FOREWORD

The Board of Directors of the North Dakota High School Activities Association is pleased to present the 58th Annual Yearbook which contains a historical and statistical account of the year's operation.

1. Once again it has been a successful year for the NDHSAA even though the winter and spring weather were not the most cooperative.

2. The number of high schools decreased from 247 to 246 and indications are for a continued decline in 1982-83.

3. Ten sports for boys and an increase to eight for girls, with the addition of Class A volleyball, were sponsored by the Association. Once again, basketball, football, hockey and wrestling subsidized the others, with track being the most highly subsidized. Also, music and speech activities continue to flourish under NDHSAA sponsorship.

4. The General Fund managed to be a balanced fund despite the 20 per cent increase in payments to teams at regional and state events and the addition of the \$24.00 per participant payment in track. (A complete audit can be found near the back of this publication.)

5. The Accident Benefit Fund claims and operating expense again exceeded premiums collected, but high interest rates on invested reserves left the fund in the black.

6. Student participation reversed recent trends by increasing this year by 1,678 in athletics, 549 in music and 99 in speech activities.

7. The new Cooperative Sponsorship Program proved highly successful overall and produced fewer problems than anticipated.

8. Girls' volleyball in the "Class A" schools got off to a good start and shows signs of growth.

9. The new hardship rule also proved successful, allowing many deserving students the opportunity to take part in activities.

10. The Good Sportsmanship Program was implemented and seemed very well received.

I wish to thank everyone for their wonderful cooperation and support the past year. Our staff pledges to endeavor to provide your school and your students with the best possible service in 1982-83.

The Board next discussed the possible change from eight to four officials for state basketball tournaments. After a period of discussion Houser moved that the NDOA go on record of keeping the present plan of eight officials for state basketball tournaments. Seconded by Lang and carried.

Discussion was next held on the way officials are selected for state tournaments and it was the opinion of the Board that the present method seems to be working as good as any has and it should be continued.

Don Brintnell of the NDHSAA Board of Directors reported on the status of the statewide Sportsmanship Program and felt it was very good and it should be continued to be emphasized by schools and officials.

The Board next discussed the fee schedule for officiating and felt at this time no increase could be made in the present schedule.

The Board next discussed some of the problems that local officials associations are having and possible things that could be done to help local associations. The Board set their next meeting for Saturday, March 20th at 9:30 A.M. at the NDSU Fieldhouse and the Annual Meeting of the NDOA will be held at 10:30 A.M. on March 20th at the NDSU Fieldhouse.

Theige moved that the NDHSAA pay for the actual cost of official's room at state tournament and officials be given \$18.00 a day meal allowance. Second by Loibl and carried.

The Board next reviewed a proposed fee increase for officiating that was

submitted by the Red River Valley Officials Association. The Board felt that this request was maybe too large at one time, however, they felt some increase was necessary.

The Board discussed what possible increase they could request and be fair to all involved. Loibl moved that they request an increase for working Class "B" preliminary games in Boys' and Girls' Basketball and this increase be for 8 minute quarter preliminaries to \$15.00 per game and 6 minute quarter preliminaries to \$12.50 per game. Second by Houser and carried.

The Board next heard a request from the Class A basketball coaches regarding officials at state tournaments. They request officials be assigned in pairs and do not split east and west. They also felt any official should be allowed to work any game. The Board took no action because this will come from the Basketball Advisory Committee.

The Board next discussed the selection of state tournament officials and decided to bring this up at the Annual Meeting to get more input on what should be done to improve the method now used.

The Board decided in order to keep local associations better informed to send out the minutes of all NDOA meetings to these local groups.

North Dakota Officials' Association
Annual Meeting
Holiday Inn — Fargo — March 20, 1982

Del Gab called the annual meeting of the NDOA to order with about 40 members present.

Bob King read the minutes of the previous Board meeting held in November at the Minot Holiday Inn and they were approved as read. King also reviewed the action of the Executive Board meeting held earlier in the morning.

The first item on the agenda was a fee increase for the 1982-83 school year. The increase proposed by the Red River Valley Officials' Association was presented to the group present and the rationale behind the proposed increase was explained. No action was taken on this proposal. After a lengthy period of discussion, it was the opinion of the group that some increase would be justified.

Neal Jacobson moved that the fee for Varsity Boys' and Girls' Basketball, Football, Hockey and Wrestling be increased by \$2.50 — Class A from \$27.50 to \$30.00 and Class B from \$25.00 to \$27.50. Also that the fee for preliminary games in basketball be increased from \$10.00 for 8 minute quarter games to \$15.00 and fees for 6 minute quarter games from \$7.50 to \$12.50. Also fees in

other sports at non-varsity level be increased proportionately. Second by Bruce Jessen and carried.

It next was brought to the attention of the group the problem with attendance at workshops of certified officials. Loibl moved that certified officials must attend the second session of either the girls' or boys' workshops if they work both sports. If they work either girls' or boys' basketball they must attend a second workshop session in the sport they officiate. Second by Bruce Jessen and carried.

The group next considered the problem of officials working state tournaments for many consecutive years. Doug Jacobson moved that all officials be limited to working three consecutive state tournaments in boys' basketball and three consecutive state tournaments in girls' basketball, and after three consecutive years, must sit out one year. This would start with the 1982-83 school year and will not be retroactive. Second by Goetz and carried.

Darrell Matejcek moved that the NDHSAA return to the old form used in voting on state tournament officials. This would be including the names of officials working regional tournaments with the ballot. Second by Jessen and carried.

A representative from the gymnastics officials met with the group to ask for their support in getting an increase in gymnastics fees. She was instructed to send this recommendation to the secretary and it would be presented to the NDHSAA Board of Directors.

Another recommendation of the group was to include the NDHSAA officiating fee schedule on the bottom of the contracts.

Del Gab of Dickinson was duly nominated and elected for a two year term on the Board of Directors from the Southwest Region; Doug Jacobson of Fargo was duly nominated and elected for a two year term on the Board of Directors from the Southeast Region, and Larry Houser of Park River was duly nominated and elected for a two year term as the East Member-At-Large on the Board of Directors.

The secretary was instructed to send a letter thanking the former Board members for their service to the NDOA.

The Board took under consideration a request from Fargo Oak Grove to use Jeff Conant as non-certified Girls' Basketball Coach. Motion by Olson to approve the request, second by Brintnell and carried.

At the request of the North Dakota Bankers Association the Board reviewed the Sportsmanship Award presented by the North Dakota Dairy Products Commission. After discussion it was agreed to return this problem to the Promotion and Program Committee and ask them to have a recommendation ready for the August meeting.

The Executive Secretary reported on the results of the Class B Tournament Rotation survey that was conducted. It was sent to all Class B schools and of those returned 76 were in favor of tournament rotation and 95 were opposed to a tournament rotation plan. After a lengthy period of discussion Bergene moved that Fargo be placed in the tournament rotation schedule as the site for the 1987 State Class B Basketball Tournament. Second by Fischer. Fischer then proposed an amendment to the original motion saying "Fargo be included in the tournament rotation for the Boys' State Class B Basketball Tournament." Second by Olson. A vote was then held on the amendment and the original motion and both were passed by voice vote.

The Board heard a request from Richland High School (Colfax) to move from District 1 to District 2 for Music and Speech. It was pointed out to the Board that this transfer would make the two districts more unbalanced than

they already are if the transfer was approved. Tjaden moved that the transfer be denied, second by Bergene and carried.

The Board was informed that Dr. Carl Miller, Athletic Director at the University of North Dakota has agreed to speak at the annual meeting.

The Board heard a report by Brintnell on the Legal Counsel Meeting held at the National Federation office in Kansas City.

The Executive Secretary informed the Board of the resolution that will be voted on at the National Federation. The resolution would change the present policy on who can vote on National Federation issues. Olson moved to vote No on this resolution, second by Tjaden and carried.

The Executive Secretary reviewed a sick leave policy question with the Board and this was referred to the Personnel Committee for study.

The Executive Secretary presented a request from an individual to make and sell tapes of NDHSAA sponsored events. After discussion the Board agreed that this would not violate any Board regulations.

The Executive Secretary read a communique from Notre Dame of Sask., relative to hockey competition between their school and North Dakota schools. The Board informed the Executive Secretary to answer this letter.

Next the Board made special commendation to Chairman Don Dehne for the outstanding leadership he provided the Board during the 1981-82 term.

Directors Fischer and Bergene were then recognized by the Board for their years of outstanding service to the NDHSAA.

There being no further business the meeting adjourned.

Bob King,
Assistant Executive Secretary

We have examined the balance sheet of your unincorporated association as of June 30, 1982, and the related statements of revenue, expenses and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of the North Dakota High School Activities Association at June 30, 1982, and the results of its operations and the changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Please note that the style and form of presentation of this report has been revised to reflect the recommendations of the AICPA Nonprofit Organizations Subcommittee released in the audit guide dated August, 1981.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 1982

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Fund Accounting

To ensure observance of limitations and restrictions placed on the use of resources available, the accounts of the association are maintained in accordance with principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. Separate accounts are maintained for each fund. Accordingly, all financial transactions have been recorded and reported by fund group.

The assets, liabilities, and fund balances of the association are reported in self-balancing fund groups as follows:

Operating funds, subdivided into general and accident benefit funds which include unrestricted and restricted resources, represent the portion of expendable funds that is available for support of the operations of the association.

Plant funds represent resources restricted for plant acquisitions and funds expended for plant.

Basis of Accounting

All funds are accounted for using the modified accrual basis. Revenues are recognized when received as the fiscal year ends after the annual revenues have been realized--some investment earnings may be delayed as indicated in Note 2. Expenditures are paid in the period they are due or incurred. Prepayments are not material and inventory-type items are considered as expenses at the time of disbursement.

Plant Assets and Depreciation

Uses of operating funds for plant acquisition are accounted for as additions to plant funds. Proceeds from the sale of plant assets are included in the operating fund balances. Depreciation of buildings and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis.

2. INVESTMENTS: The association pools its funds and keeps them invested for maximum yield. On June 30, 1982, 37% of the investments were in two local banks, 49% in two local savings & loan associations, and the 14% balance in federal agency obligations. Investments consist primarily of larger amounts invested in money market and time savings certificates with minor amounts in passbook savings bearing interest at rates from 6% to 15.9% and averaged 13.395% for the last year. Investment earnings are not recognized in income until received or made available.

NOTES TO FINANCIAL STATEMENTS

- Continued -

RESERVES AND UNDESIGNATED BALANCES: The board has designated or reserved portions of funds for contingencies and special purposes. Unclaimed checks issued in excess of one year are restored to the bank accounts and carried as a liability for a period extending beyond the requirements of the statute of limitations.

Undesignated balances are intended to be maintained at only a normal level.

RETIREMENT PLANS: The association has provided elective retirement plans for the administrative staff. These retirement plans provide for 6½% of the salary to be contributed by employees which is matched by the association. The funds are in a trust with a local savings & loan association.

After July 1, 1979, professional staff members (that are qualified teachers) have been included in the state teachers retirement plan. Contribution and matching requirements are also 6½% of salaries.

EXPENSE ALLOCATION: The cost of administrative and office expense has been allocated on a 70%, 30% basis to the General and Accident Benefit Funds. Recent studies indicate this ratio continues to be a reasonably fair allocation.

(Supplementary-detailed data is available from management.)
