61st ANNUAL
1985 OFFICIAL YEARBOOK

FOREWORD

The Board of Directors of the North Dakota High School Activities Association is pleased to present the 61st Annual Yearbook which contains an historical and statistical account of the year's operation.

1. 1984-85 marked the 77th year of service to the schools of North Dakota. Our membership remained stable at 244 schools.

2. Efforts were continued to eliminate unnecessary loss of school time by moving events to evenings and Saturday when possible.

3. A dramatic change came about when the General Assembly passed an amendment in January that permitted girls to compete in collision and contact sports. This amendment opened the way for girls to take part in several sports previously closed to them.

4. The 1984-85 year provided a profit for the General Fund. Once again we were blessed with good weather during most playoffs and tournaments which is the key to financial success or failure for the Association. (A complete audit report can be found in the back of this publication.)

5. The new ABF claim system succeeded in eliminating bookkeeping and paper work for school administrators. However, several very large claims plus a dramatic increase in the number of policies with \$300 and \$500 deductible clauses led to a substantial loss for the year. (A report is included in the auditor's report.)

6. The Team Scholar Award was initiated in 1984-85 and proved to be very well received. The program will be continued on an annual basis.

Once again a sincere thanks to all the administrators, coaches and athletic directors for your support and cooperation in 1984-85. Your staff will continue to make every effort to provide your school the best possible service in 1985-86.

Executive Secretary

CONFERENCE CALL
Special Meeting - Board of Directors
North Dakota High School Activities Association
3:00 P.M. - December 19, 1984

President Tjaden called the meeting to order.

Roll call indicated that all members were present except Ott and Strang.

The Executive Secretary explained to the Board the position of the NDHSAA and the pending law suit by the girl hockey player at Fargo South.

Motion by Huber to hold a special meeting of the General Assembly of the NDHSAA on January 28, 1985 to amend Part Two, Article III, Section X to read:

Interscholastic teams composed of members of both sexes are permissible in sports sponsored by the Association if a school does not provide for separate teams for each sex. Teams composed of members of both sexes shall follow the rules as outlined for boys and compete in the boys division.

Second by Sanford and carried.

This amendment was written as recommended by the legal counsel of the NDHSAA.

There being no further business the meeting adjourned.

CONFERENCE CALL
Special Meeting - Board of Directors
North Dakota High School Activities Association
1:30 P.M. - January 14, 1985

President Tjaden called the meeting to order.

Roll call indicated all members present and also Leonard Bucklin, Attorney; Bruce Anderson, Executive Secretary; and Bob King, Asst. Executive Secretary.

The first item considered by the Board was whether the Fargo Public schools should be sanctioned because possibly playing an ineligible player in hockey.

Motion by Howe that the NDHSAA not sanction Fargo South High School for playing Carrie Preusse in an interscholastic hockey game. Second by Ott and the roll call vote was: M. Olson - no; L. Olson - yes; Sailer, yes; Sanford - yes; Howe - yes; Huber - yes; Kunkel - yes; Strang - yes; Tjaden - yes; Ott - yes, motion carried.

The discussion indicated the following: The Board, as the body having the power and duty to interpret the rules, states that Section X expresses a permission as to non-contact sports. It does not expressly address the question of contact sports (except insofar as the interpretations previously have noted that experience has shown that the best programs are those which provide for separate teams for each sex, and because of general average size and strength differences, it is not in the best interests of boys and girls to have only 1 team open to them in contact sports).

The Board now for the first time having the matter expressly brought before it, states that saying it is not thought physically in the best interests of boys and girls is not to say it cannot be done if the individuals and specific schools think otherwise in a specific situation and it is otherwise appropriate. "Overmatching" is not appropriate. This motion does not consider any matter other than the fact that there was a girl who played in a specific sport.

At the present time there is no express prohibition in the Association's rules and bylaws preventing Carrie Preusse playing on the only Fargo South hockey team, which is generally composed of boys, or expressly preventing her engaging in interscholastic contests for the school.

If there is to be a sanction, it should be only upon a specific, express prohibition adopted by the Representative Assembly of the Association. The matter of what express rule there should be will be placed on the agenda for the next Representative Assembly.

The next matter to come before the Board was the problem created by the fact that the Association was sued before the Association had been asked for any official interpretation and ruling. In short, the Association was sued before the plaintiff asked us for a ruling.

This matter was discussed and led to the following two motions:

Kunkel moved to not accept plaintiff's offer to settle out of court and pay part of their legal fees, second by L. Olson and carried.

Next Ott moved to offer the plaintiff to settle out of court if they pay \$1,000 of the NDHSAA legal fees, second by Kunkel and carried.

There being no further business the meeting adjourned.

MINUTES
North Dakota Officials' Association
Annual Meeting
March 16, 1985 - Bismarck, North Dakota

Del Gab called the Annual Meeting of the NDOA to order with about 60 members present at 10:30 A.M. on March 16th at the Bismarck Civic Center.

Bob King read the minutes of the previous Board meeting held in November at the Sheraton Riverside Inn in Minot and they were approved as read. King also reviewed the actions of the Executive Board Meeting held earlier in the morning.

The group was informed that the Board had decided to include membership in the NFIOA with NDHSAA registration and this would make North Dakota a 100 percent state in membership. This would make it necessary to raise the registration fee from \$15.00 to \$20.00 for the first sport and each additional sport would stay at \$10. The group appeared to agree with the action so the action of the Board was approved.

The secretary next reviewed the process now used to select state tournament officials and the results from the past year. Discussion followed but no action was taken by the group to change the process now used.

The group next discussed the officiating fees we now pay for regular season and tournament games. Ed Baker of Minot moved to adopt the fee schedule listed below for boys' and girls' basketball. Second by Terry Hilt.

 \$20 per game 8 minute preliminaries

 \$35 per game Class "A" Varsity
 \$40 per game District Tournaments
 \$50 per game A & B Regional Tournaments
 \$60 per game A & B State Tournaments

Discussion followed, Art Schilke moved to amend the original motion to include that all Class "B" fees would stay the same for regular season games, second by Ron Keller and the amendment to the original motion was passed. The group then passed the original motion as amended.

The group next discussed the allowance given to officials working state basketball tournaments. Howard Theige moved that the NDHSAA pay the actual cost of hotel rooms for any three day state tournament, plus \$18.00 for meals and pay mileage to all officials working that tournament. Second by Bruce Jessen and carried.

The group next discussed the rules clinics for various sports and agreed to send any items that they had of major concern to NDHSAA office so they could be used as major points of emphasis at the various clinics.

The group next discussed the rules tests that are mandatory for all officials to take. Dave Schneider moved that it be mandatory for all head coaches to take a rules test in the sports that tests are mandatory for officials. This will be an open book test and the coach must send it back to NDHSAA by required date or team will not be eligible for district tournaments. Second by Dale Donat and passed.

The group next discussed the way officials are assigned in regional tournaments. It was agreed that officials should be assigned in pairs and stay that way unless a conflict of interest shows up, then they may be split to avoid the problem.

The group next discussed the policy that makes it compulsory for officials to sit out one year after they have worked three consecutive state tournaments in either boys or girls basketball. Henry Milkey moved to do away with policy that restricts officials to three consecutive state tournaments. Second by Emil Zueger and the motion was defeated by a show of hands.

The group was next informed of possible rule changes for 1985-86 and what the results of the questionnaire were in North Dakota.

The Board of Directors
North Dakota High School Activities Association
134 Third Street North East
Valley City, North Dakota

We have examined the statements of financial position of North Dakota High School Activities Association as of June 30, 1985 and 1984, and the related statements of revenue, expenses, changes in fund balances and changes in financial position for the years then ended. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of the North Dakota High School Activities Association at June 30, 1985 and 1984, and the results of its operations and the changes in financial position for the years then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

NOTES TO FINANCIAL STATEMENTS

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:** The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Fund Accounting

To ensure observance of limitations and restrictions placed on the user of resources available, the accounts of the association are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. Separate accounts are maintained for each fund. Accordingly, all financial transactions have been recorded and reported by fund group.

The assets, liabilities, and fund balances of the association are reported in self-balancing fund groups as follows:

Operating funds, which include unrestricted and restricted resources, represent the portion of expendable funds that is available for support of the operations of the association. The operating fund has been subdivided into the general fund and the accident benefit fund.

Plant funds represent resources restricted to plant acquisitions and other plant expenditures.

Basis of Accounting

All funds are accounted for using the accrual basis. Revenues are recognized when earned and expenditures are expensed in the period they are incurred.

Plant Assets and Depreciation

Uses of operating funds for plant acquisitions are accounted for as transfers to plant funds. Proceeds from the sale of plant assets are included in the operating fund balances. Depreciation of buildings and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis.

2. **INVESTMENTS:** The association pools its funds and keeps them invested for maximum yield. On June 30, 1985, .4% of the investments were in a local bank, .36% in two local savings & loan associations and 63.6% with Edward D. Jones & Co., an investment firm. This is in comparison to June 30, 1984, when 11% of the investments were in a local bank and 64% in two local savings and loan associations and 25% with Edward D. Jones & Co., an investment firm. Investments consist primarily of money market and time savings certificates which bear interest at rates from 7.65% to 12.1%. The average yield for the year ended June 30, 1985 was 11.4% compared to 10.7% for the prior year.
3. **RESERVES AND UNDESIGNATED BALANCES:** The board has designated or reserved portions of funds for contingencies and special purposes. The reserves are reviewed and updated, if necessary, on an annual basis by the board of directors. Unclaimed checks issued in excess of one year are restored to the bank accounts and carried as a liability for a period extending beyond the six year requirement of the statute of limitations.

Undesignated balances are intended to be maintained at only a nominal level.

RETIREMENT PLANS: The association has provided elective retirement plans for the administrative staff. These retirement plans provide for 6 1/2% of the salary to be contributed by employees which is matched by the association. The funds are in a trust with a local savings & loan association.

After July 1, 1979, professional staff members (that are qualified teachers) have been included in the state teachers retirement plan. Contribution and matching requirements are also 6 1/2% of salaries. Beginning July 1, 1983, the association agreed to fund the entire contribution of 13.5% for those covered under the teachers retirement plan.

REPORT ON SUPPLEMENTARY DATA

The primary purpose of our examination was to formulate an opinion on the basic financial statements taken as a whole. The following data, although not considered necessary for a fair presentation of the financial position and results of operations, are presented for supplementary analysis purposes. The data have been subjected to the audit procedures applied in the examination of the basic financial statements and are, in our opinion, fairly stated in all material respects in relation to the basic financial statements, taken as a whole.

The employee's contributions (currently 6.25% of salaries) and related earnings are fully vested at all times. Retiring or terminating employees are entitled to withdraw such funds in a lump sum distribution.

The association's matching contributions and related earnings are payable to the employee over ten years on retirement at or after age 65.

If termination occurs after the tenth year, an employee can elect to defer all distributions until reaching age 65 and then obtain benefits as a retiring employee. If an employee terminates employment before retirement, these funds become partially vested as follows:

Years of Service	% Vested
0 - 5	0%
5 - 10	25%
10 - 15	37½%
15 - (To age 65)	50%

Staff members holding teaching certificates now participate in the North Dakota Teacher Retirement Fund. Employee and matching contributions which total 13.5% are presently being fully funded by the association.

* R.D. Schindler terminated in 1979 and elected to defer distribution. His vested interest in the association's contributions now is 50%. When he attains the age of 65, it changes to 100%.
