Foreword

The Board of Control of the North Dakota High School League is pleased to present the 29th Annual Handbook, which briefly reviews and summarizes the activities of the organization during the past year.

It has been necessary to condense some of the tournament information submitted by the different districts to prevent the handbook from becoming too large.

Every attempt has been made to preserve pertinent information, so the handbook will be a valuable source of information of League activities for the year.

The Constitution and By-Laws of the League have again purposely been omitted, as they are found in the Special Handbook of two years ago. Extra copies of the special publication are available if one is not filed in the school.

The following paragraphs outline some of the highlights of the year's activity.

There has been a gradual growth and expansion of basketball. The absence of teams from Fargo, Minot, and Grand Forks, three of the largest cities in the state, from the State A Basketball Tournament did not affect attendance too much. Throngs from Grafton and Park River crowded into Grand Forks over the treacherous icy roads. Despite roads and weather, the tourney was a financial success.

The Class B Tourney in the Minot Teachers College Gym was the largest ever staged in the state. It is a safe prediction that crowds equal to the A Tourney attendance would have been attained, if the gym could have accommodated them. The playing was superb, and fans will debate for years to come whether the "B" winner could win over the Class "A" champion.

In the Class C Tourney held at Valley City, the brand of ball was also superior, and for the first time in the history of the "C" State Tourney, it was staged without a financial loss.

An increasing interest was manifested in girls basketball, and the new rules have accomplished much to make the game more interesting and exciting, and at the same time, protect the health of the girl from the complications of too vigorous a sport.

Despite a cool and wet spring that made spring track difficult, competition was keen at the State Track Meet and several new records were set.

Tennis activity was under a year ago in the number of participants in the state meet. However, the quality of the play was in every respect equal to or superior to that of a year ago.

Interest in golf probably showed the greatest increase, with over 60 students entering the State Golf Tourney. The greater interest can be in part attributed to the assistance given by the State Junior Chamber of Commerce Golf Committee in publicizing the event.

Some sixty-five baseball teams vied for honors in the state baseball program, and the final round of play provided some of the best baseball ever seen in the state.

In the field of music and speech, more schools and more students participated than in any previous year. An estimated 1500 students participated in the East State A finals at Grand Forks, and Bismarck played host to another 1000 at the West State A Contest.

An achievement that is an outstanding one is the development of High School bands in the state. Two decades ago a High School band was a rare thing in any but the larger schools of the state. Today they are numbered in the hundreds and in many of our small "C" schools excellent playing organizations have been developed. The North Dakota High School League can be justly proud that it has played a part in this development.

To encourage activities which have no income, the High School League has adopted a policy of subsidizing such activities at the state level. As a result, allowances have been made for transportation of teams to the State Track meet, the State Tennis and Golf Tournaments and the State Baseball Tournament.

Every possible effort has been made to encourage worthwhile activities, and the Board of Control has frequently voted funds to assist worthy school organizations.

Splendid relations have existed between the Board of Control and the various committees that are responsible for the League program on the district level.

One of the rapidly expanding programs of the League has been the registration and classification of Basketball, Football and Baseball officials. During the past year, more than 800 North Dakota officials have registered with the League. Approximately 125 North Dakota officials have been granted reciprocal rights in Minnesota and South Dakota. A similar number from these adjoining states have also been granted reciprocity in North Dakota.

An increasing number of officials now attend clinics sponsored by the League in the various sports, and take the Federation examinations on the rules of football and basketball. During the past year, 285 basketball officials took the tests. Employing school officials are provided with the list of approved and registered officials available to work games in the state.

Each month during the year that schools are in session, a monthly News-Letter has been published and mailed to all superintendents and coaches. Fifteen hundred copies of this letter are mimeographed, assembled, stapled, mailed, and addressed each month. The News-Letter is mailed to every state in the United States, and on the mailing lists will be found addresses in Canada and Alaska, the daily newspapers and all radio stations in the state and hundreds of registered officials. The publication of a single issue sometimes requires more than 30 reams of paper and several pounds of ink.

In addition to the News-Letter, some ten thousand rules publications are distributed to schools, coaches and officials in the state. Music lists, Debate material and many other materials of a publicity nature have been distributed through the League office.

One of the major League projects is the operation and administration of the Accident Benefit Fund. During the past year, more than 70,000 boys and girls have been protected under the plan. About 90% of the high schools of the state are enrolled in the plan and rural and grade schools are taking this protection in rapidly increasing numbers. Many county superintendents have indicated an interest in the plan for the rural schools of their counties. Some 20 counties have adopted the county plan for 1953-54 school term.

The last Legislature passed House Bill 614 which authorizes a school board to pay for this protection out of the general school funds of the district, and names the High School League as the organization to provide this service. It is anticipated that many districts will avail themselves of the provision of this law and the AABF will show further increases during the coming year. During the past year approximately 2100 claims have been paid out of the fund, totalling \$31,400.00. For the first time, payments have exceeded receipts. Rates will soon have to be revised upwards to keep the fund solvent.

Additions have been made to the 16mm film library, with new rules films in basketball and baseball. The value of this library is more than \$2000.00. Schools and other organizations continue to use this service in increasing volume. During the past year, parts of all three boys state basketball tournaments were recorded on sound film and made available to schools in the state.

Every attempt has been made to give the proper publicity to League activities. Newspapers and the radio have frequently been sent special bulletins of League activities. During the year, your secretary has travelled an estimated 10,000 miles visiting and conferring with school officials and attending clinics of officials.

The League has been represented at some 20 school officers' meetings on invitation from the county superintendent of schools. In several instances, your secretary has met with teacher training classes at colleges to acquaint prospective teachers with the League program.

A glance at the financial report will reveal to the interested observer that the handling of League funds is big-business. During the past year, more than \$80,000 in receipts have been handled. Some 2000 receipts have been written. More than 2500 checks have been issued and the necessary Journal and Ledger entries made.

What was once a part time job has now become a full time position requiring the services of several people. Your League is no longer in its infancy. It has grown up.

The varied program of the High School League is not a show to be run by one man or a group of men. Numerous committees in the field carry on under the direction of the Board of Control. Many outside organizations such as service clubs, fraternal orders, and athletic clubs are frequently called upon to assist with one activity or another. Many, if not all, of these organizations and individuals serve without any compensation whatsoever.

The Board of Control and this office is mindful of the splendid cooperation they have received during the past year. We want to express our deep appreciation and thanks to each and every one for the generous help you have given our League during the past year. We feel that every boy and girl in North Dakota who has benefited by your help would like to join with us in this word of appreciation.

Thanks a million on behalf of this office and the Board of Control of the North Dakota High School League.

E. ABRAHAMSON,
Executive Secretary
North Dakota High School League

Minutes of High School League Meeting

GRAND FORKS, NORTH DAKOTA, OCTOBER 23, 1952

The High School League met in the Grand Forks High School on Thursday, 4:00 P. M., October 23, 1952, with an estimated attendance of 150 to 200 schools.

Mimeographed copies of a summary of the minutes of the previous meeting were made available to all attending and upon motion of Sather and second by Ingvaldson it was agreed to waive the reading of the minutes of the previous session and accept the summary in lieu thereof.

Chairman Roberts explained the interpretation of the Board that the present C Board of Control members had not been elected for two full terms of three years and hence were eligible for re-election in 1953. The League was requested by the chair to approve or reject this interpretation. It was moved by Killie and seconded by Gludt that the League accept this interpretation of the Board of Control. The motion was carried.

R. G. Arveson of Leeds, offered the following amendment on behalf of District 4, Class B for first reading:

Amend Article VI, Section X of the by-laws to the League Constitution as follows:

He shall have been in attendance in the school he represents for one full year of two consecutive semesters upon transferring from another school, unless his parents have become residents of the school district to which he is transferred or the school from which he is transferred does not offer work of the corresponding year in which he is ranked. **THIS SECTION SHALL APPLY ONLY TO ATHLETIC CONTESTS.**

The part which is new being the last sentence and is printed above in caps.

The following amendment was submitted by Harold Wakefield for first reading:

Add Article V, Section XVI to the by-laws of the League Constitution.

No member of the League shall in any school year schedule or engage in more than sixteen basketball games and one invitational tournament or two additional games in lieu of an invitational tournament between Thanksgiving and the first qualifying tournament under penalty of suspension for the remainder of the year.

There was a general discussion held on the problem of redistricting schools in the Class B set-up. It was moved by Olufson and seconded by Totdahl that the Board of Control appoint a committee to make recommendations on redistricting Class B. The motion was carried. There was some discussion as to whether this job couldn't be done by the present district chairmen.

(The Board subsequently appointed the eight Class B chairmen to do the job and meet during the State B Tourney.)

There appeared to be no further new business and the report of the nominating committee was called for by the chair. James Randall of Beifield, chairman of the nominating committee submitted the names of C. J. Gludt of Killdeer and E. S. Killie of Fessenden as B members of the Board of Control. Nominations were called for from the floor and no names were submitted. It was moved by Aasmundstadt and seconded by Johnson that nominations be closed and the secretary be instructed to cast an unanimous ballot for Gludt and Killie. The motion was carried.

There being no further business, it was moved by Berger and seconded by several that this meeting be now adjourned. The motion carried and meeting adjourned at 5 pm.

EARL ABRAHAMSON, Secretary

Minutes of High School League Meeting

BISMARCK, NORTH DAKOTA, FEBRUARY 2, 1953

The High School League met following the Administrators' Banquet, with an estimated two hundred principals and superintendents present.

As each member had been supplied with a summary of the fall League meeting, it was moved by Mattson and seconded by Turner that the reading of the minutes be waived. The League then proceeded to study the amendments which had been submitted for final reading at this meeting.

Supt. Arveson of Leeds moved that the Amendment to Article VI, Section X of the By-Laws of the Constitution of the League be adopted effective at once.

This amendment would then read as follows:

He shall have been in attendance in the school he represents for one complete semester of eighteen weeks upon transferring from another school if the transfer is made at the opening of the first semester and in attendance for one full year of two consecutive semesters if the transfer is made during the second semester, unless his parents have become residents of the district to which he is transferred or the school from which he is transferred does not offer work of the corresponding year in which he is ranked.

Supt. Grant of Hillsboro seconded the motion and after a discussion the adoption of the amendment was declared carried with no votes opposed.

Note: Under the terms of the motion for adoption, the amendment was declared effective at once and hence, students who transferred schools last fall would become eligible as of this date.

The Wakefield Amendment was read for the second time. This would add Article V, Section XVI to the By-Laws of the Constitution as follows:

No member of the League shall in any school year schedule or engage in more than sixteen basketball games and one invitational tournament or two additional games in lieu of an invitational tournament between Thanksgiving and the first qualifying tournament under penalty of suspension for the remainder of the year.

It was moved by Olufson and seconded by Johnson that this amendment be tabled. After a discussion said motion prevailed and the amendment was tabled.

The Arveson amendment which also would have amended Article VI, Section X of the By-Laws was not submitted for the second reading as the substitute amendment appeared to cover the situation.

Supt. Hanson of Carrington spoke for fan shaped metal boards for the Minot Class B tourney. No League action was taken.

It was moved by Turner and seconded by several that the meeting be adjourned.

Following this meeting the Board of Control met and agreed to try to obtain fan shaped boards for both Fargo and Minot. Some doubt was expressed that this could be accomplished within the time from this date and the time of the tournaments. Orders were authorized if delivery could be made and fixtures installed to convert the fittings to those needed for fan shaped boards.

EARL ABRAHAMSON, Secretary

Minutes of the Board of Control

AUGUST 21 - 22, 1952

The Board of Control of the High School League met in the League office at Valley City, North Dakota on August 21 - 22, 1952, with all members present. Several eligibility problems were presented to the Board for their interpretation.

ST. MARY'S - NEW ENGLAND CASE

A regular student of St. Mary's High School in New England contemplated to also enroll at the New England Public school for a course in vocational agriculture. The lad would carry three regular subjects at St. Mary's and the fourth unit would be the regular vocational agriculture course offered in the New England High School. The question asked was how would this dual enrollment affect his eligibility.

The Board ruled that a lad must carry a minimum of three half-unit subjects in his home school and must maintain passing grades in these three subjects in order to remain eligible to represent the St. Mary's High School. The subject taken at the public high school could not be counted for current eligibility under rule five. However, the subject taken at the New England High School could be counted under rule eight. Thus, subjects taken in another school other than the home school would have the same status as correspondence subjects in that such subjects could not be counted under rule five but could be used under rule eight.

Supt. Solberg of Bowman presented a case to the Board for interpretation. A lad whose home is in Hettinger, has been sent to Mandan Training School and there was some possibility that this lad might be released in the custody of Supt. Solberg of Bowman. The question raised was whether or not this lad would be eligible in athletics in the Bowman school under these circumstances. The Board ruled that this lad would come under the transfer rule and would not be eligible at Bowman until he has attended there for one year. In the opinion of the Board of Control, this lad had a home at Hettinger to which he could go if given his release at Mandan. It was also the Board's understanding that such a release would not result from a court order but was rather a common practice and policy with the Training School officials as a means of rehabilitating inmates of the Training School.

Some time was spent discussing the music and speech organization for the coming school year. The relative merits of state and district contests and festivals were explored from different angles. The need for uniformity in plans for all districts was emphasized. It was moved by Flaten and seconded by Zenner that the present music organization of eight districts with two state finals in Bismarck and Grand Forks be retained for the 1952-53 school term, with the provision that each district provide the organization plan within the district so that the highest honor ratings be permitted to advance to one of the state finals. The motion was duly carried. It was also agreed to add a classification for vocal ensemble groups of from five to twelve members. East and West Class B - C finals were set at Bismarck and Grand Forks on May 8, 1953. District contests must be completed two weeks prior to the state finals.

The special committee of the Board, consisting of Gussner, Johnson and Zenner, recommended the following officials for the state basketball series in 1953:

Class A State Finals, Grand Forks, March 12, 13, 14.

It was moved and seconded and carried that the report of the committee be accepted and the above officials be contacted to work the tourney games.

N. D. HIGH SCHOOL LEAGUE

It was agreed to pay the following schedule for tourney games for 1953:

Class A Finals \$17.50 per game plus expenses.

Class A Divisional, B and C Final Tourneys and Girls State Tourneys, \$15.00 per game plus expenses.

Class B and C Regional games \$12.50 per game plus expenses.

It was agreed to hold state-wide basketball clinics as was done last year. If possible, these clinics should be held prior to the Valley City Coaching School, preferably during the middle of November.

Duane Carlson of Minot was named to attend the Annual National Football Rules Committee meeting in Kansas City on January 1 and 2, 1953. Red Huntley was named as an alternate in the event that Mr. Carlson could not attend.

The Secretary was instructed to invest approximately \$5,000.00 of League funds in government bonds.

Some time was spent discussing the use of fan shaped backboards for the State Basketball tournaments. Gussner, Gilliland and Zenner were appointed to a committee to meet with the Grand Forks officials to see what arrangements could possibly be made to convert the rectangular installation to the fan shaped board for the state A tourney.

The bids for basketballs were opened and the low bidder on balls was found to be from the Northwest Sporting Goods Co. of Minot, with a bid of \$14.88 for the top grade Wilson 1010 and the Rawlings RLP ball. It was moved that the bid for all balls to be used by the League for the coming tournaments be awarded to the Northwest Sporting Goods Co. of Minot for the \$14.88 per ball as stated in their bid with the further stipulation that an additional 2% discount be allowed for receiving the entire state order. The motion was seconded and carried.

It was agreed that all state and regional basketball tournaments do not play off for 7th and 8th places. It was also the understanding of the Board that the rule of limiting the number of players in uniform at tournaments also apply to tourneys staged on the district level and that the limit of 10 men in uniform for any game be considered in full force and effect for district as well as regional tournaments.

Some time was spent discussing possible amendments for the annual League meeting in October. Walters, Gilliland and Flaten were appointed to a committee to draw up recommendations to present to the League at the annual meeting. Such recommendations

would attempt to standardize such problems as number of games scheduled per season, playing of games on school nights and other related problems.

The Board considered the eligibility of a Sanish lad who had come from Washington last March and during the interval when his parents were seeking to establish a residence in North Dakota, had enrolled and attended school at Van Hook where he could obtain a program of subjects similar to those he had carried in Washington. After checking the facts in the case, the Board was of the opinion that this lad should be eligible for athletic competition at Sanish should he enroll there this fall and make his home with his parents who now live in Sanish.

There being no further business the meeting adjourned and the Board agreed to meet for the next session at Grand Forks prior to the League meeting.

Earl Abrahamson, Secretary

O

Minutes of the Board of Control

GRAND FORKS, NORTH DAKOTA, OCTOBER 22, 23, 1952

The Board of Control met in the offices of the Chamber of Commerce, Ryan Hotel, Grand Forks, North Dakota, with all members of the Board present.

The Board considered vacancies in the officiating assignments of the different state and regional basketball tournaments next spring and made the following appointments:

West Class A Tourney at Bismarck	Dave Wolf, Fargo
East Class A Tourney at Fargo	Sid Grande, Rugby
State Girls Tourney at Casselton	Ernest Piquette, Minot
Class B Regional Tourney at Dickinson	Herb Parker, Minot

The Secretary was instructed to issue contracts to the above officials.

It was moved by Johnson and seconded by Gilliland that consolation trophies be purchased for all eight team tournaments on the regional and state level.

The problem of the present inequality in the number of girls basketball teams in districts 2 - 3 - 4 was studied by the Board and the Secretary was instructed to contact the chairmen of the respective districts and work out a plan of shifting certain borderline schools to more nearly equalize the number of schools in each district.

A letter was read from the Goose River Valley Conf. requesting that Colgate be shifted from their district tournament. It was moved and seconded that the Secretary negotiate with districts 6 and 15 relative to working out some shift to accomplish this purpose. The motion was carried.

The application of the district 1 Class B-C music and speech group to open up another contest center at Wahpeton was considered by the Board. A study was made of the entrants to district contests and it appeared that there was more justification for a new district at Wahpeton and discontinue the Valley City Class C-B contests until such time as there are enough schools interested to justify the expense of the Valley City center.

The Board adjourned to attend the Wednesday evening general sessions of the NDEA and to meet with "Red" Jarret of the University regarding the installation of the fan shaped board for the State Class A final tournament.

Meetings were resumed on Thursday morning and remained in session until the League meeting in the afternoon.

The Secretary was instructed to negotiate with the Northern School Supply Co., for glass fan shaped backboards for use at the State A Tourney.

Superintendent R. G. Arveson of Leeds met with the Board of Control relative to the impact of the new penalty under rule 10 on students taking part in music and speech activities. While the Board was sympathetic with his problem, they were of the opinion that it was not within their power to change its application and his redress would be through an amendment presented at the League meeting and acted upon by the schools at a regularly conducted League meeting. Mr. Arveson indicated that he would prepare such an amendment for first reading at the League meeting.

A study was made of several eligibility cases that were presented to the Board for interpretation. Several of these had been presented by letter and several through the personal appearance of the superintendent or coach at convenient times during the meeting. It was quite apparent that the large number of eligibility cases was largely brought about by the application of the greater penalty for transferring schools as voted by the League at the annual meeting in 1951. Prior to the passage of the new amendment the penalty was for transfer was one semester. Under the new rule the penalty was increased to one year and thus its effect was felt in all school activities held throughout the school year.

The following are the eligibility cases:

1. The Bowman Case - Kenneth Goece was declared eligible

on the grounds that he was a product of a broken home and apparently on his own.

2. Park River Case - James Stewart of Gilby, who had transferred to Park River because he could not obtain a minimum of three subjects at Gilby, was declared eligible because he could not obtain a normal number of subjects in the school he previously had been registered in.

3. Rolla Case - Gordon Aubrey, who had resided in Kansas and later moved to Rolla and had lived there since April of 1950. This lad had withdrawn from his Kansas school in the spring of 1950 and had failed to pass his subjects that semester. The Board ruled that he did not come under the transfer rule since he had been in Rolla on his own for a period of the two years. However, he would not be eligible to represent the Rolla High School until the second semester, since rule 8 requires a lad to have made a minimum of three half-units the preceding semester.

4. Arthur Case - Francis Steffes, who had transferred from Shanley High School to Arthur after his sister with whom he had been living and attending school, moved to Washington and left him without a place to stay. The parents live in a rural district south of Arthur and the lad came to Arthur where another married sister lived. The Board ruled this lad eligible on the grounds he could no longer stay in Fargo and obtain his schooling.

5. Wimbledon Case - Wallace Williams, whose widowed mother had been living with relatives near Wimbledon and given up her former home at LaMoure, had enrolled in Wimbledon High School. The boy was declared eligible on the grounds that the mother had established a home at Wimbledon and the lad was privileged to move with her and attend school at Wimbledon.

6. Lidgerwood Case - Name unknown. This lad who in former years had attended Lidgerwood High School, this fall went to a seminary in Minnesota and enrolled and attended classes for about a week. After this short attendance he returned and registered at Lidgerwood. The Board ruled him a transfer student on the grounds that he had registered and attended one or more classes in another school.

7. Epping Case - Robert Urban, a former Epping resident moved to Williston about two years ago and attended Williston High School for the past two years. This year the lad moved on his brother's farm near Epping. His parents still reside in Williston. The Board ruled him ineligible for one year under the transfer rule.

8. Courtenay Case - A daughter of a teacher in Courtenay, who is living with her mother during the school term and whose father

lives on a farm in another community raises the question of her eligibility during the current year. No decision was reached in this case until additional information is secured.

The Board of Control examined a claim against the AABF as presented by Devils Lake. This girl suffered a rather serious injury after getting off a school bus and being struck by a passing truck. It was the opinion of the Board that this case should be paid inasmuch as this girl was still under school supervision and that it was the original intent of the Board to extend such coverage to cases where children are transported for all school activities and not athletics alone, as stated in the pamphlet explaining the fund. It was further agreed that from this time henceforth the protection plans would cover such accidents.

The Board discussed the application of the amendment which limited the term of office of Board of Control members to two terms of three years. The question concerned the eligibility of the present C members to hold office another term. While the election of C members to the Board of Control was still one year away, it was felt the matter should be interpreted at this time and referred to the League at the annual meeting for their approval. The Board agreed that the limit of the term to two elections should not apply to the present C members inasmuch as they have only held one term of one year and one term of three years and hence, not the two terms of three years as specified in the constitution. The Board then adjourned until after the League meeting.

Upon reconvening after the League meeting, A. J. Funk of District 24, Class C, and a delegation from District 6, Class B met with the Board to discuss the powers and rights of district committees. After a lengthy discussion of this problem the following resolution was adopted to clarify the status of district Class B and C committees.

BE IT RESOLVED THAT:

The conduct of district B and C affairs shall be vested in a district committee, which shall have authority to act for the district. Each district shall hold an annual meeting for the purpose of electing such officers whose terms expire, and conducting other business. However, after such a meeting is held, the administrative affairs of the district must be vested in the district committee to carry out the mandates of the district.

Upon motion of Gussner and second by Zenner the resolution was duly carried.

It was moved by Johnson and seconded by Gussner that eight district chairmen of the eight class B districts be called in for a

conference during the state Class B tourney and that this committee serve as the redistricting committee as suggested by the League. The motion was carried.

It was also agreed to call the eight C chairmen to the C tourney and to the State Girls tourney. Such eight chairmen should be from the district that sends representative teams to the tourna- men.

There being no further business the meeting adjourned.

Minutes of the Board of Control

BISMARCK, NORTH DAKOTA, FEBRUARY 2, 3, 1953

The Board of Control of the North Dakota High School League met in the Grand Pacific Hotel with all the members present.

The Board reviewed the House Bill 614, which had been presented to the legislature and had at this time passed the House and expressed their approval of this legislation. This bill seeks to permit school districts to make payments directly out of school district funds to pay for the AABF protection carried on grade and high school students.

The Claim of Sanfield Forseth of Williston was reviewed by the Board and it was the opinion of the Board that said claim did not qualify for a benefit payment under the AABF and the Secretary was instructed to reject it on the grounds that it was not covered under our benefit schedule.

A letter from President Scott of Dickinson State Teachers College, relative to a proposed charge for the use of the new gymnasium for basketball tournaments, was reviewed by the Board. It was the feeling of the Board that the present policy of the Board in permitting the local administration to have the concessions more than paid a fair amount for the rental of the building.

Letters were read from several coaches requesting that fan shaped boards be installed in the Minot gymnasium for the regional and state class B basketball tournaments. The Board agreed to purchase fixtures for changing the installations to the fan shaped boards in both Fargo and Minot, provided this change could be accomplished by the time of the tournament.

The eligibility case from Edinburg was reviewed by the Board and the action of the Secretary in declaring this lad eligible was sustained by the Board.

Killie and Giudt, as two new members of the Board of Control, Alf Flaten and F. H. Gilliland were named to represent the Board of Control at the summer meeting of the National Federation at Wisconsin Dells, Wisconsin, in late June.

Gilliland was named to present the trophies at the State A tourney, Johnson at the State B tourney and Zenner at the State C tourney.

Supt. Levi Larson met with the Board of Control with a suggestion that steps be taken to award medals to the highest honor ratings at the Music and Speech contests. Zenner was named to investigate the approximate cost of such a venture.

Several matters were discussed informally with no action until the next meeting of the Board.

It was agreed that the Board of Control would meet at the State A Tourney at Grand Forks on March 12, 13, 14, and the Secretary was instructed to make reservations for the Board at this meeting.

There being no further business, the meeting adjourned.

Minutes of the Board of Control

GRAND FORKS, NORTH DAKOTA, MARCH 13, 14, 1953

The Board of Control of the North Dakota High School League met in the Ryan Hotel, Grand Forks, N. Dak., with the following members present: Zenner, Flaten, Gussner, Walters, Roberts. Absent: Gilliland and Johnson.

The date of the State Track Meet in Valley City, May 29, was reviewed by the Board. This date is on Friday and there appears some conflict with commencement activities in several schools. Since Saturday is Memorial day it appears that the Friday date cannot be changed for this year. It was agreed that the date of the State Track Meet would have to remain on Friday, May 29, 1953.

The question of safe-guarding the tourney receipts at the major state tourneys was discussed and upon motion of Flaten and second by Zenner, it was agreed to authorize the Secretary to secure burglary insurance to protect such receipts until they were deposited in the bank.

The report of the special girls redistricting committee meeting at Casselton during the state girls tourney was reviewed by the

Board. Upon motion of Flaten and second by Zenner it was agreed to adopt the district lines set up by this committee. It was also agreed that in 1954, the girls regional tourneys would be operated on the same basis as the boys regions. Under this arrangement the sites and officials would be selected by the Board of Control and the League would assume the responsibility of underwriting the success of such tourneys.

It was agreed to arrange with the Epko Company of Grand Forks to take approximately 1600 to 1800 feet of 16mm sound film of portions of basketball games in the state final tourneys in class A - B - C and to make this film available to member schools for a rental fee. The approximate cost of such a film appeared to be \$425.00.

The Secretary was instructed to correct the minutes of the February meeting of the Board of Control and add the name of Mr. Gilliland as one of the delegates to the National Federation meeting in Wisconsin Dells. This name had been omitted in the February minutes.

Chairman Roberts appointed Gussner to make the trophy awards on Saturday evening, in the absence of Gilliland.

The Board reviewed the protest of DeLamere relative to the conference board ruling regarding the replaying of a basketball game. It was the opinion of the Board that the problem was one for the conference to settle as the matter involved a team's standing in their local conference. The question did not in any way involve any infraction of League rules nor was there any problem involving a qualifying tourney for state representation. The entire matter was referred back to the conference for their disposal.

Supt. Havig of Williston appeared before the Board concerning the eligibility of Leonard Beuschman who had transferred to Williston at the opening of the second semester. It was the opinion of the Board that under our present rule 10 this lad would not be eligible to represent Williston High School until the second semester in 1954.

Supt. Krogh of Casselton, appeared before the Board to invite the League to hold the 1954 Girls State Tourney at Casselton.

R. O. Gregerson also met with the Board to inquire of any proposed changes in trophy requisitions for next year. No action on trophies was taken at this time.

It was moved by Gussner and seconded by Walters that the Board purchase 400 copies of the pamphlet, DESIRABLE ATHLETICS FOR CHILDREN and distribute to all member schools.

The baseball program for the coming spring season was discussed by the Board and it appeared that the present arrangements are working out in a satisfactory manner. It was agreed to operate the baseball program in the same manner as was done last year.

The Board adjourned to attend the East-West Conference meeting. Following this meeting the Board again met to consider action of the East-West Conference.

The recommendation that football practice be authorized to begin on Monday, August 17, 1953, was adopted upon motion of Gussner and second by Walters.

It was also agreed to accept the Western Class A recommendation for seeding teams in the Western Class A basketball tournament. This plan would match teams on the basis of season's records in the entire Western Division and ignore the present North-West and South-West Divisions. Team one would be paired against team eight, team two against team seven, etc.

The matter of per diem allowance for teams participating in tourneys was discussed with no action taken. The Secretary was instructed to secure information on present practices of other states as to number of players in uniform and per day allowances made to teams.

The meeting was adjourned and it was agreed to meet at Valley City on June 3, 4, 1953, at which time the newly elected Board of Control members would be seated.

Meeting of the Board of Control

VALLEY CITY, NORTH DAKOTA, JUNE 3, 4, 1953

The Board of Control of the North Dakota High School League met in the High School League office in the City Hall at Valley City, on June 3 and 4, 1953, with all members present except E. C. Johnson, Kenmare.

The Board proceeded to review the recommendations of the Executive Board of the North Dakota Officials Association. It was moved by Flaten and seconded by Walters, and carried, that the Board of Control accept the proffered aid of the Officials Association in obtaining a list of officials who are qualified for the various state tournaments. Upon motion by Gussner and second by Walters it was agreed that four officials should be employed at all three of the state tournaments; namely, Class A, Class B and Class C.

It was also agreed that we include a Certified group in our classification of football and basketball officials. This would enlarge the number of classifications to three; namely, Registered, Approved and Certified. The Secretary was instructed to work out the conditions necessary to qualify for the respective groups.

It was agreed to continue the Football Workshops similar to those set up last year, with the further provision that added centers be organized for six-man football. The Secretary was instructed to select sites for the respective centers, and organize the plan to follow at the various clinics. And it was also agreed that Basketball Clinics be continued along the same pattern as was used last year.

Mr. R. O. Gregerson of the Josten Company appeared before the Board relative to the trophy contract the League has with his company, and also to inquire if there would be any changes in the trophies to be used for next year. The Board felt that the present contract for purchase of trophies was satisfactory, and no change should be made until the contract expires in another year.

Some time was spent in discussing the League Seal, and it was agreed that steps should be taken to copyright our seal, so that it could not be used by other concerns without permission.

The Board next proceeded to consider the recommendations made by the C Committee. It was agreed to accept the recommendation of the C Committee, which permitted the slight shifting of a few schools, and also the changing of a few schools to different regional centers. Under the agreed changes, district 15 would become district 8; district 8 would become district 20; district 20 would become district 15.

It was moved by Zenner that the participation in athletics on any other than a school team should be penalized by loss of eligibility in all sports, from the time of the infraction. The Board felt that this penalty was rather severe and could result in certain complications, and the motion was lost for lack of a second.

The Board then proceeded to review the recommendations of the B Committee, and it appeared that all of those recommendations were of such a nature that they required no immediate Board action.

A motion was introduced to award medals to all first place solo winners in the State Final Music and Speech Contests. This motion was lost.

This appeared to finish all old business, and the chair called for nominations for the presidency of the Board of Control for the coming year. Supt. F. H. Gilliland was nominated for President, and unanimously elected. K. L. Zenner was nominated for Vice president, and unanimously elected.

The Board then adjourned to meet at 9: A.M., Thursday morning, June 4, 1958.

The two newly elected B members to the Board of Control, C. J. Gludt of Killdeer, and E. S. Killie of Fessenden, were seated at this time, and given full voting privileges.

Coach Al Larvick of the Valley City Public Schools appeared before the Board with a request that we follow our policy of last year in giving some assistance to the North Dakota Physical Edu-

cational and Recreational Association. It was moved by Walters and seconded by Zenner, and carried, that we follow the policy of last year and allow a maximum of \$150.00 for the NDPERA program to be held at the time of the NDEA meeting.

Harold Wik, Science Instructor of the Valley City Public Schools, appeared before the Board to secure the cooperation of the Board of Control for the North Dakota State Science Fair which had shown immense growth during the few years it had been in existence. Mr. Wik wanted to be assured that the Science Fair could be held on dates where any conflict would be the least, and that proper publicity might be given to the Fair through the North Dakota League News-Letter, and that some financial help might be secured to obtain qualified talent for the State Science Fair. It was duly moved by Walters and seconded by Zenner, and carried, that a maximum allowance of \$150.00 be allowed for a program at the State Science Fair, and that the League cooperate in clearing dates, and also in granting the proper publicity to this splendid organization.

The Board then proceeded to study the dates and locations of the 1954 Basketball Tournaments. The following dates and locations were selected for the 1954 Tournament series:

Girls State - Casselton - March 1, 2, 3

East Class A - Fargo - March 4, 5, 6

West Class A - Bismarck - March 4, 5, 6

State A - Grand Forks - March 11, 12, 13

B Regions—

Jamestown - March 11, 12, 13

Devils Lake - March 11, 12, 13

Minot - March 11, 12, 13

Dickinson - March 11, 12, 13

C Regions - To be determined by the Secretary - March 9, 10

C State - Valley City - March 15, 16, 17

B State - Minot - March 18, 19, 20

Girls Regionals - To be determined by the Secretary - Feb. 23

It was agreed to defer the selection of officials to a later date, and the chairman was authorized to appoint a committee on officials. The chair subsequently appointed Gussner, Zenner and Killie on the Officials Selection Committee, to meet on August 27, 1958, at 9:00 A. M., and select a list of officials in conjunction with Mr. Galloway of the Officials Board, such names to be submitted to the Board of Control at their meeting in the afternoon of that date.

It was agreed to call the next meeting of the Board on August 27, 1958, at 2:00 P. M.

It was duly moved and seconded that E. Abrahamson be tendered a new contract as Executive Secretary of the High School League, at an annual salary of \$7000.00, beginning on July 1, 1953, and extending for a three year period. Upon roll call, all members voted aye, and the motion was carried.

The Board then proceeded to set up a budget for the office, as follows: for Office Secretary and Bookkeeper, the equivalent of two employees, a budget of \$4400.00; for Secretary's travel in state and out of state, \$1700.00; for Secretary's salary, \$7000.00, with the further provision that \$500.00 be charged to the AABF.

It was duly moved by Gussner and seconded by Killie, and carried, that the Secretary be authorized to purchase a dictaphone for office use.

Supt. John Walters then presented his resignation to the Board of Control, and after discussing thoroughly prospects for this vacancy, it was agreed to nominate Supt. Leonard Havig of Williston, to fill the term of John Walters, until the next election. The Secretary was instructed to notify Mr. Havig of his appointment.

No action was taken at this time on the dates for the State Debate, Music, Golf and Tennis Meets, nor the Baseball Tourny. These dates are to be considered at the next meeting of the Board, which was set for August 27, 1953.

There being no further urgent business at this time, the Board adjourned to convene on August 27, 1953.

Minutes of the North Dakota Officials Association

MINOT, MARCH 21, 1953

The members of the North Dakota Officials Association met in the Bison Room of the Clarence Parker Hotel in Minot on Saturday, March 21, 1953, at 1 PM. Approximately 20 officials were present. The minutes of the previous session were read and approved.

The group discussed the matter of proper dress for officials working games. It was brought out that many officials had purchased the new grey shirts and also had the black and white shirts. It was moved by Hoffman and seconded by Grande that the Board of Control of the High School League should adopt a policy of a standard uniform for games. The motion carried.

A discussion followed on the use of three officials in basketball games. It appeared that the Minot group had used this plan with considerable success on several occasions. The feeling was express-

ed that this system was not well enough known over the state to come to any definite conclusions as to the merits of the plan. It was suggested that it might be possible to try this system out during one of the games staged at the Valley City Clinic where officials and coaches could see the system in operation and pass judgement on its value. The secretary agreed to contact Mr. Osman and see if such a plan could be arranged for next fall.

The group next proceeded to fill the two vacancies on the Board of Directors. Ferderer of Mandan was renamed to the Board from the South-West District. Galloway of Valley City was named to the Board from the South-East District.

There being no further business, the meeting adjourned.

EARL ABRAHAMSON, Secretary

Subsequent to the meeting of the group, the Executive Board met to organize itself for the ensuing year. Bill Galloway was named President and Cliff Nygard was elected to the office of Vice-President.

O

Minutes of the Executive Board of the North Dakota Officials Association

MINOT, NORTH DAKOTA, MARCH 21, 1953

The Executive Board of the North Dakota Officials Association met in the parlors of the Leland Parker Hotel with all members of the Board represented. Bernard White of Grand Forks served for Harvey Hanson who could not attend. The minutes of the previous session were read and approved.

It was moved, seconded and carried that the official association would volunteer their services to the Board of Control of the High School League to assist them in the recommendation and selection of a list of officials who were qualified for the various regional and state tournaments. It was agreed to appoint Bill Galloway to assemble such a list.

The matter of the proper classification of officials was discussed and it was agreed to set up a third classification of officials known as CERTIFIED officials, and the Board of Control was to be requested to draw up regulations to properly classify officials into the three classes of registered, approved, and certified groups, based on experience, grades attained in tests, and years of registration.

It was recommended that the Board of Control employ four officials at both the Class A and the Class B final tournaments.

Discussion was had over the question of how often an official

should be required to take the tests to retain his classification. It was the opinion of the Board that tests should be required every two years and recommended every year for the officials.

There being no further business, the meeting adjourned.

East-West Conference Meeting

GRAND FORKS, NORTH DAKOTA, OCTOBER 24, 1952

A meeting of the East-West Conference was called to order by President Havig at the conclusion of the meeting of the North Dakota High School League. All schools except Dickinson were represented. The agenda pertained to the 1953 schedules in football.

It was moved by James Johnson, Minot, and seconded by B. F. Stevens, Devils Lake, that the regularly scheduled football games be completed by the first weekend in November 1952. The vote showed 6 aye and 9 no. Motion lost.

The effect of the above motion's loss is that the football schedules will be moved forward one day, rather than back one week, for 1953.

It was moved by Gullickson, Jamestown, and seconded by Neff, Mandan, that the question of starting football in the fall (that is, the starting date) be tabled until the March meeting of the East-West Conference. Carried.

C. W. Leifur,
Acting Secretary for C. T. Denton

O

East-West Conference Meeting

GRAND FORKS, MARCH 14, 1953

The meeting was called to order by President Havig. All schools were represented.

The minutes of the previous meeting were read and approved. The financial statement was approved - cash balance at this writing is \$97.10.

A motion was made by Leifur that the Board of Control permit "A" schools to start football practice August 17, 1953. The motion was seconded by Reslock. It was approved 14-0.

A motion made by Larwick, seconded by Mach, that conference schools wear light jerseys for home football games and dark jerseys away from home. The motion was carried.

There was a discussion on the opening date for 1953-54 basket-

ball season. No action was taken. The starting date was left open.

A motion was made by Hovde that the Board of Control raise the expense rate per man for each team in tournament play from the present \$5.50 to \$6.50 per day. The motion was seconded by Hendrickson and it carried.

Father Blaine Cook of the Western Division explained the West's proposal to adopt a round robin football and basketball schedule in the West. The Eastern Division voiced no opposition to the West plan. No definite action was taken by the Western Conference members at this meeting.

Jim Maxwell of Grafton was elected Vice-President to succeed Bohnhoff of Grand Forks.

Brostrom suggested that tournaments be eliminated and that conference championships be settled on season's percentage basis. No action was taken.

A suggestion was also made that the Board of Control use some system of rotating the play of basketball tournament games each year, toward the end that the No. 1 team from the West does not always play the first game in the tournament.

It was urged that proper equipment and precautions be taken to eliminate injuries at state track meets.

The Secretary was asked to mail four (4) copies of the minutes to conference schools, rather than one (1).

District chairmen elected:

North-East - B. F. Stevens - Devils Lake
North-West - Father Blaine Cook - St. Mary's
*South-West - A. H. Gullickson - Jamestown
*South-East - Acey Olson - Fargo
*Divisional chairmen

Olson and Gullickson are divisional chairmen and with the President, Vice-president, and Secretary make up the Executive committee.

The meeting was adjourned.

Valley City, North Dakota

Gentlemen:

I am herewith enclosing you recapitulation of an audit made of your books for the year 1952-1953, and I hope that the same will meet with your approval.

There isn't very much difference between last year and this year's business, outside of the fact that the collections have increased about \$12,000.00, which is very gratifying, indeed.

Thanking you for this assignment, I am

Very respectfully
F. E. Luehe, Certified Public Accountant
