1995 OFFICIAL YEARBOOK

71st
ANNUAL

FOREWORD

The Board of Directors of the North Dakota High School Activities Association is pleased to present the 71st annual Yearbook which contains an historical and statistical account of the year's operation.

1. 1994-95 marked the 87th year of service to the schools of North Dakota. Our membership decreased from 204 to 199 high schools. Because of the decreasing number of schools and the large number of co-ops, one may see some drastic changes in the basic format of the NDHSAA in future years.
2. 1994-95 will be the second year the NDHSAA will deficit spend approximately \$80,000.00. The deficit has occurred mainly because of increased payments made to schools.
3. The fall of 1994 was the second time that all three championship football games were played in the FARGODOME, which was a very successful venture. Next fall, all Class B semi-final games will also be played in the FARGODOME.
4. The 1996 combined State Class A and B Volleyball Tournaments will be held in Fargo.
5. 1995-96 will be the first year for NDHSAA sponsorship of boys' and girls' soccer.
6. The NDHSAA Board will provide catastrophic insurance for all member schools at no cost in 1995-96.

I would like to express a very sincere thank you to all administrators, coaches, athletic directors and officials for your support and cooperation in my seventh year as your Executive Secretary. Our staff will continue to make every effort to provide your school the best possible service in 1995-96.

Robert D. King
Executive Secretary

Ticket requests for the NDHSAA state tournaments were received from the members of the Board.

A preliminary report of the summer meeting was reviewed.

The Executive Secretary shared with the Board information on Wahpeton tournament manager Don Engen and the number of events over the years that he has hosted for the NDHSAA. Because of the type of tournaments that can be hosted in Wahpeton, the point system for qualifying for an NDHSAA lifetime pass may keep Mr. Engen from receiving such pass unless special consideration be given in his case. Motion by Sanstead to approve a lifetime pass for Don Engen. Second by Schmeling and carried.

Ness reported on Jon Bearstail who transferred from New Town to White Shield with a recommendation to deny. Motion by Norland to deny. Second by Ness and carried.

Jim Haussler spoke on behalf of the North Dakota Athletic Directors regarding representation on the NDHSAA Board of Directors. This would require a member school to propose an amendment to the Constitution and Bylaws to create a position on the Board of Directors. One general feeling was to have the Athletic Directors Association represented in an exofficio capacity rather than a voting capacity. It was suggested that possibly a representative group would receive information concerning an upcoming Board meeting. Within this Athletic Directors Association selected group, information would be provided to the person attending the meeting as a representative of the athletic director group.

The Executive Secretary reported on an incident concerning a misunderstanding over a contracted regular season game between Selfridge and Standing Rock Community Grant School.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
North Dakota High School Activities Association
Valley City, North Dakota

I have audited the accompanying statement of assets, liabilities, and fund equity of the North Dakota High School Activities Association (a North Dakota nonprofit corporation) as of June 30, 1995, and the related statements of cash receipts, disbursements and changes in fund balance for the year then ended. These financial statements are the responsibility of the Association's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides reasonable basis for my opinion.

As described in Note 1, the Association prepares its financial statements on the basis of cash receipts and disbursements. This basis is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances of North Dakota High School Activities Association as of June 30, 1995, and its cash receipts, disbursements and changes in its fund balances for the year then ended, on the basis of accounting described in the Note 1.

NORTH DAKOTA HIGH SCHOOL ACTIVITIES ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1995

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Fund Accounting

To ensure observance of limitations and restrictions placed on the use of resources available to the Association, the accounts of the Association are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

The assets, liabilities, and fund balances of the association are reported in a self-balancing fund groups as follows:

1. Operating funds, which include unrestricted and restricted resources, represent the portion of expendable funds that is available for support of the Associations operations.
2. Plant funds represent resources restricted for plant acquisitions and funds expended for plant.

B. Basis of Accounting

The Association maintains its records on the cash basis of accounting. Under this method of accounting, revenues and related assets are recorded when received rather than when earned or receivable, and expenses are recorded when the obligation is paid. This differs from generally accepted accounting principles in that revenues are to be recorded when earned rather than when received and expenses recorded when incurred rather than when paid.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
North Dakota High School Activities Association
Valley City, North Dakota

I have audited the financial statements of the North Dakota High School Activities Association (a North Dakota nonprofit corporation) for the year ended June 30, 1995, and have issued my report dated July 13, 1995. These financial statements are the responsibility of the Association's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provide reasonable basis for my opinion.

My audit was made for the purpose of forming an opinion on the basic financial statements of the Association taken as a whole. The supplementary financial information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
