72nd Annual

Official Yearbook

FOREWORD

The Board of Directors of the North Dakota High School Activities Association is pleased to present the 72nd annual Yearbook which contains an historical and statistical account of the year's operation.

1. 1995-96 marked the 88th year of service to the schools of North Dakota. Our membership decreased from 199 to 198 high schools. Because of the decreasing number of schools and the large number of co-ops, one may see some drastic changes in the basic format of the NDHSAA in future years.
2. 1995-96 will be the second year the NDHSAA will deficit spend approximately \$80,000.00. The deficit has occurred mainly because of increased payments made to schools.
3. The fall of 1995 was the third time that all three championship football games were played in the FARGODOME, which was a very successful venture. Next fall, all semi-final games will be played in the FARGODOME.
4. 1996 was the first year that a combined Girls' State Volleyball Tournament was held in Fargo.
5. The 1995-96 school year was the first year to sponsor Boys' and Girls' Soccer.
6. The NDHSAA Board will continue to provide catastrophic insurance for all member schools at no cost in 1996-97.
7. The 1997 combined Girls' State Volleyball Tournament will be a three day event for the first time.

I would like to express a very sincere thank you to all administrators, coaches, athletic directors and officials for your support and cooperation in my eighth year as your Executive Secretary. Our staff will continue to make every effort to provide your school the best possible service in 1996-97.

Robert D. King
Executive Secretary

1. Study the possibility of adjusting the process for which the gate receipts from association sponsored events are reported. The Executive Secretary expressed faith in the honesty of the school people who are involved with the management of the tournaments.

The Executive Secretary presented for review the Final Fund Balance, General Fund Year End Balance and the 1994-95 budget through 6-30-95.

Hansen reported on behalf of the Finance Committee with the projected budget for the 1995-96 year as proposed by the Finance Committee. Hansen indicated the committee's additional recommendation for the planned renovation of the office to be handicapped accessible. With this addition to the budget, the Finance Committee recommended the Office Improvement section of the budget be increased to \$20,000.00. Motion by Hansen to approve the budget at \$1,095,000.00. Second by Gegelman and carried.

The budget report from July 1, 1995 to the present time was presented for information purposes.

Ness reported on behalf of the Constitution and ByLaws with the following subjects:

- a. Physical Exams - there has been expressed a concern over the quality of exam students are receiving as well as the large numbers seeking exams at the same time of year. In checking, Minnesota requires an

exam every 3 years with an update process. South Dakota requires an exam every 2 years. Auer stated the rising costs of examinations and the possibility of these type of exams not being as thorough as could be. Also, those students with health problems are already being monitored by their doctor. The physical examination card could be looked at for possibly being more in depth. Discussion followed as to what should be required for a physical exam. Concern was expressed this could possibly drive up the cost of the exam. Geggelman suggested to gather a group of doctors to determine what would be an adequate physical examination. Ness suggested working with MeritCare. Hansen suggested NDHSA attorney Thune study what legal obligations the Association has. The National Federation will be contacted for any information concerning this. Auer suggested a visit with Family Practice Physicians Association for information and possibly request them to appear before the Board at the September meeting. Following discussion, the decision was made to seek the NDHSA attorney's opinion and also obtain information from the National Federation and other states. This information will be studied at the September meeting. A decision will be made at that time as to the direction the committee should go from there.

b. Baseball game limitations were discussed with these recommendations:

1. No player may participate in more than one hundred and seventy-five (175) innings during the regular season.
2. No more than two dates per week on days followed by a school day.

Motion by Ness to accept these changes to the regulations. Second by Geggelman and carried.

c. The Committee discussed whether the Fall DPI count or the spring ADM count should be used to determine a school's enrollment for classification purposes. It was recommended the fall report will continue to be used to determine the number of students in a particular school. Motion by Ness to continue using the fall DPI enrollment numbers and to have schools close to a determining number (from 300 to 350) provide a roster of all students grades 9 through 12 to the Association office. Second by Geggelman and carried.

d. Summer convention attendance was discussed. It was recommended to continue discussion leaning toward allowing the incoming Board members attending the summer convention rather than the off-going board members. This is scheduled to be discussed again at the September meeting.

e. The Committee alerted the board of the expressed concern for the new out-of-season competition rule and the impending audience with those in opposition to this rule at the September meeting.

f. The restructuring of Class B golf regions was not discussed because the committee ran out of time. This item will be discussed at the September meeting.

The Executive Secretary reported on the bid submitted by KVRN TV for \$10,000 per year for broadcasting the Class A Girls' and Boys' East Region basketball tournaments on a two-year basis. Motion by Hansen to accept the bid. Second by Leidal and carried.

The Board heard correspondence relative to the schedule conflict with the University of North Dakota hockey and the state high school tournament. The conflict is between a UND game scheduled on Saturday and the consolation game for the high school state hockey tournament. The television contract mandates a 7:00 p.m. starting time for the championship game. To allow for this, the consolation game may have to be moved to the Purpur City Arena. Motion by Norland to move the consolation game to the Purpur Arena for play to begin at 12:00 noon with the 3rd place at 4:00 p.m. and championship at 7:00 p.m., both at the Ralph Engelstad Arena. Second by Sanstead and carried.

A letter requesting the dissolution of the Hurdfield-Bowdon cooperative sponsorship program was read. Motion by Hansen to approve the request. Second by Sylling and carried.

The process for replacement of Association automobiles was discussed. Motion by Geggelman to continue the process of selling the current Association automobiles through advertising in the Bulletin and seeking bids for new automobiles. Second by Sanstead and carried.

The Executive Secretary reported on a hardship investigation of Dana Strom who wishes to transfer from Bethel, Alaska to Fargo Oak Grove and recommended approval. Motion by Leidal to approve the request. Second by Auer. A roll call vote was requested with the following results:

Norland --no	Jensen --yes	Ness --no	Sylling - no	Sanstead - yes
Auer - yes	Geggelman - no	Hansen - no	Leidal - yes	Bommersbach - no

Motion was defeated, 4-6.

A letter was read requesting approval of eligibility for Ralf Klassen who transferred from Germany to Bottineau as a visa student but not with an approved program. Motion by Sanstead to approve. Second by Jensen and carried.

to the office which happened on May 25, 1995.

- Kindred to West Fargo for boys' and girls' tennis
- Pingree-Buchanan to Carrington for football

Second by Ness and carried.

Staff member Hetler reported on the Class A regional speech assignment of Class A schools which will take place on a yearly basis. Motion by Sanstead to move Valley City to the West Region for the 1996 regional competition. Second by Norland and carried.

The Executive Secretary shared a letter from John Warren, Mandan High School music instructor and all-state music manager thanking the NDHSA for support through the NDMEA of the all-state music publication.

A letter from Ft. Yates Public was read indicating their possible need for a cooperative sponsorship program for their girls' basketball program. It is recommended the Board wait to hear from them concerning any type of action the school may wish to take.

Planning is in process to secure a speaker for the General Assembly meeting. Input is being sought for any suggestions.

Geggelman reported on a recommendation submitted from the NDOA Board of Directors concerning the selection process for Class B regional and state officials. Motion by Hansen to table the recommendation to allow for time to study. Second by Norland.

A discussion took place concerning the late fee for applications for cooperative sponsorships and when this late fee will go into effect. Motion by Leidal to change the wording of the deadline for clarification purposes to read "go into effect at the end of each of the 1995-96 individual seasons" to clarify the intent of the board. Second by Ness and carried.

There being no further business, President Bommersbach declared the meeting adjourned.

Respectfully Submitted,

Four Winds to Warwick for jr. high football

Motion by Norland to approve all cooperative sponsorships. Second by Sanstead and carried.

The Executive Secretary informed the Board of a number of football teams that have played in the Fargo Dome and rather than paying the 25 cent user charge, they have been adding it to the admission price. The NDHSAA has currently been paying that 25 cent fee rather than passing that cost on to the public. It was the general feeling of the Board that this practice will be continued.

The Board heard a report that was prepared by the nominating committee of Darryl Anderson, Rex Wenko and Ron Smedhammer for the athletic director position on the NDHSAA Board of Directors. Nominees are Terry Hjelmsstad of Minot Public Schools and Ed Lockwood Fargo South High School. These nominations will be reported to the General Assembly at the October meeting.

A communique from the Greater Bottineau Area Chamber of Commerce questioning the Class B Region 3 tournament site assignment was reviewed by the Board.

The Executive Secretary reported on a hardship eligibility request for Jessica Thorson who transferred from Cathedral to Wachter Junior High School. Motion by Norland to deny this as consideration for a hardship case. Second by Geggelman and carried.

The Board heard a request from KVRN TV to consider a time change for the Class A East Regional Girls' Basketball tournament to allow coverage to work around the television station's mandated coverage of the Mike Tyson fight. This would require a change of the ending date of the regional tournament. Motion by Leidal to change the tournament to end on Friday rather than Saturday. Second by Jensen and carried.

Chairman Bommerbach declared the meeting adjourned until the following morning at 9:00 a.m. The meeting will be moved to Room 3015 for more space.

The Board reconvened September 20, 1995 at 9:00 a.m.

The Board held an audience with athletic directors Jim Haussler of Bismarck and Terry Hjeltnstad of Minot who voiced concerns with the budget problems caused by the mandated shot clock for Class A Boys' basketball. Motion by Jensen to delay the use of the shot clock for one year. Second by Leidal and carried.

NDHSAA attorney Gary Thune appeared before the Board in response to questions concerning the policy on physical examinations. The national standard requires an individual to have a physical examination prior to the first year of participation with a clearance by a doctor for each of the following years of participation. Auer recommended the Executive Secretary write a letter to the Medical Association seeking their opinion on this issue and if they would support a change and what that change would be. Also, ask if a disclaimer signed by the doctor would be acceptable.

The Board reviewed the proposed ByLaw change concerning preseason practice requirements counting if an individual is involved in an NDHSAA sponsored tournament or play-off competition being held in the preceding season concurrently with such preseason practices. The question was raised if practice prior to these play-off competitions would count toward the following preseason practice requirements. The Executive Secretary will add wording to clarify any practices for the preceding season play-offs will also count toward the following season's preseason practice requirement.

Fargo North principal Andy Dahlen spoke to the Board on behalf of the Fargo Public Schools requesting a reconsideration of the out-of-season rule that was adopted at the June meeting. Mr. Dahlen asked the Board to consider the ramifications to community sponsored programs from which school districts directly or indirectly benefit financially. Also the rule may create more of an all-star concept which is contrary to the principle and philosophy of the association and may jeopardize current junior high programs that have season and game limitations. Also mentioned was the rule possibly causing less parent interaction.

The Board held audience with Mandan School District representative Dale Ekstrom who introduced Dianne Behm and Perry Schaefer, school district patrons who requested to appear before the Board. Ms. Behm, vice president of the Backboard Booster Club, indicated their club helps sponsor individuals to participate in their basketball program and help them financially with no regard to athletic ability or financial capability. Mr. Schaefer also spoke in support of a reconsideration of the out-of-season rule.

Motion by Norland to rescind rule #4 in its entirety. Second by Ness. Motion carried unanimously.

Chairman Bommerbach thanked the Executive Secretary and the Board as well as parents who offered positive input in reconsidering the rule in question.

With no further business, Chairman Bommerbach declared the meeting adjourned.

MINUTES **North Dakota High School Activities Association** **Board of Directors** **November 17, 1995 - Minot Holiday Inn**

The Board of Directors of the North Dakota High School Activities Association met on November 17, 1995 at the Holiday Inn in Minot. Chairman Bommersbach called the meeting to order at 1:15 p.m. with all members present.

Motion by Jensen to approve the minutes of the October 18 regular meeting and the October 19 General Assembly meeting. Second by Sanstead and carried.

The Executive Secretary presented the financial report with the trial fund balance, the investment report and the budget as of November 13, 1995.

Hansen reported on the Class B District Chairmen's meeting held earlier in the day. A strong consensus of the chairmen's group was to study and possibly act on the early starting date of the fall sports, primarily girls' basketball. Consideration for removal from the Constitution and ByLaws the mandated date for end of season of boys' basketball and football was discussed. The consensus of the Board was to leave as is for 96-97 year. The Executive Secretary was directed to place an article in the Bulletin and prepare a press release to indicate the rationale for the original starting date and the Board's action toward study and possible adjustments for the 97-98 year. No further action was taken on the starting date.

The Board studied the preliminary financial comparisons of the play-offs for Class B 9-Man, Class B 11-Man and Class A Football as well as all other fall activities.

The Junior High Constitution and ByLaws section concerning the use of 7th and 8th grade students on a high school team and how it affects their eligibility for junior high participation was discussed. Motion by Ness to propose an amendment to the Constitution and ByLaws to eliminate #9 in the junior high section that allows 7th and 8th grade students to be elevated to high school competition without loss of junior high eligibility only if the 7th and 8th grade enrollment is less than 50 students. Second by Geggelman and carried.

Also discussed was the possibility of eliminating Article XII that deals with the ending date of boys'

basketball and football seasons. Motion by Ness to direct the staff to draw up for study by the Constitution and ByLaws Committee an amendment to Article XII that deals with season restrictions of dates. Second by Geggelman and carried.

The Board was asked to study the length of season proposal as submitted by District 16. The staff will prepare a calendar that explains the proposal and send to the Board for study.

The Board read a letter from Erftmeyer & Sons requesting the Board to extend the contractual agreement for NDHSAA trophies for one year. No action was taken.

The Department of Public Instruction enrollment figures along with a list of football cooperative sponsorship programs were given to the Board. These figures will be used to determine Class B football alignments for the 1997-98 and 1998-99 school years. Ness indicated a suggestion was given to him to consider enrollment in grades 7 through 10 rather than the present enrollments. This may give a better picture of the enrollments that will be in place for the years of the football re-alignment. It was indicated the present 9-12 enrollment was fair. This will be given to the Football Committee for the January meeting.

Sylling excused himself from the meeting.

Supt. Greg Haugland of Kenmare appeared before the Board seeking the Board's interpretation on what is a tournament. Kenmare is considering a 16 team girls' basketball tournament for 1997 and would like this interpretation prior to working out details. This tournament would offer the opportunity to teams not currently in a tournament to schedule one. Motion by Norland to allow the Northwest conference to have their 16 team tournament as planned. This will be on an experimental basis. Second by Sanstead and carried.

A letter from Bismarck concerning the state cross country and state soccer being on the same weekend was read. The Board was asked to consider scheduling these events on separate weekends because some individuals are involved in both soccer and cross country. No action was taken.

and carried.

Discussion took place and Auer requested the interpretation be studied by the Constitution and ByLaws Committee.

With no further business, President Bommersbach declared the meeting adjourned.

MINUTES
Class B District Chairmen's Meeting
10:00 A.M. - November 17, 1995
Holiday Inn, Minot, ND

The Class B District Chairmen met at 10:00 a.m. on Friday, November 17, 1995, at the Minot Holiday Inn. Chairman Hansen called the meeting to order and briefed the group on how their recommendations are forwarded to the NDHSAA Board of Directors to be acted upon at the June annual meeting. Chairman Hansen called for reports from the districts beginning with District 1.

District 1 - Supt. Dale Fuhman:

1. Consider designating two Friday nights during the season as girls' basketball nights and move the football games to Thursday or Saturday nights. Example: The Friday night of the week before Teachers' Convention.

Region 1 has volunteered to be the experimental area for this scheduling study. Prin. Dendinger of Rugby stated they travel much farther for football than basketball so there may be a problem on a school night. Prin. Gorder of Fargo Oak Grove - there is a concern for the Friday - Tuesday turn-around prior to the football play-offs.

2. Recommend staying with the Spalding Basketball as the official ball. The Executive Secretary informed the group we are on the first year of a three year bid.

3. Recommend changing girls' volleyball to follow the same format as the girls' and boys' basketball for district, regional and state playoffs. District playoffs will be to advance four teams from each district into the region and the champion going on to the state tournament. Solberg gave update on district study being shared with the volleyball coaches.

District 2 - Prin. Darwin Gorder, Fargo Oak Grove:

1. Recommend moving the starting date for girls' basketball from August 8th to August 15th. One way to address this issue is to reduce the number of games for girls' and boys' basketball. Supt. Tollefson asked if girls' basketball practice is tied into the start of football practice. Supt. Hagen of Stanley informed the group that Dist. 16 has a calendar proposal that they will present.

2. Recommend reducing the number of girls' and boys' basketball games to 16 or 14 plus one invitational tournament. Supt. Fuhman - Basketball is one of the only revenue producing incomes and he would question reducing the number of games. Prin. Dendinger - The number of games is not the problem for girls' basketball, it is just that the season is too short for the number of games.

District 3 - Supt. Gerald Bartholomay, Hillsboro:

1. Recommend studying the feasibility of moving boys' basketball season and tournaments one week later. Concern was expressed about the general public questioning the early date for starting practice for fall sports.

2. Recommend continuing current rotation of regional girls' and boys' basketball tournaments between Mayville and Grafton.

3. Also added the recommendation to keep girls' basketball in the fall.

District 4 - Supt. Claude Sheldon, Park River:

1. Strongly recommend that girls' basketball remain in the fall.

2. Recommend girls' basketball season not be lengthened. Would like to see end of tournaments before Thanksgiving.

3. Recommend bench decorum remain as is.

District 5 - Supt. Don Davis, St. John:

1. Concern over early start of activities next fall on August 8th for girls' basketball.

2. Recommend the 10 foul rule be eliminated.

3. Concern over bench decorum rule not being enforced. Nothing is being done. Supt. Fuhrman - Districts have a couple of coaches that ignore the rule and the rest of the coaches are great. This issue must be addressed by the administration of the coach that is not in control.

4. Expressed concern over the way that cooperative sponsorships are being counted in determining which schools are in 9-man and which in 11-man.

5. Expressed concern for basketball games becoming more physical. Is this for a purpose?

6. Dist. 5 requests an explanation of how regional tournament sites are selected. Chairman Hansen explained how the regional sites are determined with district recommendations and invitations from sites considered. Suggested that each individual school have a vote on the selection of the site. Gorder - There are other factors that enter into the selection of tournament sites.

District 6 - Prin. George Dendinger, Rugby:

1. Allow free throws to be shot at the end of the game even if time has expired as this could figure into the tie breaker system.

2. Expressed concern over the early starting date for girls' basketball. Girls' and boys' seasons should be equalized by adding to girls' season and cutting boys' season.

District 7 - Supt. Richard Cheatley, Maddock:

1. Recommend holding official selection for later in the year. Suggested was one month later.

2. Concern over early date of starting girls' basketball practice.

3. Request the schools be allowed input on football playoffs.

4. Expressed concern about coaches mandatory rules testing. Coaches in for 20 years should be trusted to know the rules.

District 8 - Supt. Rodney Scherbenske, Goodrich:

1. How was it determined that there is no practice at district and regional sites? Requested is consideration for those teams that do not play at site during the regular season. Kummeth - commented it is an excellent rule. Davis - Leaving it locally is not the answer. Dendinger - If you are the host, you are forced to cancel classes in your gym because you are forced to schedule practices. Bartholomay - Maybe address just the issue when you are not in a neutral site. Ness - What is a neutral site? Batterberry - This is just the first year that it is in effect so let it continue and give it a chance before a change is discussed. Chairman Hansen stated the general consensus is to continue study. Tollefson - The policy is good because it reduces the loss of school time.

District 9 - Supt. Robert Kummeth, LaMoure:

1. Concern over officials not showing up for games and sending someone else. Carlrud - Schools please notify the NDHSAA and we will work with officials to attempt to prevent any miscommunication with contracting officials.

2. Standardize the rule that permits schools with less than 50 in the junior high to move students up and down at will. Should be same for all schools. The Executive Secretary suggested this could be studied by the Constitution and Bylaws Committee.

Motion by Sheldon to refer this amendment to the Constitution and ByLaws Committee. Second by Kummeth carried, 14-2.

3. Two schools from this district would like elementary athletics added to the NDHSAA.

4. Recommend both the girls' and boys' regional basketball tournaments be held in Jamestown.

District 10 - Supt. Leon Ableidinger, Steele-Dawson:

1. Move girls' basketball season one week back to coincide with football season.

2. Recommend reducing the number of basketball games to 16 games or 14 and a tournament.

Discussion continued on early start. Sheldon - Their district voted unanimously to follow the activities dates. Bartholomay - He has been directed by his school board to ask for a general consensus of the district chairmen on the early starting date. Hagen - introduced for District 16 a proposal for length of season and tournament structure. Sheldon - We maybe need to remove the bylaw that requires boys basketball season to end on a specific date and allow the Board to set the tournament each year. Batterberry - We need to take care of our own situation before it is handled by outside parties. A straw vote indicated the group was in favor of removing the requirement for the boys basketball ending date from the Constitution and ByLaws. A straw vote indicated all were in favor of considering a later date for start of fall practice in 1996.

District 11 - Supt. Sam Tollefson, Carson:

1. Recommend the continuation of the rotation of regional basketball tournaments between Mandan and Dickinson.

2. Recommend teams be allowed to practice at district and regional sites.

3. Recommend parking passes be sent out with admission passes to the district chairmen for the state tournament.

District 12 - Supt. Duane Martin, Regent:

1. Recommend returning to three-district regions in basketball.

2. Concern over no practice rule at district and regional basketball tournaments.

3. Expressed concern that play-offs in the Dome two weekends in a row makes for long travel for west teams.

District 13 - Supt. Bob Tollefson, Washburn:

No further items for recommendation

District 14 - Supt. Norm Batterberry, North Shore:

1. Recommend the coaches box.

2. Recommend allowing practice at regional basketball site at the discretion of local administration.

District 15 - Prin. Clyde Huber, Berthold:

No further discussion as all recommendations had been covered.

District 16 - Supt. Elroy Hagen, Stanley:

1. Recommend coaches box. They polled administrators in his district and they were in favor of the coaches box, 7-3.

2. Recommend holding regional basketball tournaments in Williston.

3. Presented the Watford City proposal concerning the calendar. Encouraged everyone to study their proposal on length of season.

Chairman Hansen reviewed discussions that have occurred in the past concerning the bench decorum rule.

With no further business, Chairman Hansen declared the meeting adjourned.

Respectfully Submitted,

Class A Central: Robert Toso 96 - Ukestad - 77

Motion by Auer to accept the report of the Committee. Second by Jensen and carried.

Ness reported on behalf of the Constitution and ByLaws Committee with a recommended policy addressing out of season coaching. The policy reads:

A student participating in an activity "out of season" may not receive coaching or training from a salaried or non-salaried member of his/her school's coaching staff except under the following provisions:

1. During June and July, coaches of team sports (basketball, football, hockey, soccer and volleyball) from a NDHSAA member school's coaching staff in that sport may instruct students in a summer contest or camp who have participated in a contest as members of their school team in that sport.
2. Coaches of individual sports (cross country, golf, gymnastics, swimming, tennis, track and wrestling) from a NDHSAA member school's coaching staff may coach students in that sport in an "out-of-season" contest or camp, provided that it is not under the supervision and operation of the member school.

Motion by Ness to approve as presented. Second by Auer and carried.

Ness also reported on the study of the elimination of Constitution and ByLaw's mandated end of season for basketball and football giving the Board more flexibility in the scheduling of the seasons. This would require deleting Article XII, Section 1: Football: e and Section I Boys Basketball: d. Motion by Ness to propose this amendment. Second by Gegelman and carried.

Following a discussion of junior high bylaws, the committee directed the staff to write a clarification of the Valley City/Mandan amendment passed by the General Assembly at the October, 1995 meeting.

Mr. Peske indicated there were no further requirements for which the group saw a need.

Auer recommended to the Board the study of sports physical examination requirements continue.

Chairman Bommersbach asked for a time line. Auer indicated the end of April would be adequate time to allow information to be shared with the member schools.

Sytling indicated the General Assembly may express concern for the different costs for a physical examination in different parts of the state. Mr. Peske explained the various costs reflect how detailed the examination. Auer stated the message is this is a screening and is not expected to be a complete medical examination.

The Board held audience with Ned Yahrke and Jeff Schlossman who requested an appearance to ask for the Board's assistance in making the people of North Dakota aware of girls' hockey. Information regarding the girls' hockey program was provided to the Board. Currently there are many programs which are growing steadily. The Executive Secretary was requested to provide the Constitution and Bylaws rules concerning eligibility of participants.

Second by Hansen and carried.

The Board reviewed the Soccer Advisory Committee recommendations. No action was taken.

The Executive Secretary shared a letter received from Killdeer indicating a concern for the amount of per diem allowance for their team involved in post-season play in football. Ness indicated the Board study the possible consideration to raise the mileage to help schools traveling from the western part of the state to the Dome for football playoffs.

The District 16 calendar proposal on length of seasons was discussed. Sytling will respond to the study at the March meeting.

Assignments were made for trophy presentations for up-coming NDHSAA events.

Board of Directors - Special Meeting
February 8, 1996

A special meeting of the North Dakota High School Activities Association Board of Directors was called to order by President Bommersbach at 9:00 A.M. on February 8, 1996. All members were present except Sylling.

Tim Ketterling, Napoleon superintendent and athletic director was present to appeal the ruling causing Napoleon wrestler Jody Jangula, ejected for unsportsmanlike conduct to be ineligible for the regional tournament. Because of weather cancellations, the next contest in which this student is ineligible to compete is the region.

Lengthy discussion followed. Hansen indicated his school was involved in the dual which was canceled.

because of weather reasons and were unable to reschedule.

Auer stated there is a need for people to be accountable for their actions and they are in control of these actions. If not, there is a consequence. A decision on this appeal could be a precedent setting situation.

Leidal indicated the difficulty in justifying any future penalty after this situation if this were not enforced.

Motion by Leidal to deny the appeal. Second by Auer. A roll call vote followed:
 Norland - Yes Leidal - Yes Auer - Yes Sanstead - No Hansen - Yes
 Ness - No Jensen - Yes Geggman - No Bommersbach - Yes
 Motion passed, 6-3.

A special meeting of the North Dakota High School Activities Association Board of Directors was called to order by President Bommersbach at 11:30 A.M. on February 9, 1996. All members were present.

Supt. Tim Ketterling, wrestling coach, Barry McCleary and Napoleon wrestling club representative Tina Weigel in audience.

President Bommersbach informed the Board the purpose of the meeting was not to appeal the appeal but to insure all pertinent information had been supplied to the Board prior to their February 8th decision concerning Jody Jangula of Napoleon.

The first question Chairman Bommersbach shared with the Board was if the copy of the February 5th correspondence from the Napoleon wrestling club had been shared during the February 8th meeting. President Bommersbach read this letter to the Board.

Jensen commented information from this letter is not relevant to the decision.

Auer expressed concern that Napoleon could have held the make-up dual match but it had not taken place.

The Board was questioned as to whether or not they wish to re-open the appeal. President Bommersbach entertained a motion to re-consider. There being no motion the decision remains as stands.

Board of Directors - Special Meeting
February 21, 1996

A special meeting of the North Dakota High School Activities Association Board of Directors was called to order by President Bommersbach at 9:30 A.M. on February 21, 1996. All members were present.

President Bommersbach informed the Board the two-fold purpose of the meeting which was dealing with east/west hockey regional placement and the proposal from the Meyer Broadcasting Network.

The Executive Secretary reported on the completion of the regional hockey tournaments. Evident is the problem of seven teams in the east region giving byes not only in the first round but also in the second round. The state athletic directors association unanimously proposed to move Jamestown to the east for regional competition. Recommended was to move Jamestown to the east for hockey for the 1996-97 season. Devils Lake was asked their intentions concerning their placement for regional competition. Because the Board felt Devils Lake should be given ample time to consider this situation, motion by

Hansen to place this item on the agenda for the March 8th meeting to gather all the information. Second by Leidal and carried.

The Executive Secretary was directed to write a letter to both Jamestown and Devils Lake informing them of the March 8th meeting and ask if they wish to be placed on the agenda.

The Executive Secretary reported on a meeting with Meyer Broadcasting network representatives. Their proposal is a six-year bid rather than the bi-annual bidding process. Motion by Jensen to send a letter to possible bidders that the Board is open to an alternate bid for six years. Second by Ness and carried.

There being no further business the meeting was declared adjourned.

1500 calendars - Knight Printing - \$5,807

Motion by Norland to accept the Dalton Press bid. Second by Leidal and carried.

The Executive Secretary reported to the Board on a survey conducted with Class A schools concerning the feelings of the necessity of a shot clock. The athletic directors were opposed 11-7 to the shot clock. Along with this information, several surveys indicated the suggestion of applying to the National Federation for an experiment for 16 minute halves. Motion by Hansen to eliminate the shot clock. Second by Ness. Discussion followed.

Motion by Sanstead to table the motion until the March 15 meeting. Second by Sylling and carried. The Executive Secretary was directed to poll the member schools to determine how many schools have actually purchased a shot clock in anticipation of the introduction of the shot clock.

The Executive Secretary reported on the violation by Fort Yates Public of playing an ineligible student during the regular basketball season resulting in forfeitures that affected the seeding of their district tournament. The Board was asked to consider further action with Fort Yates Public for willful violation of the Constitution and ByLaws. Motion by Geggman to place Fort Yates Public on a one-year probation for violation of the Constitution and ByLaws. Second by Ness and carried.

The Board reviewed the letter from Selridge Public School concerning the problems the reseeding of their district tournament had as a result of the Fort Yates Public forfeits. It was the feeling of the Board the districts have jurisdiction over themselves. Motion by Ness to have the Executive Secretary send a letter to Selridge Public Schools indicating such. Second by Geggman and carried.

Staff member Solberg reported the first combination state volleyball tournament was successful. Leidal

and Sylling also indicated the tournament was well run.

The board held audience with Dr. David Haney, superintendent of Jamestown Public Schools, Ron Smedhammer, athletic director of Jamestown Public Schools and Randy Coleman, athletic director of Devils Lake Public Schools. Prior to their address to the Board, the Executive Secretary reviewed the concerns with the uneven numbers in the assignment of Class A regional schools and the problems with the football, basketball and hockey alignments. Mr. Smedhammer shared a letter listing their concerns over the possible realignment and their wishes to be reassigned to the east for hockey competition. Their indication was they would continue to compete in hockey in the west if they were not moved from the east in any other athletic program.

Randy Coleman spoke next representing Devils Lake's concerns with regional assignments. They indicated their hockey program would be willing to play in the east region. All other activities should not be acted upon because eventually the regions will balance themselves as several schools in the west will be added to Class A because of enrollment. With Devils Lake possibly being reassigned to the east region in hockey, Coleman indicated the need for a mandated 14 game schedule with North Dakota schools to ensure each member of the east region scheduling games with each other rather than some scheduling with Minnesota schools leaving other North Dakota schools with a short schedule.

Motion by Leidal to move Jamestown to the east region for hockey for the 1996-97 school year. Along with this move, a notification will be made to the hockey schools of a strong expectation to fairness to all regional programs in scheduling or a mandated schedule from the Board will follow. Second by Norland and carried.

The recommendations from the North Dakota Athletic Directors was reviewed. Motion by Sanstead to authorize a jamboree setting for boy's soccer similar to the hockey rules/jamboree. Second by Leidal and carried.

Ness shared some concerns that have been voiced to him as a result of the out-of-season coaching rule. An interpretation as to who may coach under this rule was discussed. Also how the current rule affects the Junior Olympic volleyball programs. Motion by Norland to table this issue until the March 15 meeting. Second by Sanstead and carried. The staff was directed to study this issue and report to the Board on March 15.

The Board read a letter concerning the alleged conduct of the coach and players from Powers Lake during a district tournament game. The Board directed the Executive Secretary to contact the school superintendent to conduct an investigation and report back to the Board.

Ness reported on a hardship investigation concerning Sunny Hollifield who transferred from Devils Lake to Stanton. Motion by Ness to deny the eligibility. Second by Norland and carried.

With no further business, Chairman Bommersbach declared the meeting in recess until March 15 in Bismarck.

The Board was reconvened at the Bismarck Radisson Inn on March 15, 1996. President Bommersbach called the meeting to order at 1:00 p.m. with all members present.

The television bids were opened and shared with the Board:

Meyer Television Network - A two-year bid of \$ 112,500 per year with additional services as outlined in the bid.

Meyer Television Network - \$ 112,500 per year as a six year bid totaling \$675,000 with additional services as outlined in the bid.

A letter was read from the KX 4 Network indicating they did not wish to bid at this time.

Motion by Hansen to accept the six-year bid from the Meyer Television Network. Second by Sanstead and carried.

The Executive Secretary reported on the results of the survey sent to the Class A schools on how many schools had purchased the shot clock in anticipation of the introduction of the rule. At this time, two

schools have purchased this equipment. Several suggestions were made as to how to solicit a donation of the clock. Also mentioned was the possibility of seeking a state-wide bid for all schools.

The original motion made at the February 8 meeting by Hansen and seconded by Ness to drop the shot clock was voted on. It was defeated unanimously. The shot clock will be implemented for the Class A boys' basketball beginning with the 1996-97 year.

The Board reviewed the policy concerning unsportsmanlike conduct disqualification.

Auer reported on the continuing study on physical examination forms. More information will be provided at a later date.

The out-of-season coaching rule was reviewed. As was suggested in the previous meeting, wording to clarify the interpretation of the rule was discussed. Motion by Ness to adopt the additional wording "in that sport" for clarification purposes. Second by Jensen and carried.

The Executive Secretary was directed to add a note to exempt non-salaried student teachers who were coaching while undergoing their supervised teaching experience.

Leidal reported on section VII of the policy book addressing vacation time. Motion by Leidal to change Letter F of the Policy Manual to read: At the time of retirement or termination of employment, an employee will be credited (on a prorata basis) with unused vacation days earned during the current fiscal year and will also be paid for a maximum of 20 unused, reserve vacation days earned during the previous years of employment. Second by Ness and carried.

Motion by Sanstead to approve the cooperative sponsorship application of Rolla/Rock Lake for baseball. Second by Auer and carried.

Several letters were read concerning the unruly conduct of Butte/Drake/Anamoose fans at the Region 3 boys' basketball tournament and Hope/Page in Region 1 boys' basketball tournament. The Executive Secretary was directed to send a letter of concern to the school boards of the schools in these cooperative sponsorships with a recommendation to consider an adoption of a sportsmanship policy. Second by Ness and carried. Also included in the letter to Hope/Page will be an inquiry as to what action, if any was taken concerning the students involved in the incident mentioned in the letter.

The Executive Secretary reported on the results of the inquiry concerning the Powers Lake incident in district basketball competition. Motion by Ness to send a letter of reprimand to the coach involved in this incident with a copy of the letter to the superintendent and the school board. Also a letter will be sent to the NDOA indicating their concern they had expressed over this incident has been addressed. Second by Sylling and carried.

Cindy Bohn representing the Missouri Valley Junior Olympic volleyball program appeared before the Board to express their concerns with how the out-of-season coaching rule affects their new program. Next was Carolyn Foster from Grand Forks Red River who spoke for the Grand Forks Junior Olympic Program. Bill Brevik from Mayville also spoke. Class B District Chairmen's Meeting
10:00 A.M. - March 15, 1996
Radisson Inn, Bismarck, ND

The Class B District Chairmen met at 10:00 a.m. on Friday, March 15, 1996, at the Bismarck Radisson Inn. Chairman Gegelman called the meeting to order and indicated the reports will begin with District 1. The following reports were given:

Dist. 1 - Supt. Dale Fuhrman of Minot:

1. Their district favors keeping the three class football plan. If four classes are formed, four sets of problems rather than three will exist. Suggested was setting the Class B 9-man first rather than the other way.
2. Oppose the use of a shot clock. When asked if any districts were in favor of the shot clock, no districts indicated such.
3. Recommend the designation of two Friday nights in the fall for girls' basketball rather than football. Suggested was the association set these dates rather than separate conferences.
4. Recommend the enforcement of the tucked in jersey rule.
5. Quit talking about creating volleyball districts the same as basketball and do it.

Dist. 2 - Darwin Gorder of Fargo Oak Grove:

1. Adopt the coaches box. A straw vote indicated 3 districts in favor and 13 districts opposed.
2. Allow for a preseason jamboree. The Executive Secretary indicated this would take an amendment to the Constitution and ByLaws.
3. Rotate Region 1 basketball tournaments between Fargo and Wahpeton. Questions arose concerning the seating capacity in the Civic Center.

Dist. 3 - Jerry Bartholomay, Hillsboro:

1. Keep volleyball in the winter.
2. Adopt the coaches box.
3. Expressed a concern of officials canceling out of contracts. Staff member Carlsrud requested these situations be reported to allow the association to check into this and do a follow-up.
4. Favor rotation of Region 2 basketball tournaments between Grafton and Mayville. Following the regional tournament, some discussion indicated the possibility of Grand Forks as a regional site.

Dist. 4 - Claude Sheldon, Park River indicated no further recommendations.

Dist. 5 - Brad Fitzgerald, St. John:

1. Recommend keeping the Region 3 tournament within the confines of Region 3 boundaries for both boys and girls. The regional tournament in Devils Lake was not very well attended. No specific site was indicated.
2. Recommended next year's boys' tournament in Langdon and girls' in Rugby or Bottineau.
3. Recommend girls' basketball and football cannot start until after Labor Day. Gegelman informed the

group of the possible proposal of amending the Constitution and ByLaws to remove the mandatory dates for the ending date of football and boys' basketball to allow for more flexibility in scheduling all seasons.

Dist. 6 - George Dendinger, Rugby:

1. Concern over the length of seasons and early starting dates.
2. Also indicated concern for the seating capacity of some of the Region 3 basketball tournament sites.

Dist. 7 - Myron Jury, Minnewaukan:

1. Asked about the timing and selection of region and state tournament referees. Indicated a preference to conduct the selection process the first part of January.
2. There is a need for addressing rough play, especially in tournaments. Referees call games closer during the season and let almost anything go during tournaments.
3. Leave Region 4 site at Devils Lake.

Dist. 8 - Rodney Scherbenske, Goodrich:

1. Recommend continuing to use the ratio in determining football coop's enrollments.
2. Recommend treating volleyball as a separate sport in determining district lines, etc.
3. If a district site is also the regional site, the district not played in that site should be allowed to practice in this facility.

Dist. 9 - Robert Kummeth, LaMoure:

1. Recommend both Region 5 basketball tournaments be held at the Jamestown Civic Center. It is the feeling the present practice is not fair to the girls.
2. Non administrative advisory committee recommendations that are approved should be communicated with the superintendents prior to NDHSAA Board approval.

Dist. 10 - Leon Ableidinger, Steele-Dawson:

1. Request from District 10 to rotate the Boys' Region 5 tournament between Bismarck/Mandan and Jamestown. There needs to be some type of rotation with Region 6.
2. District is in favor of enforcement of the bench decorum rule for coaches.
3. There is a concern for crowd control. Other districts were asked what they are doing for this situation. Discussion included the new policy of the Bismarck Public Schools concerning crowd control. Each athletic Director from the community from which the unruly fan is from may talk to them prior to calling the law enforcement.

Dist. 11 - Sam Tollefson, Carson:

1. Recommend the continuation of rotation of Region 6 basketball tournament between Mandan and Dickinson.
2. Recommend teams be allowed to practice at the district and regional basketball tournament sites.
3. Indicated their district's opposition to the shot clock.
4. Keep the Spalding basketball as the official ball. The district chairmen were informed that this was the first of a three-year bid.
5. Should any players be declared ineligible within a district, the activities association should contact the District Chairman of that district regarding the ineligible player. Mentioned was the districts have local control over their operation.

Further discussion took place concerning practice at district sites. A straw vote of 5-11 indicated the present rule is preferred.

The Executive Secretary was asked to explain guardianship versus custody in relation to transfer of eligibility.

Dist. #12 - Duane Martin, Regent indicated no further recommendations.

Dist. #13 - Robert Tollefson, Washburn:

1. Volleyball coaches want regional concept and administrators want the district/regional concept.
2. The district discussed having officials in the regional tournament that are from participating schools which causes a problem for the tournament manager concerning assignments.
3. The subject of football produces various opinions from the schools throughout their district. Requested was not to eliminate the 9th regular season game in future considerations for the football plan.

Dist. 14 - Norm Batterberry, North Shore:

1. Recommend Region 7 girls' basketball tournament be held in Washburn. There is a basic problem in the time zone differences. Washburn is closer to schools in the region.
2. Recommend Region 7 Boys' basketball tournament be held in Minot.

Dist. 15 - Clyde Huber, Berthold:

1. Expressed concern about the early start for practice for both girls' basketball and football.

2. Practice time at the district and regional tournament sites should be allowed. Each district should control time, length and amount of practice for their own teams.
3. Suggest that any city hosting a state level competition of any kind should provide rooms free of charge for the teams participating. The per diem and mileage to remain the same as it is. Schools compete in a state event and sometimes have to take money from their own activities funds to cover expenses.

Dist. 16 - Elroy Hagen, Stanley:

1. Recommend free rooms for participating teams in the boys' Class B tournament provided by the host city.
2. Recommend a study of the current per diem payments. Recommended was to negotiate room rates for the other state events such as wrestling and volleyball. Also discussed was the situation of motels giving rates only if it is a 3-night stay and will not allow teams/parents to stay if they wish to check out early. Suggested was if motels continue to raise prices, fans will opt to stay home and watch it on television. Asked was the possibility of getting a state rate.
3. Recommended the continued use of the Spalding basketball.

With no further recommendations, Chairman Gegelman declared the meeting adjourned.

Harmon moved: 1. beginning in 1996-97, a rotation procedure for superior and acting state gymnastics judges (move to a new event after judging three consecutive years) be required and the judge's years of experience be preferred. 2. recommend a meet referee be designated for that sole purpose when there are six teams or more at invitational events.

3. judges and coaches would select two representatives from each region - these region representatives would meet and select the officials for the region and state meets. Second by Tim Garrett. Motion carried.

MINUTES
North Dakota High School Activities Association
Board of Directors
April 18, 1996 - Valley City, N.D.

The Board of Directors of the North Dakota High School Activities Association met in the Association office at 9:30 a.m. on April 18, 1996 with all members present except Auer who joined the meeting later as noted. President Bommersbach called the meeting to order.

Motion by Hansen to approve the minutes of the March 8 and March 15 meetings. Second by Geggelman and carried.

The Executive Secretary presented the Fund Balance report, the Investment report and the budget through April 15, 1996.

Ness requested to continue the study of a template or other computer means for member schools for the purpose of registering for various activities, reports, etc.

The Board's attention was called to an expense comparison chart on the various tournaments held during the 1995-96 year. Also studied was a state basketball comparison chart with the 1988 year through the 1996 year.

The finalized winter financial reports on boys' basketball were reviewed.

A discussion took place on the procedure to be used for the site selection item on the agenda. Information on the various invitations had been supplied for review prior to the time of site selection for various tournaments.

Sanstead reported on the following on behalf of the Promotions Committee:

- The Distinguished Service Award nominees will be reviewed and a final report and recommendation will be made at the June meeting.
- The staff was directed to check into styles and colors for new NDHSAA blazers.

Norland reported on the following on behalf of the Football Committee:

- A survey will go out to schools with 2 plans listed. A request will be included for suggestions for any other possible plan. Finalization of the study is planned for the June meeting.
- Semifinals are planned for the Dome. If two teams that are to compete are both from the western part of the state and both teams consent to play at a site in the west, they will be allowed to do so.
- No quarter-finals will be held in the Dome.
- The dates of the Class A semi-final is Friday, November 8th and the Class B semi-finals are set for Monday, November 11th. All three finals will be played in the Dome on Saturday, November 16th. The order of play will be studied by the committee at the June meeting.

A letter was read from Dr. Sheryl Houdek, Superintendent of Shanley High School indicating they wish to continue to compete with their natural rivals and would continue to be in the Class A ranks.

Geggelman reported on behalf of the Officials Committee:

- Several NDOA requests were reviewed. The committee recommended accepting:
 1. Raise sub-varsity football and hockey fee from \$20 to \$25.
 2. Beginning with 1996-97, begin a 3-year rotation for gymnastics events at the state meet.
 3. In a meet where there are 6 teams or more, a separate official will be designated as the Meet Referee.

A letter from District 16 concerning officiating was discussed by the committee. The Officials Committee recommended a resolution be formed by the office staff to go out to each school and each official on what will be done to address rough play in girls' and boys' basketball. This resolution is to be presented for review at the June meeting.

Motion by Geggelman to accept recommendation number 1 above. Second by Sylling and carried.

Motion by Ness to accept recommendations 2 and 3 from above. Second by Sanstead and carried.

Auer joined the Board meeting.

Motion by Sylling and second by Sanstead to accept the formation of the Officials Committee's recommendation to draw up a resolution to address officiating. Motion carried.

The Executive Secretary informed the Board of plans to conduct regional meetings at 8 to 10 sites inviting administrators that handle the enforcement of the Constitution and ByLaws. Also planned is the hosting of sportsmanship meetings to be held in conjunction with these meetings inviting several students and key people including school board members. This program would give schools strategy they could take back to their school to implement a sportsmanship program. Motion by Jensen to proceed with the plans. NDHSAA Board members are encouraged to be in attendance at one of these regional meetings. Second by Hansen and carried.

A letter of apology from the Butte Public School District concerning an unsportsmanlike incident was read.

A letter was read from the Mayville-Portland-Clifford-Galesburg school district concerning the housing of the state basketball tournament teams and seating for these players at the tournament site when they are not involved in play. Also mentioned was unauthorized microphones in the huddles. Discussion followed concerning the interviewing process that takes place immediately following a tournament game. The Executive Secretary was directed to study the television contract to see how it addressed the interview policy as well as sound in the time-out huddles.

Auer reported on the on-going study of the sports physical policy. The recommended form from the North Dakota Medical Association was other than the type of screening that is expected by the NDHSAA. The question is whether this is a sports participation screening rather than a total physical exam. The inconsistencies in what entailed the physical examination was making a wide variance of costs to parents. Suggested by Auer was a letter and a draft of the physical form recommended by the NDHSAA be sent to the NDMA for their review.

The Board held audience with Jim Gentile, Athletic Director; Robert Toso, Principal; Mr. & Mrs. Mel Stoltz, parents; and Lisa Brown, gymnastics coach from Valley City Public Schools. The issue at hand is a young boy, Tyler Stoltz who wishes to compete on the girls' gymnastics team. This youth has been involved in girls' gymnastics club competition since an early age. Discussed was the possibility of the Valley City Public Schools propose a by-law change to the membership to make an exception for boys competing on a girls team for gymnastics.

The Board reviewed the correspondence received in response to the crowded conditions at the Class B Region 2 boys' basketball tournament. This will be taken into consideration at site selection time.

Ness gave a report on the Constitution and ByLaws Committee. Discussed was the interpretation of what is a basketball tournament. Recommended was an interpretation stating a tournament shall be no more than 3 games played by any one team. A study will be made following the 16-team exception made for experimental purposes. Motion by Leidal to accept the recommended interpretation. Second by Geggelman and carried.

The organization of the Board for the 1996-1997 year was discussed. Geggelman nominated Ness to serve as the 1996-97 chairman. Motion by Jensen to close nominations. Second by Norland and carried.

Nominations were opened for a vice-chair. Geggelman/Sanstead nominated Leidal. Motion by Ness to close nominations. Second by Sylling and carried.

It was brought to the attention of the Board the need to designate a voting delegate for the summer convention. Motion by Sanstead to designate the Executive Secretary to serve as the North Dakota delegate to the National Federation meeting at the summer convention. Second by Hansen and carried.

The Board reviewed the agenda and registration materials of the National Federation meeting.

The Board held audience with Merrill Krueger of Wolford, Sharon Humble, School Board member of Wolford and Jim Isaak, superintendent of Leeds. Their purpose was to request the Board to consider some type of transitional year for their boys' basketball program to allow them to form a cooperative sponsorship program for a non-varsity team with Rolette while allowing Wolford to complete the remaining one year of their three year agreement with Leeds for their cooperative sponsorship. This would allow the one senior to finish his high school career with the Leeds/Wolford coop while allowing the remainder of the Wolford students to start a coop with Rolette. This would, in their opinion, increase participation. Motion by Hansen to deny the request. Second by Norland and carried.

Plans were made for the state track meet in Grand Forks.

The Executive Secretary informed the Board of a number of requests from track coaches to allow an additional meet per week because of the inclement weather during the season to this point. Motion by Geggelman to allow three track meets per week providing one meet is on a non-school day. Second by Leidal and carried.

Requests for adjustments to game limitation have also been brought in for baseball. Because of the flexibility baseball teams already have, no action was taken.

The Executive Secretary indicated the hockey jamboree has been successful and there is a yearly request to allow for continuation. Motion by Jensen to approve. Second by Leidal and carried.

The Board discussed school's concerns about room rates being too high for teams attending the state basketball tournament. One of the reasons is the hotel cannot give favorable rates if all 8 teams stay at the same hotel. The Board was asked if they wished to reconsider the policy to have all teams stay at the same facility. The policy of all teams at the same motel came from a recommendation from the North Dakota Coaches Association. No action was taken. The NDHSCA will be contacted for input.

Plans were made for the upcoming June annual meeting which will include a meeting of the trophy committee with those companies that are bidding costs and styles for trophies, plaques and other awards.

The letters of response from Powers Lake concerning the conduct of the boys' basketball coach were read. Geggelman indicated the NDOA Board of Directors had requested information as to what had transpired following the NDHSA letter of reprimand to Powers Lake School District. The Executive Secretary will write a letter to the NDOA Board.

The Board heard a request for a cooperative sponsorship for boys' and girls' golf from Hazelton to Linton. Motion by Geggelman to approve the request. Second by Jensen and carried.

The Executive Secretary gave the Board an update on the process of determining the final six distinguished student applications for the interview that has been scheduled for May 10th.

Norland shared with the Board the scheduling problems that have happened in hockey with some schools refusing to help all schools in their region to fill. This is something that had earlier been indicated by the Board that if they did not accommodate their own regional schools through scheduling they would receive assistance in this issue. This will be addressed at the Athletic Review meeting when they review the hockey advisory committee's recommendations.

Discussion about the site selection process was held. The first sites to be determined were the state basketball tournaments for the 1997-1998 year. These sites were assigned as bid by a motion/second and voice vote:

Class B Boys' Basketball, March 19, 20, 21, 1998 - Geggelman/Auer - Minot (total management cost of \$2,000.00)

INDEPENDENT AUDITOR'S REPORT

Board of Directors
North Dakota High School Activities Association
Valley City, North Dakota

I have audited the accompanying statement of assets, liabilities, and fund equity of the North Dakota High School Activities Association (a North Dakota nonprofit corporation) as of June 30, 1996, and the related statements of cash receipts, disbursements and changes in fund balance for the year then ended. These financial statements are the responsibility of the Association's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides reasonable basis for my opinion.

As described in Note 1, the Association prepares its financial statements on the basis of cash receipts and disbursements. This basis is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances of North Dakota High School Activities Association as of June 30, 1996, and its cash receipts, disbursements and changes in its fund balances for the year then ended, on the basis of accounting described in the Note 1.

NORTH DAKOTA HIGH SCHOOL ACTIVITIES ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1996

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Fund Accounting

To ensure observance of limitations and restrictions placed on the use of resources available to the Association, the accounts of the Association are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

The assets, liabilities, and fund balances of the association are reported in a self-balancing fund groups as follows:

1. Operating funds, which include unrestricted and restricted resources, represent the portion of expendable funds that is available for support of the Associations operations.
2. Plant funds represent resources restricted for plant acquisitions and funds expended for plant.

B. Basis of Accounting

The Association maintains its records on the cash basis of accounting. Under this method of accounting, revenues and related assets are recorded when received rather than when earned or receivable, and expenses are recorded when the obligation is paid. This differs from generally accepted accounting principles in that revenues are to be recorded when earned rather than when received and expenses recorded when incurred rather than when paid.
