first \$1,000.00 of net receipts then went to the League, and any amounts there-over, were divided equally between the League and the Association.

Under the new arrangement there is no guarantee of expenses. The first \$400.00 is taken out for local expenses, along with the larger amounts necessary for other tournament expenses—teams, officials, balls, trophies, advertising et al. The net proceeds there after are divided equally except that the Association of Commerce shall not receive more than a further \$400.00.

The League has always been fortunate in the management of the Tournaments, and in the attendance. The Tournament has become one of the traditions of the State, with interested and enthusiastic patrons coming from all corners of the state.

REGION C

Bismarck, N. D.—H. O. Saxvik, Manager

Coleharbor-Linton Game, March 8, 1935

Memorial Building, Bismarck, North Dakota

Score: Linton 24—Coleharbor 22

One overtime period

Officials: William Morlan, Ernest Benser

This game was played preliminary to the Bismarck-St. Mary's regular scheduled game. On agreement Linton and Coleharbor were guaranteed \$20 each for traveling expenses. All other expenses were paid for out of general proceeds. For these reasons no detailed report of admissions, receipts and various expenses can be listed.
