FOREWORD

This yearbook provides a detailed accounting of the past years' activities for NDHSAA. I would like to thank the Board of Directors, NDHSAA office staff and all representatives of the member schools for your dedication and commitment to the Association.

US Bank completed its seventh year as NDHSAA Corporate Sponsor and has two years remaining of a three year contract. In addition, US Bank provides \$5,000 in scholarship funds for the Distinguished Student program. Their commitment to high school activities is appreciated.

This is the third year Farmers Union Insurance is a supporting sponsor for all activities. Farmers Union Insurance has two years remaining of a three year contract. Their involvement is also appreciated.

Once again, NDHSAA served a large number of students in grades nine through twelve. In 2005-06 there were 26,464 student participants in sports activities and 15,988 student participants in fine arts activities.

Because of the hard work and support of our member schools, NDHSAA continues to be a very successful organization that serves North Dakota students involved in activities. It is important that each member feels as though they are an important part of the Association. The Association anticipates another good year. Your support is greatly appreciated.

North Dakota High School Activities Association Board of Directors Special Meeting July 14, 2005

A special meeting of the North Dakota High School Activities Association Board of directors was called to order at 9:00 a.m. on July 14, 2005. President Lockwood called the meeting to order. Members present were; Lockwood, Duchscherer, Sanstead, Jungling, Jordan and Knodle. Kevin Harmon, Superintendent of Bishop Ryan High School was also present.

Bishop Ryan High School requested the dissolution of a cross country cooperative agreement with Minot High School effective 2005-06. The Executive Secretary read a letter from Supt. Harmon. Supt. Harmon then spoke to the Board indicating one student competed in the coop last year (2004-05) and 30 have signed up for cross country this fall if it is held at Ryan. It is the goal of Bishop Ryan to have 100% of their students involved in extra-curricular activities. The Executive Secretary indicated he had discussed this issue with the Administration of Minot High School and the concern expressed was the timing of the request. It was their belief that this should occur a year in advance so students have time to adjust. Motion by Duchscherer to approve the dissolution. Second by Sanstead and carried unanimously.

There being no further business, the meeting was adjourned.

 - Pingree-Buchanan and Carrington in wrestling. Pingree-Buchanan has not had any athletes involved in this program.
- Motion by Briggs to approve the dissolution of these two cooperative sponsorship programs. Second by Sanstead and carried.

Applications for cooperative sponsorship were received:

- Finley-Sharon and Griggs Country Central in football, cross country, golf and track for the 2006-2007 year. The Executive Secretary informed the Board there are several cooperative sponsorship applications that are to be considered in the near future, possibly via conference call. Each coop application, upon completion, is posted on the NDHSAA web site for a minimum of two weeks prior to any Board action.

The Board was supplied with the updates for the Policy Manual and the Constitution & By-Laws.

The Board held audience with Supt. Bill Dietz and School Board President Stanley Hepper of Selfridge and Supt. Al Bjornson and School Board President Robert Full Bear of Solen. Selfridge Board President Hepper addressed

the Board concerning their request to be dissolved from their coop with Solen. Supt. Bjornson spoke on behalf of Solen who wished to not dissolve the coop. Cited were problems such as scheduling that would be created by the dissolution. Solen Board President Full Bear shared additional points of information. President Lockwood reviewed the portion of the Constitution & By-Laws wording on cooperative sponsorship dissolutions indicating within the first three years of an agreement it cannot be dissolved without agreement of all parties involved. Because of the rules as stated in the Constitution & By-Laws, motion by Carlson to deny the request to dissolve. Second by Briggs and carried.

Briggs shared with the Board a point of clarification of the motion at the previous meeting to change the mileage payment to the state rate but not to change any other per diem payment. Motion by Briggs to clarify the action from the previous Board meeting was to raise the mileage payment to \$.375 per mile and to leave all other per diem payments as were previously set (\$7/\$9/\$12). Second by Schaible and carried.

The Board held audience with Supt. Joel Braaten of Leeds in response to a Class B Redistricting Committee's proposal to move Leeds/Minnewaukan from District 7 to District 8. Carlson spoke on behalf of the committee's proposal and how they reached this recommendation. Supt. Braaten spoke to the Board with a request in the form of a proposal to leave their district assignment to District 7 as it is currently. Volesky indicated the changing and reorganizing of schools indicates an annual need for this type of review with possible changing of district assignments. The Executive Secretary reminded the Board that the recommendations from the Class B Re-Districting Committee were brought forth for input from the membership. All of this input will be reviewed by the committee for final proposals at the September Board meeting.

The Board reviewed a request from Bisbee-Egeland for an additional year of eligibility. Motion by Jordan to deny the request for the additional year of eligibility. Second by Volesky. It was clarified this request did not fall under the intent of the rule. Following further discussion, motion to deny carried.

A communiqué from Jamestown High School requesting the Board to move the September 27th meeting from Valley City to Jamestown to allow them the opportunity to have an audience with the Board. The purpose of this audience would be to appeal the decision to place Jamestown in the West Region for all activities. No action was taken.

NDHSAA auditor, Harold Rotunda presented the 2004-2005 annual audit report. Mr. Rotunda emphasized the wisdom of the change in policy of team payment and how it insures the financial security of the association of member schools. Motion by Volesky to approve the report. Second by Sanstead and carried.

Schaible reported on behalf of the Constitution & By-Laws Committee with the following:

- Approved the constitutional ballot that will be sent out to member schools.
- Proposed to the Board amendments Article XIV, Section X, part b on page 30 (Hardship rule) and Part two, Article XIV, Section XI on page 33 of the By-Laws that will be presented to the member schools for vote at the October General Assembly meeting. The Board was asked to approve the presentation of these amendments pending final approval of the wording by NDHSAA attorney, Gary Thune. Motion by Schaible to propose these amendments to the member schools as reviewed by attorney Thune. Second by Carlson and carried.
- The changes in the foreign exchange/international student regulations were reviewed. This will be reviewed by NDHSAA attorney Thune for suggested wording clarifications. The committee will bring this back to the September meeting for the Board to review these suggestions.
- The committee was charged with reviewing the 90 day sit-out rule. There have been questions as to if this rule should be changed and, if so, how to change it. Suggestions such as change to contest sit-out, ineligibility for 180 days, etc. The committee is requesting input from the members of the Board for further consideration. Volesky indicated there are certain activities that may be more affected than others because of the placement of the season during the school year. Briggs indicated that if we are looking at equity, perhaps we should look at sit-out that would effect all sport seasons.

Volesky reported on the Finance Committee on the following:

- The bookkeeper position will be vacated as of December 31, 2005. The committee discussed how this position will be replaced with a target date of the first part of December. The Finance Committee requested a spreadsheet showing all secretary salaries. Committee recommends that the new secretary/bookkeeper hired shall be paid on an hourly rate with the two remaining secretary/assistants being switched to an hourly rate at the end of the current fiscal year. Committee members will recommend an hourly starting wage at the September meeting.
- Class A state music contests are split into three sites in the west and two in the east. Recommended: Average the miles driven for the east region/state and west region/state contests to find the average mileage for each school in their respective region. Use the mileage average to determine revenue sharing points. Schools will be paid for a cumulative total of no more than 50 students for all of the region/state contests for the year. Motion by Volesky to use the average mileage rate for each of the region contests in the east and west. This cumulative mileage will be applied to the formula. Second by Briggs and carried.
- The Executive Secretary met with the supporting sponsor, Farmers Union Insurance concerning the signage in the bowl area. At present, Farmers Union Insurance has an existing contract with all but one of the state in tournament facilities and the request to not have their signs in the arena area would only apply to those facilities in

which they do not have a pre-existing agreement. FU Insurance is much appreciative of their involvement in the NDHSAA. Hence, they have proposed a three-year contract as supporting sponsorship agreeing to pay \$27,000 for 2005-2006 year, \$30,000 in 2006-2007 year and \$33,000 in 2007-2008 year.

Motion by Briggs to approve the three-year contract. Second by Jordan and carried.

The Board discussed the formation of nominating committees for the purpose of replacing the outgoing positions of Class B Northeast and Class A East. The Class B East administrator group will be notified to select two names to be placed on the ballot. These names will be announced at the October meeting and ballot sent out in December. The Class A East chairperson is currently Andy Dahlen of Fargo North. Correspondence on this issue will be sent to him. Volesky indicated the Class A superintendents wish to have a copy of all information that is going out to the Class A principals and athletic administrators to allow them to keep informed as to the workings of the association. Many of the Class A schools do not house their superintendents in the same building as the athletic administrator and that can cause difficulty in communication. Motion by Volesky to add Class A superintendents to the mailing list for information that is sent to the Class A athletic administrators. Second by Knodle and carried.

Motion by Briggs to allow the Class B Northeast administrators serve as the nominating committee and Andy Dahlen to serve as chair of the Class A East nominating committee. Second by Schaible and carried.

The Board submitted their lists for assignments for trophy presentations at region and state events for the upcoming seasons.

Carlson reported on a hardship investigation he conducted at Wolford High School. Following a thorough report and discussion, motion by Carlson to approve the request. Second by Sanstead and carried.

Knodle reported on behalf of the Sportsmanship Committee with suggestions for adjustments for the process for determining teams to receive the sportsmanship banner at the state tournament. These adjustments will be shared with the Class A Principals' Association for input. A final report will be brought back to the Board at the September meeting.

Additional plans for upcoming board meetings were determined.

Executive Secretary report:

- The Board will be dealing with Golden Valley's request for a coop.
- The US Bank contract has been finalized and a copy will be sent to any Board member upon request.
- Josten's still shot photographer contract has been finalized.
- Jamestown is appealing their move to the West Region

- There is a hardship in the Board folder to review for the next Board meeting or a conference call if requested by the school involved.

With no further business, President Lockwood declared the meeting adjourned.

Respectfully submitted,

This will be ready to send to member schools in time to be voted upon at the October, 2006 General Assembly meeting. Class B District Chairperson's Meeting

9:00 A.M. – November 18, 2005

Holiday Inn Riverside, Minot, ND

(Items advanced to NDHSAA Board listed following minutes)

The Class B District Chairpersons met at 9:00 a.m. on November 18, 2005 at the Minot Holiday Inn Riverside. Chairman Carlson called the meeting to order with all districts present. Chairman Carlson welcomed the district chairmen and thanked them for bringing the recommendations from their respective districts.

Following each district chairperson, guests and staff introducing themselves, the Executive Secretary thanked the representatives for their contributions. He indicated he will be passing out information sheets to be completed by each district for 2006 district volleyball chairperson, 2006 district volleyball site and manager, and 2006 regional volleyball site recommendations. He also expressed gratitude to the district chairpersons for their time and work in preparation for this meeting.

The Executive Secretary reviewed the process for recommendations from the district chairpersons. These recommendations are voted on by the members of their respective districts, and then must be voted on as a district chair group. The group was thanked for their involvement in this process.

District 1-----Rick Jacobson, Wyndmere HS

1. Football—something needs to be done. Either go three classes or stay with four but have two nine-man divisions. Geographic location should be considered when classifying. Football Committee Chairman, Jungling gave a report from their meeting held earlier. The results of the most recent football survey were shared with those present. The committee discussion resulted in these four thoughts: (1) Set up a plan to provide the best opportunity (2) Ask the question, is it more important for schools to play the same size schools or more important to play schools geographically closer (3) Should there be a guaranteed schedule (4) Should the business side of this be considered, such as funding for the schools and how the divisioning is effected. This report will be shared at the Board meeting later in the day. The Executive Secretary followed with further details of the survey. The main concern from schools that wanted three divisions indicated travel as their biggest issue. The next topic expressed was rivalry. Of the schools that wished to continue with 4 divisions, it was the majority that indicated they wished the plan to remain as is. Other suggestions were mentioned. Schools that were indicating a possible cooperative sponsorship application were listed.

2. Shorten all seasons in all sports. This is an issue with the girls having no time off between seasons where the boys have time off. It was stated there should be something done to avoid the overlap of volleyball and girls' basketball. Herman asked if the thoughts were to reduce the season length only or would there be an indication of reducing the number of contests. Jacobson indicated District 1 is open to any type of suggestions. Ulven indicated District 2 is looking at this issue which is causing individuals to pick activities for participation and reducing the over-all numbers participating. With the legislature looking at the possibility of mandating a later start date for all schools, how will this effect this concern. A vote taken indicated yes – 4, no – 11

3. Do not allow body paint at district, regional and state tournaments. It was clarified the issue was shirts needs to be required. A vote was taken – yes – 12, no – 3. Herman indicated this should be an issue that is handled by the individual school rather than the tournament management.

4. Let tourney manager and their committee pick which teams receive the sportsmanship banner. The Executive Secretary explained what the Sportsmanship Committee has done concerning changes in how the sportsmanship banner program is handled during state tournaments.

5. NDHSAA meetings that are scheduled in Aug. around the state should be held over ITV. The Executive Secretary indicated this has been discussed. He indicated a concern there would be a loss of personal contact. Person, Dist 12 indicated this is a good time for administrators and other staff get together and meet new people. A vote taken indicated yes – 5, no – 9.

District 2-----Wayne Ulven, Richland HS

1. Hold the pre-game conference for both A and B teams at the same time before the JV game. This practice was currently being tried and will continue to do so. After discussion, a vote was taken Yes – 2, No – 12.

2. Supports three divisions for football with middle class set at 40 teams.

Their district was indicating support for this recommendation.

3. Supports shortening all sports seasons by one week and especially volleyball.

4. Supports changing the boys and girls basketball season around.

A vote was requested. Yes – 6, no – 9

District 3-----Dan Hoornaert, Hillsboro HS

1. Concerns about football playoff format

a. Advance the top 3 teams in 9-man. (In a three-way tie, the number 1 team did not advance to play-offs) Herman, Dist 5 has the same recommendation with the thought there is sufficient time to make this adjustment for the 2006 year rather than waiting for the next 2-year cycle. With this recommendation, there could be a Tuesday night play-off. Staff member Carlstrud indicated how superintendents indicated they were concerned about the number of less than competitive games in the first round. Vote – Yes – 10, No – 4

b. With the partner region system, you are possibly playing the same team twice in the same season. Pair odd regions together and even regions together to avoid this. Travel would not be such a significant difference. Morast indicated Dist 13 also is recommending this. It was stated by Quintus, Dist. 14 that in their area, not only would they possibly play the same team twice, but the games would be close together. It is suggested teams play their first round away from the scheduling partner. Herman indicated the Tuesday night game in this recommendation would be requiring more travel on a school night. It should be considered more important to have more kids involved in post season play rather than who they are playing in the first round. Vote Yes – 6, No – 8

District 4-----Jeff Carpenter, North Border, Pembina

1. Volleyball warm-ups 6-6-6-2, going back to the way it was.

Vatne, Dist. 16 indicated coaches had suggestions as to how this should be changed. Dockter, Dist. 7 stated their district indicated a wish for change. Requested is the standardization of sub-varsity warm-up.

2. Continue libero serving.

This is currently in the first of a three-year experimentation process. A survey will go out to the coaches for information to forward to the National Federation Volleyball rules committee.

District 5-----Matt Herman, Ellendale HS

1. Recommend expanding the 9-man football playoffs to 3 teams from each of 8 regions.

2. Recommend the NDHSAA board of Directors approve no applications for new football coops nor any requests for dissolutions of existing football coops during the 2-year football plan.

a. All action on coops involving football shall be determined prior to the start of a 2-year plan and there be no action on coops resulting in geographical changes to regions or adversely affecting 2-year scheduling of games coinciding with the 2-year plan. This has caused problems with scheduling. Vote Yes – 6, No – 7

3. Recommend the continued use of Jamestown as a site for state volleyball tournaments.

4. Recommend admission be charged at state fine arts events and contests.

This comes out of anticipation of how the new team payment plan will effect schools with more reimbursement for fine arts activities. Because of this, there should be an effort to collect revenue from these events. A vote was not requested but asked the Board to continue study of this recommendation.

5. Recommend the continued rotation of the Region 3 Volleyball Tournament between Districts 5 and 6 with the 2006 tournament be held in LaMoure.

District 6-----Ken Miller, Steele-Dawson, HS

1. No agenda items at this time that have not been previously discussed.

District 7-----Dennis Dockter, Harvey HS

1. Concern with volleyball official officiating district tournament who had not worked any regular season games.

2. Concern with some schools using hometown officials.

3. Go back to 6-6-3 volleyball warm-up

4. Remind schools to use knowledgeable line judges and remind officials they can overrule a bad call by the line judge.

5. Neutral site for Regional Volleyball.

District 8-----Robert Lech, Rolla HS

1. Continued use of the libero in serving.

2. Leave VB start and end as currently stands.

3. Change warm-up to 6-6-6-2.

4. Region 4 be placed in Devils Lake

5. Dissolve schedule partners for Region 4 football due to travel concerns.

District 9-----Mike Severson, Flasher HS

1. Discussion on new warm-up times for VB, 4-4-4-4
2. Favor four divisions of FB—two nine-man divisions.

District 10-----Dale Ekstrom, Underwood HS

1. A volleyball officiating concern whistling for serve before team was ready.
2. Support staying with 25 point system.
3. Discussion suggested eliminating the district tournament and advancing two teams to state tournament. Person, Dist. 12 indicated their district likes and wishes to keep their district tournament as it is well attended and enjoyable. Vatne, Dist 16 also indicated they like their district tournament but may need to look at a change in the future. The Executive Secretary indicated there has also been discussion about basketball doing this. Herman indicated the regional tournament may need restructuring with four teams advancing to region which would help eliminate playing on a school night and there would be less scheduling conflicts. No vote was taken.
4. Question regarding FB, 3 or 4 divisions was discussed.
5. There was discussion of mandating home and away scheduling of district teams to eliminate two-point games. Carpenter, Dist 4 stated this is up to the individual districts.

District 11-----Steve Heim, Anamoose

1. No agenda items at this time

District 12-----Peggy Person, Berthold HS

1. Libero continue to serve in VB.
 2. Change pre-game for VB so the participants shake hands only one time prior to the match.
This will be taken to the coaches meeting for discussion.
 3. Change back to old VB warm-up (6-6-6-2)

- It was clarified this could be proposed to the National Federation as this is a rule. Vatne, Dist. 16 also indicated they prefer this recommendation. The vote to propose was **Yes - 12, No - 3**

District 13-----Kevin Morast, Hettinger HS

1. The number of teams in District 13 is getting less. (Grant County in District 13)
Home/Away schedules were previously discussed.
2. Nine-man football playoff format.
3. Home / Away schedules.
 - a. If forced to have a home/away schedule, the top team in district should have an automatic berth to the regional tournament.

District 14-----Gerald Quintus, Richardton-Taylor HS

1. Set districts and leave them (no changing back and forth)
2. Home-Home scheduling should not be dictated.

MINUTES
North Dakota High School Activities Association
Board of Directors
November 18, 2005 - Minot, ND

The Board of Directors of the North Dakota High School Activities Association met on November 18, 2005 at the Minot Holiday Inn. President Lockwood called the meeting to order at 1:00 p.m. with all members present except Stanstead.

Following several additions, motion by Briggs to approve the agenda. Second by Schaible and carried.

A copy of the minutes from the October 19, 2005 meeting was provided to the Board in their packets. Motion by Jordan to approve as written. Second by Knodle and carried.

The Executive Secretary presented the financial report. The Balance sheet, savings and investment reports were reviewed. Lockwood gave a financial report on the Dakota Bowl. Because of the schedule which was mandated by outside interests, there were additional costs that must be factored into the report. The Executive Secretary indicated the television contract amount has usually been put into the finance report with a distribution as determined by the association. This will now be listed as a separate item. Motion by Briggs to approve the report. Second by Volesky and carried.

The Board reviewed requests for dissolutions for cooperative sponsorship programs.

- a. Fargo Shanley and Fargo North in gymnastics, effective immediately.
Motion by Volesky to approve the dissolution. Second by Jungling and carried.
- b. Wing and Steele-Dawson in volleyball for 2006-2007. Along with this dissolution, the Board reviewed the request from Wing and Wilton for volleyball, 7-12.
Motion by Jordan to approve the request for dissolution of the Wing and Steele-Dawson coop program in volleyball for 2006-2007 and approve the request for the coop application for Wilton and Wing in volleyball for 2006-2007. Second by Carlson and carried.

The following cooperative Sponsorship applications were reviewed:

- a. Lisbon, North Sargent and Milnor in boys' and girls' cross country for 2006.
Motion by Briggs to approve. Second by Knodle and carried.
- b. Bowbells and Burke Central in one-act play and speech for 2005-2006.
Motion by Carlson to approve both applications. Second by Schaible and carried.
- c. Finley-Sharon and Hope-Page in football for 2007-2008.
Motion by Knodle to approve. Second by Jungling and carried.

The Executive Secretary reported to the Board the information that was requested from other state associations concerning their policy on sports medicine authority at a competition site. Jungling indicated there was a presentation at the National Federation Board meeting from a member of the Sports Medicine Committee. He indicated it would be favorable to have a form that would prove a parent or guardian has signed a statement that an injured student is allowed to continue. Lockwood stated as a tournament manager, it would be desirable to have a docu-

ment that indicates transfer of care. Duchscherer stated it would not be reasonable to put rural communities in a position where they must have medical personnel at every event. Volesky indicated there are many regular season contests that do not have a trainer on site. A policy would cause additional expense at events where it is not feasible to have someone on site. Lyson asked if wording such as in the event there is an injury and there is not medical personnel present, whoever has the highest level of medical expertise would have the authority to determine whether a student may continue in competition. Schaible suggested a form with signatures would be helpful in this type of situation. Motion by Lyson to form a committee of athletic trainers, two board members, one or two physicians and staff to review these issues and to report back at the March meeting. Second by Briggs and carried. Suggested Board members are Lyson and Knodle.

The Board held audience with Brett Stockert, Director of Player Development for the North Dakota Amateur Hockey Association with a request for consideration to allow contact between high school coaches and their players out of season. Rather than the June and July exception that is presently in place, the request is for March through May to allow contact. This would be to allow a selection process for athletes to attend a developmental program. Jungling asked if this could be done during the high school season. Volesky indicated allowing this would open the door for many other sports to approach the Board with the same request. Lockwood stated if this request is to replace the June and July exception, it would eliminate many hockey camps that are currently being run during the summer. Volesky stated past discussions indicate the rule should remain in place and any action to change would make the rule vulnerable in relation to other sports. Knodle shared the concern of students being forced to make choices rather than feeling free to participate in multiple sports. No action was taken by the Board.

The Board held audience with Rick Westra, NDHSAA official photographer. The program has been successful and orders are starting to come in. Westra thanked the Board for the opportunity to make this program a success. There was a concern voiced by the Board that other photographers who are unauthorized to sell photos are using NDHSAA tournaments for their own gain. The Board thanked Mr. Westra for his efforts.

Briggs reported on his investigation on a hardship eligibility application for a student who transferred from Dunseith to Belcourt to attend Turtle Mountain Community High School. The parents of this student were in attendance at the meeting. Volesky shared the Board operates by a set of guidelines as listed in the Constitution & By-Laws that does not fit this particular situation. Based on this, motion by Volesky to deny the request. Second by Jordan. After extensive discussion, motion passed.

Jungling reported on behalf of the Football Committee with the following items:

- Regional assignments were discussed for Shiloh Christian. The committee recommends moving Sargent Central from Region 1 to Region 2. Shiloh would replace Sargent Central in Region 1. Sargent Central has communicated with the NDHSAA they would be agreeable with this move. Motion by Jungling to approve this recommendation. Second by Volesky and carried.
 - The committee was informed concerning the New England football program. They have indicated they will be meeting with Mott-Regent and Dickinson Trinity to study their situation. If New England drops football, it is the committee's recommendation to allow Williston Trinity Christian to be assigned to Region 7. Motion by Jungling to approve this recommendation. Second by Lyson and carried.
 - The committee shared the discussion they held concerning the football divisional survey with the following observations:
 - Survey results were 48 in favor of 4 divisions and 44 in favor of 3 divisions.
 - Recommendation from the committee is approval of 4 divisions of football, as per survey results.
 - The committee questioned what is best for football in North Dakota. How can prioritization of a system that would give the most schools the opportunity to advance for playoffs, playing schools their own size, playing schools that are closer, guaranteed schedule, and/or financial gains be obtained. Travel will always be a concern. It was noted 17 schools did not return this survey. Volesky indicated no matter how slim the majority appears on the survey, it would be wise to follow it. Duchscherer stated surveys are not necessarily a vote but an opportunity for the Board to feel the pulse of the football schools. If staying with 4 divisions, Duchscherer expressed a concern as to how many schools will be remaining in the 9-man and A divisions.
 - The Football Committee discussed the timeline for the Football Plan and recommend it remains the same, contingent upon the proposed By-Law change.
 - The parameters were again reviewed and recommended is to remain as is, contingent upon By-Law change.
 - Communications from Region 3 9-Man and A divisions were presented to the committee for review.
 - Discussion was held on information relative to possible cooperative sponsorship programs that may be formed in the future.
- Motion by Jungling to continue with the four-division football system as is currently in place. Second by Briggs. Schaible asked if the divisions would remain the same. Carlson indicated everything he hears is the opinion to go to three divisions. The motion carried with two dissenting votes.

Briggs reported on a hardship investigation that was conducted concerning a student who has transferred from Carrington to Fessenden. Supt. Olschlagger of Fessenden was in attendance to answer any questions concerning this request for eligibility. Motion by Jordan to deny the request. Second by Jungling and carried.

Carlson reported on a hardship eligibility investigation concerning a student who has transferred from Cannon Ball

district to Four Winds. Motion by Jordan to deny the request. Second by Briggs. It was mentioned the two schools involved were not in agreement with the eligibility and it does not meet the criteria of a hardship. Motion carried.

Schaible reported on behalf of the Constitution & By-Laws committee with the following:

- Recommended proposing to the membership an amendment to the Constitution & By-Laws - Page 8, Part Two, Section XI, Cooperative Sponsorship, 6. "for all activities except football. Football cooperative applications must be received in completion by September 15th of the preceding year to be considered by the Board of Directors. Note: No late-fee extensions will be granted to football coops". Motion by Schaible to approve the submission of this amendment. Second by Carlson and carried.
- The committee reviewed page 9, letter e concerning undue influence. The feeling of the Board is to leave the wording as is until NDHSAA attorney Thune has an opportunity to review and offer any suggestions for possible change in the wording and any other associated action. By Board consensus, action will move forward on this process.

Carlson reported on the District Chairperson meeting that was held earlier.

Duchscherer reported on behalf of the Media Committee:

A concern was brought forward by a member of the media on the process used to gain access to a tournament site if they do not have a certified media credential. The committee directed the office to form a credential for this particular situation to allow people to show proof they are a member of the media and can gain access to a tournament. The committee felt this request could be honored. Motion by Duchscherer to approve this request. Second by Knodle and carried.

The Board discussed a question concerning School Practice Sessions as found on page 36 of the Board Regulations & General Information, School Practice Sessions. The question was raised as to whether participation in the State One-Act Play would fall under the exception for practice requirements when an athlete is actively involved in competition held concurrently with such preseason practices. Motion by Briggs to add "athletic" into the paragraph to clarify this is in reference to athletic participation. Second by Volesky and carried.

Jungling reported on behalf of the National Federation Board of Directors meeting:

- NF is working on a policies and procedures manual that could possibly be adopted in some form by the NDIAAA.
- Reports from each section were heard. Many same issues come from each section.
- Interested
 - The libero player and rally scoring is going well.
 - No injuries have been reported since the pool depth has been changed.
 - Study was made about the free-throw positioning and study indicated there would not need to be a change in the rule.

Lockwood shared with the Board a chart outlining tournament manager points in relation to the awarding of the NDHSAA Lifetime pass. The subject of this chart was tournament manager, Gary Mailloux who has been part of the management of 43 region and 39 state tournaments which should be applied to the point system. Shared was the part of the lifetime pass regulations that allows the Board, upon recommendation of the Executive Secretary, may grant such award to other individuals that might not meet the point requirement. The Executive Secretary recommended Gary Mailloux be considered for this award. Motion by Volesky to award a lifetime pass to Gary Mailloux. Second by Jungling and carried. This will be presented at the January General Assembly meeting.

Plans were made for the January meetings.

Briggs shared with the Board his concern about the last part of the document that was received from Ann Finley concerning a Board member. Briggs indicated the negative statements concerning this Board member who was carrying out his assigned duties were completely out of line and unnecessary.

The Executive Secretary reported on his investigation of alleged recruitment violations of Four Winds High School. After a thorough investigation, there was no evidence that was found that could prove recruitment. No further action is recommended.

The Executive Secretary presented his report:

- Region assignments for Beulah in track, baseball, wrestling and golf will be delayed until information as to what schools will be participating before regional alignments can be made.
- Alida Posein's retirement will be December 21 in Valley City. Board members shared intentions of attendance.
- The NDHSAA will be served court papers concerning an ejection penalty that is being challenged by an injunction.

November 28, 2005**

The purpose of the meeting was to review the cooperative sponsorship program application for Bottineau and Canadian schools, Doloraine, Melita and Waskada for boys' hockey. Briggs asked questions concerning the number of athletes available from Doloraine and will they continue to have a program in their community. Kersten indicated there is a club program in Doloraine that is not affiliated with the school. Kersten assured the Board the athletes that are coming to their program are familiar with the eligibility rules of the NDHSAA. Other questions were raised concerning the difference of school systems and how it will affect the eligibility of those students that come to Bottineau. Motion by Briggs to approve. Second by Sanstead. It was clarified there is only one student that is joining Bottineau through the coop for the current year. Additional questions were addressed. A vote taken indicated the motion carried with one dissenting vote. **North Dakota High School Activities Association
Board of Directors Special Meeting
December 5, 2005**

A special meeting of the North Dakota High School Activities Association Board of Directors was called to order by President Lockwood at 9:00 a.m. on December 5, 2005. Members present were: Lockwood, Volesky, Knodle, Jordan, Jungling, Briggs, Schaible, Lyson and Duchscherer. Members absent were: Sanstead and Carlson.

The first order of business was to formally approve coop agreements between Dickinson High School and Hope Christian School for the following junior high activities: football, boys and girls basketball, boys and girls track, volleyball, boys golf, boys and girls cross country and baseball. Volesky moved to approve the coop applications, Briggs second and motion carried (9-0).

The second order of business was to consider a request from Frank Schill, Superintendent of Cavalier High School to allow special education students the option of being eligible at their attendance sites rather than at school of residence. The present Board interpretation allows for a waiver of the 90 school days period of ineligibility for a student placed in another school by Special Education placement causing a change in residence. Special Education students who attend a different school than where they reside are eligible in the school of residence. The Board was interested in declaring this student eligible in Cavalier, but was concerned about making "over the phone" wording changes to the interpretation. Jordan made a motion to allow the 8th grade student from Valley School District immediately eligible in Cavalier High School. It was understood that there would be a 90 school day period of ineligibility in the event the student wished to compete for Valley High School in the future. It was further understood the Constitution & By-Law Committee would work with Gary Thune to develop the proper wording for the interpretation. The motion was second by Lyson and was approved by a vote of (9-0).

Executive Secretary Sylling informed the Board of the recent ruling of a District Judge to vacate the temporary restraining order on behalf of a Mandan student and ruled in favor of Mandan High School and NDHSAA.

There being no further business, the meeting was adjourned.

Respectfully submitted
Sherman Sylling

It was mentioned if the survey indicated putting the two divisions together by a simple majority, it would still leave schools that are not in favor of the request. - State Wrestling and State Volleyball sites in the 2006-2007 year were recommended to be switched. "After that placement the student's election to compete in his/her school of special education placement becomes him/her school for eligibility purposes. Any subsequent change not made necessary by a change in parental resident or change in special education placement, makes his/her ineligible 90 school days for varsity competition; Motion by Schaible to approve. The Board read a Grand Forks Tennis request which involved competition outside of the high school team during the season. Motion by Knodle to approve the request. Second by Sanstead. Discussion followed. Motion and second were withdrawn. Motion by Volesky to table this until the Board meeting March 10th in Grand Forks. Second by Briggs and carried.

The Board reviewed a letter from Curt Jones, West Fargo requesting the Board to change the regulation of game limitation for hockey from the current 20 games or 18 games and a tournament to a straight limitation of 21 games. Motion by Jungling to approve the request. Second by Lyson and carried, 8-2. This will go into effect for the 2006-2007 season.

A letter from Curt Jones, West Fargo was reviewed. The letter was a request to waive the out-of-season coaching rule for a junior high coach who was not aware of the rule and volunteered with the high school program after her junior high season was completed. Motion by Jordan to deny the request for the exception. Second by Knodle and carried.

The Executive Secretary indicated the need to put into place a Class A review process which would be similar to the Class B District Chairperson process and the Coaches' Advisory Committee process to submit to the Board proposed changes. It was a consensus of the Board to put this together.

Jungling reported on the National Federation Board:

1. Pleased to report the relationship of the NIAAA and the NF is still strong. Along with Jungling being on the National Federation Board of Directors and President Lockwood is on the NIAAA Board of Directors. These two organizations are currently in the process of separating their organizations.
 - a. NF has financially benefited from the NIAAA conferences. There will be a changeover of the NIAAA magazine
 - b. The Athletic Conference will be a shared venture between the NIAAA and NF.
2. At the Winter Meeting, some national happenings:
 - a. Steroids are becoming a national concern. Some associations are mandating testing of state champions.
 - b. Oklahoma football season, a quarterback was ejected and not eligible for the next play-off game. This was taken to court and the association postponed the game until the ruling came back in the association's favor.
 - c. Discussed state association adoption for National Federation rules.
 - d. National Federation is looking for a certification course that is not as long as the ASEP safety certification courses. There is a possibility of severing ties in the coaches education.
 - e. The NF has been approached by T-Mobile to be involved in the sponsorship of National Championship tournaments in which they would promote high school activities as opposed to club sports. This would bring a significant amount of money to the national as well as the state associations. Part of this would be they would fund the

National Leadership Conference for two students from each state.

Briggs reported on behalf of the Fine Arts Review Committee. Their review will take place the Thursday of the State Track & Field Meet. Motion by Briggs to add 2 people to this committee to promote balance. Second by Volesky and carried.

The rooming lists were finalized for the upcoming events.

The Executive Secretary presented his report:

1. Justin Theel, Mgr. of Theel, has been approved to display three vehicles at the State Track meet for \$1500 which will be split with the tournament committee
2. Summer meeting plans were reviewed.
3. General Assembly meeting plans are in place.
4. The Board will need to start thinking about a candidate for the upcoming one-year replacement of Class A West Board member, Volesky who will be going off the Board next year when Beulah goes to Class B.

The next regular Board meeting will be March 10, 2006.

With no further business, President Lockwood declared the meeting adjourned.

The Representative Assembly Meeting of the North Dakota High School Activities Association was held Monday, January 30, 2006 at 8:00 A.M. at the Bismarck Ramkota Inn. The vote on the amended amendment carried unanimously.

On behalf of the NDHSAA Board of Directors, the Executive secretary presented the following amendment to read:

Amend Part Two, Article III, Section XI on page eight of the July 2005 Constitution & By-Laws.

- a. To paragraph 6, add to first sentence: "for all activities except football". A second sentence will be new and

Motion by Supt. Wade Faul, Griggs County Central to place the amendment on the floor. Second by Supt. Larry Geggelman, Central Cass. A vote on the amendment carried with a scattering of dissenting votes.

Sanstead reported on behalf of the Canvassing Committee the ballots were tallied with the following results:

Motion by Supt. Adam Bosche, Oak Grove to approve the report. Second by Supt. Don Nielsen, Divide County and carried.

The Executive Secretary explained the process of how it is determined who is to receive a lifetime pass. The Executive Secretary presented this pass to Ath. Dir. Gary Mailloux, Fargo North who has served the Association well for a number of years. The membership expressed their gratitude in the form of applause.

The Executive Secretary presented to the membership ample opportunity to share ideas and opinions to the improvement of the Association by inviting anyone to a microphone for this purpose.

The Executive Secretary gave his report:

1. An update of the Michigan Association concerning the switch of seasons. The association lost at the district level, State Supreme Court level and the US Supreme Court, who remanded it to the Federal Court of Appeals. There will be an oral argument which will be conducted in March. More information will be shared as it takes place.
2. The North Dakota Tourism Association held a meeting in Valley City earlier in the year. It appears there may be sufficient votes to have the legislature mandate school start after Labor Day. Larry Robinson called this meeting in Valley City. If this passes, the membership will be challenged to review the effect on activities.
3. There will be fall administrators meetings: July 31 in Dickinson, August 2 in Minot, August 8 in Valley City, August 14 in Grand Forks, and August 16 in Bismarck.
4. There is continuing work on the football plan. A letter was sent to all member schools in January asking for verification of numbers. Some changes were necessitated and other changes may take place under the guidelines. The following guidelines have been approved:
 - a. October, 2005 Meeting—continue work on Parameters

 - g. June 1, 2006—all requests for football coop dissolutions must be submitted
 - h. September 15, 2006—deadline for new football cooperative agreements

 - k. October, 2006 Meeting—Final plan revealed to membership
5. Alida Poseln, 33 year veteran as bookkeeper has been replaced by Sharon Prosky who began the position January 1, 2006. Please welcome her when the opportunity arises.
6. The Board of Directors has a Tournament Committee as well as a Combined Tournament Committee which includes the athletic directors who frequently act as tournament hosts. Venue issues have become more of an issue. One of the recommendations in 2006-2007 which was approved was to move the 2007 State Wrestling Tournament from Minot to Fargo and the 2006 State Volleyball Tournament, in turn was moved from Fargo to Minot. This was done in response to the addition of wrestling mats needed for State Wrestling, which Minot would not be able to accommodate without losing spectator seating room.
7. A meeting is being scheduled with the web master to get a proper design to facilitate the requirement that has been approved for the 2006-2007 year. That requirement will be all member schools must have their picture (with cut line), roster and schedule on the website no later than 3 weeks into each respective season.
8. We have a statistical side of the website, and coaches are encouraged to participate. The membership is asked for their thoughts on whether this program is warranted to continue.
9. Another decision approved by the NDHSAA Board of Directors is the 2007-2008 Girls' and Boys' State Hockey tournament will be combined and held in Grand Forks.
10. The results of the Athletic Review committee will be posted on website and the Board will be acting on these recommendations at their March 10th meeting. Also, the District Chair recommendations from the November meeting will be acted upon at that time.
11. District Chairs will meet March 17th in Bismarck
12. In closing, the future of high school activities and education will present a new set of challenges to the NDHSAA membership.

President Lockwood thanked the assembly and declared the meeting adjourned.

Respectfully Submitted,
Sheryl Solberg, Asst. to the Exec. Sec.

The Board had previously been supplied the minutes of the January 28, 2006 meeting. Motion by Schaible to approve the minutes as amended. Second by Jungling and carried.

The Executive Secretary presented the financial report. Reviewed were the balance sheet, year-to-date budget, and savings & investment reports. Motion by Briggs to approve. Second by Jordan. Todd Olson, athletic director of the Grand Forks Public schools appeared before the Board to address a request for a Red River student to compete in tournaments outside of the team during the season. This request had been tabled from the previous meeting. Also present was Jane Wischer to answer any questions concerning the request. Motion by Knodle to allow this request, based on the selection process as explained. Second by Jordan and carried. The 9 day practice rule was waived as this was cited as a special circumstance.

President Lockwood thanked Mr. Olson for all the work he, the Grand Forks Public Schools and the community have put into the tournaments hosted by Grand Forks.

The Executive Secretary reported on his investigations into the complaints filed by Enderlin and Hankinson concerning the situations that took place during and after a game between these two schools on February 2, 2006 at Hankinson. A letter of apology from Hankinson sent to Enderlin was reviewed after which Enderlin submitted their letter of complaint against Hankinson. Jungling indicated the need for both schools to respond to the NDHSAA concerning their action. It was noted Hankinson has addressed the issue and has sent a letter of apology. It was the consensus of the Board that neither school has taken sufficient action in response to this situation. Sanstead indicated the purpose of activities is to educate and there is no education in this reaction. Briggs stated there has not been the appropriate action taken to reach a resolution. Jordan asked if it would be possible to bring the two parties together with the Board to mediate, much like the resolution following a playground dispute. Duchscherer agreed there has not been any resolution that would positively affect upcoming events. Briggs indicated if the Board does not ask for further action, there is no part being played to emphasize sportsmanship. Carlson stated something more and better has to come out of this situation. Lyson added sooner or later, something needs to be done. Schaible shared if both schools appear before the Board, would they just say and do whatever they need to satisfy the Board rather than doing something constructive for their individual schools. Volesky indicated he sees this as not being appropriate and there is a need to deal with this as a Board. Jungling suggested they get their two schools together through student council or some other vehicle and bring their resolution to the Board. Knodle indicated there is a need for both parties to indicate what they are doing in response to this or the Board will need to tell the schools what they are going to do. The question was asked, is their remedy satisfactory to the Board? President Lockwood stated the need for the two professional administrators to get together and form a resolution. Lyson indicated this type of situation maybe needs to be brought before the district chair group to use as an educational tool and stating this is unacceptable behavior. Motion by Briggs a letter be written to each school administration expressing dissatisfaction with the current resolution and require them to get together for mediation and form further corrective actions which they will personally report to the Board at the April meeting. Second by Knodle. Sanstead added the need to address not only the game situation but also the fan and coach decorum and all other contributing factors that lead up to the situation. President Lockwood stated obviously there is a need for an improvement plan. Knodle indicated the Executive Secretary can include this in his report of the current ongoing investigation to the district chairmen. Duchscherer stated concern for the statements from the students about their frustration concerning this atmosphere in which they are playing. Motion carried.

Current problems have been identified and the next meeting will consist of discussions as to how to approach these problems. Many unique ideas have been presented and all will be thoroughly discussed.

The Board reviewed a letter from Matt Herman, Prin/AD of Ellendale requesting reconsideration of the recent decision to require schools to provide a picture with cut line, roster and schedule/record. He felt the website was difficult to use and the timeline needed adjusting. Briggs indicated we need to experience this before we make any changes to the current decision. Therefore, no action was taken.

The changes in cooperative sponsorship programs and how they affect district assignments was studied. Motion by Volesky to schedule Wing into Dist 6 for girls' basketball. Second by Schaible and carried.

Several items of correspondence were reviewed by the Board with no action.

Second by Rod Meier, Mott Regent. The vote was yes – 11, no – 5.

- The group felt the game has become more physical and the finesse of basketball is being lost.
- Eliminate the mandatory bench rule for coaches in basketball.
- Motion by Ulven to introduce the coaching box. Second by Supt. Mike Severson, Flasher. A vote was taken to bring the coaches box. The vote was yes-14, no-2.
- Sportsmanship banner based on bench, coaches, players and cheerleaders, not fans.

It was clarified that adult fans are not included in the sportsmanship program.

5. Change regional basketball tournament schedule to Saturday, Monday, and Tuesday.

It was questioned if the post-season scheduling contradicts with the By-Laws that states no more than 2 contests on nights followed by a school day? The Executive Secretary indicated the regulation has been stated for

District 3-----Dan Hoornaert, AD Hillsboro

1. Tournament Officials

a. Regional tournament official selection process.

There was much discussion concerning the selection process. Why officials doing a girls region cannot do a boys region?

b. Recommended dates that schools can or cannot contact officials about officiating next years district tournaments?

Motion by Honerat to be able to work more than one regional tournament. Second by Supt. Dennis Adair, Pingree-Buchanan. The vote was yes-14, no-2.

c. Some districts are contacting officials well before the district meeting and there seems to be an unfair advantage. Supt. Marilyn Vatne, Wildrose-Alamo indicated officials are being put in a difficult position when districts are contacting officials.

District 4-----Jeff Carpenter, Prin. North Border Pembina

1. Allow all schools to move junior high students up to high school and back down to junior high. Do away with the 50 enrollment rule.

The Executive Secretary explained this rule is a By-Law and any school may propose an amendment to the Constitution & By-Laws to change this rule.

2. Concern about region tournament officials traveling major distances.

The group felt the officials assignments had already discussed.

3. Concern with three person officiating crews.

a. Not making calls because they don't want to make calls in the other guy's area. The statement, "it's not my call is being used.

Staff member Carlsrud indicated this type of response is inappropriate and there is a renewed need for officials and coaches relations. It was stated there are officials that do not have sufficient experience during the regular season. Vatne mentioned there maybe could be a 3-person officials fee on the pay schedule.

District 5-----Dennis Adair, Supt. Pingree-Buchanan

1. Do not switch the start dates for boys' and girls' basketball.

2. Opposed to the shot clock for Class B Basketball.

Discussion followed. It was stated their district was in opposition to introducing the shot clock.

3. Move golf from spring to fall.

Prin. Dave Wistoff, Glenburn stated it may be better to conflict with football rather than track and field. Motion by Wistoff to move golf season from spring to fall. Second by Setzle. The vote was yes-7, no-7, and abstain-2.

4. Do not shorten the length of any athletic season.

No further discussion.

District 6-----Ken Miller, Supt. Steele-Dawson.

1. Discuss venue tax/charge at regional sites.

The girls' tournament was held in Hazelton with no venue charge, but in Jamestown, there was a \$.25 charge.

Fans felt there was a double charge as there is the rental that the NDHSAA pays and the venue tax the fans pays. It was asked if other districts feel the same. It was stated almost all venues in large cities have some form of facility charge added to the admission charge. Another concern is more venues are charging for parking, causing a financial burden for families that attend tournaments.

District 7-----Dennis Dockter, AD Harvey

1. Discuss 2-18 minute halves in basketball.

This was just brought up for discussion with the thought that Minnesota is doing this. The group was asked how they felt about this. It was shared this is less of an advantage for the smaller schools.

2. Discuss Division A Football regions.

Currently, the football plan lists Division A as 24 teams and there are questions as to how many regions there will be, etc. Football Committee Chair, Jungling addressed the questions as best the committee can because there will not be definite decisions until the deadlines are met and the picture is clearer.

District 8-----Robert Lech, Supt. Rolla

1. Concern over new fines was previously discussed.

District 9-----Mike Severson, Supt. Flasher

1. The district discussed Football Committee recommendations.

2. Concern with Pay-Out System.

3. Go back to the big calendar.

It was unanimous in their district they did not like the small calendar that was published for the 2005-2006 year.

4. Mandan as site for Region 5 Girls Basketball Tournament.

District 10-----Dale Ekstrom, Supt. Underwood

1. 30 second shot clock in GBB favored by coaches, opposed by athletic directors and administration.

This was highly favored by the girls' basketball coaches in their district but was voted down by others in their district.

2. Enforce coach bench decorum or establish "coaching box"

District 11-----Steve Heim, Supt. Anamoose

1. Discuss the shot clock.

This district had coaches in favor. Games are enjoyable until the last 3 minutes when the team ahead stalls. Motion by Wistoff, to have the shot clock. Second by Heim. The vote resulted yes-2, no-14.

District 12-----Dave Wisthoff, Prin/AD Glenburn

1. Flip flop the boys' and girls' basketball seasons.

There currently is a problem with the end of the boys' regular season schedule conflicting with the girls' post-season play.

2. Lower officials fees if we are going to three person officiating crews.

3. In favor of a shot clock.

4. Would like officials to clean up the game.

a. Hand checking, holding, pushing.

Felt this is a conflict with so many officials also working college games.

5. Change from four quarters to two halves.

6. Recommend all region tournaments at the Minot Auditorium.

District 13-----Rod Meier, AD Mott-Regent

1. Coach box if using 3-person crews.

2. Region 7 tournament sites should be in Dickinson for basketball

3. Hold Region 7 track meet in Bowman.

4. Issue 4 passes to each school so that coaches, and/or administrators can attend the regional tournaments.

District 14-----Gerald Quintus, Supt. Richardton-Taylor

1. Three-person officiating crews should not be mandated for district (tournament and regular season) Class B games.

Would like to leave this as not being mandated for regular season.

2. Concerns over the balance of teams in districts.

There is a concern with the balance of number of teams in the two districts in their region. The Executive Secretary indicated with the closing of schools and the adding of cooperative sponsorship programs, the 8-region and 16-district plan could be in jeopardy.

District 15-----Tom Suelzle, AD Watford City

1. Shorten Volleyball season

ADHOC committee should meet again to look at sportsmanship programs validity and/or give a participation award for making it to the state tournaments.

3. NDHSAA website picture and roster must be posted on their website or else a fine will be assessed to the school.

1. Have done one week prior to district tournament.

1. Also make website more user friendly and better managed.

Discussion indicated there has been additional problems with the statistical side of the website.

4. Their district feels the 4 quarter high school basketball game is good for schools.

District 16-----Marilyn Vatne, Supt. Wildrose-Alamo

1. Have a graduated fee schedule for two man crew versus three man crew. Rationale: The referees in our area like to use the three man crew in all varsity games; however, the cost is a concern of most of the

administrators. Tournament costs get pretty high with the three man crew; therefore it was suggested that the three man work for a smaller individual fee. Referee representatives at the meeting were in favor of such a schedule if it promoted using the three man crew.

2. District 16 also recommend the initiation of the coaching box.

Rationale: When the three whistle crew is used, the one official is almost always in front of the coach and/or between the coach and the action on the floor. The coaching box would allow the coach the latitude to be able to seen the action in their end of the floor.

3. District 16 recommends the postponement of Region/State Officials selection process.

Rationale: The letters with the ballots arrive in Sept. Some schools may not have coaches available or if new, don't know the referees.

4. Recommend a state mandate that no District Tournament officials be contracted until January 2nd.

Rationale: All coaches will have seen many of the officials in action and voting would be more on the merit of that years refereeing. We would also eliminate the attitude of "lets have our meeting early, so we get best selection" All officials would be contacted at the same time so officials could decide on the direction they might want to go. Motion by Valne that tournament officials not be contacted until January 2nd of the year for district officials. Second by Wisness. The vote was yes-2, no-14.

5. District 16 recommends Williston State College as the Region 8 site for tournaments.

Carlsrud asked the committee to consider using 3-whistle coverage during regular season for some of their games. There is a need for officials to have this opportunity to improve their coverage skills.

The Executive Secretary indicated the following recommendations received support in the form of a motion, second and majority yes vote:

1. Junior high – allow no more than 2 games per week followed by school adding weekend.
2. Shorten vb season by one week and move start date one week earlier.
3. Establish a coaches box
4. Allow officials to work more than one region tournament.

With no further business, the District was thanked for coming and the meeting was adjourned.

Motion by Briggs to accept the minutes from March 10, 2006 Board meeting. Second by Jungling and carried.

The Executive Secretary gave a follow-up financial report with an explanation of budget item #8162. The history used to set the budget was incorrect because of a double payment in previous budget for NDIRF.

The following coop dissolution request was reviewed: Hillsboro and Norman County west for girls' golf, effective with the 2006-2007 year. Motion by Carlson to approve the dissolution. Second by Sanstead and carried.

Supt. Kelly Taylor, MLS appeared before the Board to address their cooperative sponsorship application that was denied at the January meeting. They wished to appeal this decision with an explanation as to why they felt there was a need for a coop among their schools for a track and field program. After hearing sufficient information, motion by Lyson to reconsider. Second by Volesky and carried. Motion by Lyson to approve the cooperative sponsorship application for Kenmare and Mohall-Lansford-Sherwood/Bowbells in boys' and girls' track. Second by Jordan and carried with two dissenting votes.

The Executive Secretary shared with the Board the various businesses that are selling tournament photos without permission by the NDHSAA Board of Directors. Rick Westra from Josten's Photography School Pride has expressed concern with this. NDHSAA attorney, Gary Thune shared some thoughts as to how the Board can approach this issue. The condition of intellectual property was discussed. Further study on this issue will be done. It

was a consensus of the Board it would be difficult to enforce the limitation of sale of pictures from tournaments to School Pride. Further study will take place for review after the National Federation Legal Seminar.

The Executive Secretary shared information from the major winter tournaments with a list of the gross sales amounts.

The Board held audience with West Fargo Athletic Director Curt Jones and Pat Johnson, softball coach. They were there to present a request to sanction girls' fastpitch softball. There currently is a state-wide softball schedule that this year will include Enderlin, Devils Lake, Minot, Minot Ryan, Grand Forks Red River, Grand Forks Central, West Fargo, Fargo North, Fargo South and Fargo Shanley. The Executive Secretary reviewed with the Board the procedure that has been put into place for the addition of an activity. Motion by Sanstead to move forward with a study of this request into the second phase of the procedure. Second by Jungling and carried.

The Board reviewed a letter of communiqué from Supt. Kevin Harmon of the Minot Catholic Schools in response to the State Wrestling and State Class A Basketball tournament facility requirements. Requested was some type of criteria which is used for selection of these state tournaments. Motion by Sanstead to provide a set of requirements for facility guidelines for hosting state wrestling based on scheduling and format. Second by Jungling. Also reviewed was a letter from Wendy Howe, Director of the Minot Convention and Visitor Bureau. Duchscherer asked if it would be prudent to get into this type of directive causing some guidelines that are too restrictive for the site selection. Motion was defeated, 1-10.

Staff member Heller reported to the Board on the bid process for the association calendar. Currently, three bids have been received for the 12 by 17 calendar, similar to the calendar that was used for the 2005-2006 year. Motion by Briggs to go with the second of a two year study using the small calendar and accept 3D Printing of Fargo's bid for \$3,465.92 for 1600 calendars. Second by Lyson and carried with four dissenting votes.

Carlson reported on behalf of the Officials Committee's concern of officials involved in unacceptable behavior and still in contact with high school students. Presented was an official's code of conduct that was discussed by the NDOA Board of Directors. The Board reviewed a proposed wording that is to be placed on the back of the registration form which is to be filled out by the registering official. Motion by Carlson to approve the placement of this on the registration form. Second by Knodle and carried.

Carlson also indicated baseball officials have asked for an increase for game fees for baseball. Duchscherer asked if this 28% increase, if not approved, would cause officials to no longer accept contracts. Motion by Carlson to set baseball game officiating fees for the 2006-2007 year as follows: Seven inning Varsity, \$50; seven inning sub-varsity, \$40; five inning varsity, \$35; five inning sub-varsity, \$30. Second by Jordan and carried.

Plans were discussed for the April Board meeting with the scheduling of committees to meet:

- Class A Region Committee
- Football Committee
- Tournament Committee
- Constitution & By-Laws
- Promotions and Programs

The Board reviewed the updated information concerning the Enderlin and Hankinson complaints that were filed by each school. President Lockwood shared a conversation with Supt. Kringen of Enderlin as to what can be done in the future prior to reporting back to the Board at the April meeting. A letter of communiqué dated March 14, 2006 was reviewed. Briggs indicated once this complaint is brought to the Board, the schools should not be able to withdraw just to avoid an ongoing study and action. One of the remedies proposed by the schools was to not play each other next year. It was stated this was not an educational experience for the students. Carlson indicated there is no design of remorse in some of the statements read and what they have done to date is too late. Volesky indicated deciding what is the right action should not be the job of the Board but should be handled by the administration of the schools. The Board express disappointment in how the situation has been handled and displeasure of the results as being inappropriate and poorly handled. President asked the Board how to handle the request from these two schools to appear before the Board at the April meeting. Motion by Lyson to have these two schools appear before the Board at the April meeting so they can be present for the Board's discussion. Second by Briggs and carried.

The Board reviewed a letter from Kerry Stastny, Region 5 Boys' Basketball Manager concerning some actions by a player from Dakota Oyate. No action was taken and the school will be contacted.

Jungling asked the Board about web casting an NDHSAA tournament. It was stated the television station which has the contract with the NDHSAA has exclusive rights to live broadcasting.

Board correspondence was shared.

The Executive Secretary presented his report:

- a. Thursday, the Executive Secretary met with the Native American schools to visit about the possibility of an

advisory committee that would work directly with the Executive Secretary and act as a resource for the Board. Eventually, they would like to see a Native American on the NDHSAA Board of Directors. This was a very positive meeting.

b. The Summer Conference information was reviewed.

With no further business, President Lockwood declared the meeting adjourned.

President Lockwood stated the US bank representatives that were presenters at post-season tournaments were pleasant and they have been patient with the tournaments that have elusive timelines. Sanstead stated the Promotions Committee is currently planning the celebration of the 100th anniversary and the Board is looking forward to including US bank in the celebration.

Following additions, motion by Briggs to approve the agenda. Second by Schaible and carried.

The Board held audience with NDHSAA official photographer Rick Westra of Josten's School Pride Group Photography. The Executive Secretary indicated this relationship has been a very positive experience. Westra gave a financial report to date of sales. Volesky shared appreciation for the professionalism of Westra and his group in how they handled themselves at tournaments. This year is a test year and Westra expressed optimism for continued partnership with the association. It was suggested order forms could be included in the school mailings so they are available to all schools prior to their involvement in a state event. Discussion was held concerning picture sales by other at state events. Attorney Gary Thune suggested not enforcing this.

Staff member Carlsrud gave the Board an update on the progress of the new weight management rule as established by the National Federation. Presentation on this program will be made in Minot at the ND Trainers Association workshop on April 28th & 29th and also in Fargo at the North Dakota High School Coaches Association summer convention in July. President Lockwood commended the coaches for rallying behind this program and cooperating with its progress. Carlsrud told the Board Terry Matson from New Town has been instrumental in the promotion of this program. The Executive Secretary indicated it was key for the Board to establish an ad hoc committee to involve the coaches in the introduction of this program through volunteer pilot program. Volesky shared it was obvious the need for a program like this to prevent the old weight management thinking which was not healthy for the wrestling athletes in their important growing years.

Volesky gave a report from the Combined Tournament Committee with recommendations for state tournament sites. Recommendations for the 2009-2010 year is currently proposed and will need Board approval. The Class B Girls' State Basketball site for 2008-2009 in Grand Forks was discussed. The Combined Tournament Committee needs to discuss what venue will be used for this particular tournament. Motion by Volesky to approve the state sites as listed for 2009-2010. Second by Knodle and carried. This site rotation is reviewed on an annual basis.			
New staff member, Sharon Prosky was introduced to the Board and welcomed to the NDHSAA.			
The Board held audience with Prin. Jess Smith of Hankinson and Supt. Jon Kringen of Enderlin. The purpose of their appearance was at the Board's request regarding the incident taking place at a girls' basketball game at			

Hankinson. Krigen brought the Board up to date on what action Enderlin has taken as agreed upon between the two schools in response to the problems that lead up to what took place at that game. He indicated satisfaction as to what Hankinson has done in response to the situation. Interaction took place between Krigen and the Board. Prin. Smith also was asked questions following his presentation. Motion by Jordan to declare the complaints have been addressed by both schools satisfactorily. Second by Briggs and carried. Prin. Smith and Supt. Krigen were thanked for appearing before the board to offer clarity to the complaints.

Schaible reported on behalf of the Promotions and Programs Committee:

- Reviewed two applications for the Distinguished Service Award. The Committee reviewed the two applicants and recommended both of the applicants be placed on the "Inactive" list because of the lack of a state-wide component and would be reconsidered if more information is supplied.
- Discussed the centennial celebration which will take place 2007- 2008. The Committee brainstormed ideas. They will be looking to prioritize these suggestions and the cost of any of those selected activities at a later meeting. Some suggestions were:

- 100 Year Seal designed by a student. A contest could be attached to a mailing to schools with a deadline of Jan 1, 2007 and a winner announced at January membership meeting

 - Sports writers to research and report on each sport

Lockwood reported on behalf of the Football Committee. Reviewed were the region assignments as per the division assignments. The committee, as requested, reduced the number in the A division from 32 to 24 to make more teams available for scheduling in the 9-man division. - AA Division: Devils Lake was inserted into the east region with a question as to where Bottineau and Standing Rock will be assigned. Motion by Lyson to approve AA. Second by Sanstead and carried.
- A Division: It was determined to propose a three-region assignment. Top 5 from each region qualify for post-season with a region receiving the bye by draw. A suggestion was to allow 6 from one of the 3 regions to fill the tournament bracket to 16 teams. Motion by Schaible to accept as proposed with the exception of qualifying 16 schools advancing 5 from two regions and 6 from the third region as determined by draw. Second by Knodle. Discussion took place as to how it would be placed on the bracket and the possible travel. Motion carried.
- Nine-man Division: There are 54 schools in this division. With the possible cooperative sponsorship programs that may occur, some of these schools may be moved up to the next division, causing team(s) from the A Division to move into the 9-man Division in a different geographic region. Qualify 4 out of each region. Motion by Lyson to approve as presented. Second by Briggs and carried.
- This will be sent to member schools with an April date for feedback.

Second by Lyson and carried.

With the current contract for the Spalding and Tachikara balls coming to an end, the Board heard the proposal from Spalding to renew the contract for an additional three years. - Media issues have improved in relation to managers.
- There is a concern with media interviews immediately following a game which interferes with post-game ceremonies. A championship coach was prevented from being available to receive his award during the ceremonies. It was a consensus that interviews should be delayed until after completion of the awards ceremony. This will be placed on the Tournament Committee agenda for a possible proposal.

This is a bylaw which would have to be presented to the membership. Motion by Carlson to develop the eligibility period for transfer to 180 days. Second by Knodle and carried.

Representative Reports:

Briggs reported on the Northwest School Administrators meeting. People in the northwest are not happy with the current sportsmanship plan with Class A and Class B schools executing their plans differently. It was asked whether the Sportsmanship ad hoc committee was going to be called back together for review. Will the sportsmanship program be included in activities other than basketball and football? In regards to the regional meeting and fines for non-attendance, it was suggested the fine be more than the cost of travel to attend this meeting. It is the perception the Football Committee is not responding to their wishes for the football plan. In response for the Football Committee, Lyson indicated there has been a number of surveys conducted to clarify the wishes of the membership. Extensive discussion followed on the sportsmanship plan. Board members indicated sportsmanship is a mission of the NDHSA and the association needs to continue to endorse this mission. The Board indicated the Association has an obligation to be stewards of sportsmanship. Sportsmanship will be placed on the agenda for the June Board meeting.

The Executive Secretary reported to the Board the recommendation from NBC Sports North Dakota concerning the scheduling of games for the Dakota Bowl. The Executive Secretary reviewed the Medical Advisory Committee concept which was previously approved by the Board. He has checked with Missouri that has a committee of eleven people. This committee will provide recommendations for the Board concerning sports medicine issues. It is suggested if the committee is developed, it would meet once a year or as needed. Dave Carlsrud reported on the sports medicine conference he attended in Minot. They had the new wrestling weight management component on their agenda and also discussed the association's consideration of a sports medicine advisory committee. This group was supportive of the committee. They suggested an EMT, a general practitioner without sports medicine training, an athletic trainer, an orthopedic and a doctor of chiropractic. They also asked the NDHSAA to develop a form of release in the case an injured participant has their own training people at a contest. Also, the group would like to appear before the various groups associated with the NDHSAA such as the NDIAAA. The Executive Secretary indicated this may be beneficial to the Board. Briggs indicated there was a previous indication there should be a board member as well as staff member added to this committee. Schaible reported on behalf of the Promotions and Programs Committee:

1. Recommend accepting nomination of Bill Rogers for the NDHSA Distinguished Service Award. Motion by Schaible to approve the nomination. Second by Sanstead and carried.
2. The committee continued work on the Centennial Celebration plans with the following highlights:
 - a. There is a need to set a time-line and budget for this plan.
 - b. Continue work on a logo design contest for student of member schools, (grades 7-12) with a possible scholarship prize.
 - c. The Executive Secretary, President Briggs and Promotions & Programs Committee Chair, Schaible are to meet with possible sponsors for possible involvement in the celebration activities such as scholarship, bill boards, etc.
 - d. Contact Gov. Hoven for proclamation and heads up on centennial (request to appear at the general assembly to make the proclamation)
 - e. Line up sportscasters for articles on history of each sport
 - f. Host a gathering of former board members, Distinguished students and Executive Secretaries.
 - g. Develop a chronological time line of history of Association including introduction of the various activities.
 - h. Plan a kick-off with a press conference at Valley City

Knodle reported on behalf of the Principals' Association study on the no-shirt and body paint issue with two recommendations to be brought forward to the NDHSA:

1. To enhance communication between NDHSA and principals/activities directors:
 - a. Shirt rule at region and state meets was voted on with no input from principals/activities directors
 - i. All region and state events?
 - ii. Track, tennis, swimming, and soccer – how does this apply?
 - b. Policies such as the shirt rule should be shared by NDHSA with media outlets to publicize changes that may require action at a tournament so people know why the action is being taken.
 - c. NDHSA may want to consider timelines to allow new policies for school handbooks.
 - d. The principals would prefer to get hard copies of bulletin, not an email with the bulletin attached as not everyone is on the list serve.
 - e. Information was shared about the creation of the Class A region committee which would address these communication issues.
2. To establish specific dates/seasons for speech, debate and student congress seasons as with athletic seasons. Jungling indicated there are questions about what events this would apply and who would be responsible to enforce this rule. It was stated this rule needs to be communicated with the member schools to make them aware this policy will be enforced at the NDHSA sponsored post-season tournaments. It was suggested this be placed in the September Bulletin. President Lockwood appointed Schatz, Duchscherer and Knodle to continue study the questions presented and report back to the August meeting.

The Executive Secretary reported on the corresponding dates for Board meetings for the 2006-2007 year. It was suggested the Board meet to review the various advisory recommendations the day previous to the regular Board meeting in June. Athletic Review would be scheduled one week prior to the Board meeting. Motion by Briggs to accept the proposed Board meetings with Athletic Review scheduled for June 12, 2007 and the Board as June 19 and 20, 2007. Second by Duchscherer and carried with one dissenting vote.

The Executive Secretary reported on the Technology Plan. The Finance Committee indicated the possibility of discontinuing the rotation plan for desktop computers for the professional staff and going with laptops only for both in and out of the office. Motion by Duchscherer to approve the Technology Plan as presented. Second by Sanstead and carried.

Briggs reported on behalf of the Finance Committee:

1. Wells Fargo has requested consideration concerning a visa card for overdraft protection. The committee recommendation is to cancel the current card and go with the Wells Fargo Visa card with overdraft protection for the checking account.
2. The 2005-2006 budget and the 2006-2007 proposed budget were reviewed by the Executive Secretary. Motion by Briggs to approve the Finance Committee recommendations including the budget. Second by Jordan and carried.

The preliminary report on team payments was reviewed. Corrections were noted and adjustments will be made prior to checks being issued to the member schools.

The Board reviewed a letter from ND Amateur Hockey regarding A U16 National Championship in Frazer Michigan. The letter requested an interpretation of the By-Law and how it refers to the issue of All-Star. This letter is requesting to allow coaches to coach their players in this program. Two issues were discussed: (1) out of season coaching and (2) the all-star rule as it pertains to the selection of team members. Discussion followed concerning the all-star rule. President Lockwood indicated this must be addressed by the Constitution & By-Laws Committee for the August meeting. The Executive Secretary will answer this communiqué with the current interpretation of the rule.

Schaible reported on behalf of the Constitution & By-Laws Committee:

1. A letter from an attorney representing two parties from the Richardson-Taylor school district requesting the NDHSA investigate the procedure used in how Richardson-Taylor administration handled the investigation and enforcement of

Article XIV, Section XII of the NDHSAA Constitution & By-Laws in connection with the alleged alcohol possession/usage. NDHSAA attorney, Gary Thune constructed a letter in reply indicating the association only works with member schools.

2. Attorney Thune has constructed wording for the following:

a. Section X, Paragraph a (Transfer Rule), including changes from:

i. 90 school days to 180 school days

ii. change the term "he/she" to "student"

iii. Insert reference to the absence of recruitment or undue influence.

Motion by Schaible to approve the language that has been provided. Second by Jungling and carried.

b. Revise Section X, Paragraph a

c. Revise Section X, Paragraph b (Hardship Rule)

Motion by Schaible to approve the wording. Second by Carlson and carried.

d. Question 150 would answer the definitions on page 33 as follows:

Motion by Sanstead to accept the language provided for question 150. Second by Briggs and carried.

e. Questions will be renumbered for each individual section.

f. The committee studied the ejection rule and will submit some recommendations for rewording back to the NDHSAA attorney. A report on this will be at the next Board meeting.

The Executive Secretary reported on a proposal being made by West Virginia to the National Federation Council to allow every state association to have the right to send a representative at their expense to all rules committee meetings to be a voting member of that committee. As the voting member for North Dakota, the Executive Secretary intends to vote no on this proposal unless Board feels otherwise. The Board indicated this no vote would be acceptable.

Jungling indicated the need to change the deadline date for completion of regional Class B baseball to be two Wednesdays prior to the State Tournament for Baseball which would be moving that date up one day. This will change the deadline for region completion will be changed from May 24th to May 23rd for the 2007 year. Motion by Jungling to approve this date change. Second by Lyson and carried.

The Board reviewed previous discussion about the sportsmanship program which was tabled. Carlson has indicated there may be a need for change to continue with the individual schools developing their sportsmanship plan, but to discontinue the sportsmanship award at state tournaments. Motion by Carlson to continue the individual school sportsmanship programs but discontinue the sportsmanship award for all state tournaments. Second by Knodle and carried with 3 dissenting votes. Lyson indicated there still may be a way to promote and recognize those schools that do renew their sportsmanship program for the year in which they are participating in a state tournament. Briggs echoed this statement.

Arrangements are being made for the August Board meeting in Valley City.

The Board reviewed the following Board correspondence

- a. Mueller letter
- b. Peabody letter
- c. Evangelical Lutheran Church in America letter
- d. Paul Todhunter letter
- e. Dickinson Volleyball letter
- f. Filiback letter

A cooperative sponsorship dissolution request from North Shore/Plaza and Parshall for VB and FB which was tabled earlier in the meeting was clarified and will be brought back to the table at the August meeting.

A report was given by National Federation Board of Directors member, Jungling who presented the information from the most recent National Federation Board of Directors meeting.

Knodle indicated EDC principals and activities directors have discussed the need to set season dates for some of the fine arts activities and should be set by the Board of Directors of the NDHSAA. At this time, there are no suggestions for season dates. Hetler indicated the Fine Arts Committee is currently studying this concept.

The Board heard the Executive Secretary's Report:

- a. A Native American Advisory Committee is in the process of being formed. A letter of support from Mrs. Hall was read to the Board. An update was given as to how the plan is proceeding.
- b. The Board was asked for information regarding postage machines. The office is in need of purchasing a replacement.
- c. Three-D Printing had the low bid for printing the directory for \$1,726.50 as well as the yearbook for \$3,121.20.
- d. Summer meeting final arrangements were made. The Board will be wearing the association blazers for the Hall of Fame Banquet.

President Lockwood thanked the Board for their hard work and declared the meeting adjourned.

Respectfully Submitted,
Sheryl Solberg
Asst. to the Exec. Sec.

DISTINGUISHED STUDENTS

The Distinguished Student Award program recognizes outstanding high school juniors for their activity participation and leadership within their schools and communities. These students are acknowledged for being positive role models and peer motivators. Sixty-three high school juniors from across the state were nominated by their respective principals for this award in 2003.

U.S. Bank is a partner in this program and provides the funds for the scholarship awards. The Distinguished Student receives a \$2000 scholarship, the runner-up a \$1000 scholarship and the other four finalists each receive a \$500 scholarship.

The Distinguished Student and the other finalists are student ambassadors for the NDHSAA and are invited to help present awards at various events as well as lead the "Parade of Champions" held in March of each year. They will also help promote High School Activities Week, as well as promote the values of high school activities participation.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
North Dakota High School Activities Association
Valley City, North Dakota

I have audited the accompanying statement of assets, liabilities, and net assets- cash basis of the North Dakota High School Activities Association (a North Dakota nonprofit corporation) as of June 30, 2006 and 2005, and the related statements of activities- cash basis and cash flows- cash basis for the years then ended. These financial statements are the responsibility of the Association's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides reasonable basis for my opinion.

As described in Note 1, the Association prepares its financial statements on the basis of cash receipts and disbursements. This basis is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets- cash basis of the North Dakota High School Activities Association as of June 30, 2006 and 2005, and changes in net assets- cash basis and its cash flows- cash basis for the years then ended on the basis of accounting described in the Note 1.

My audit was made for the purpose of forming an opinion on the financial statements of the Association taken as a whole. The supplementary financial information as presented on pages 9-12 for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NORTH DAKOTA HIGH SCHOOL ACTIVITIES ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006 AND 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The North Dakota High School Activities Association is a nonprofit corporation established for the purpose of providing service for all local school districts in North Dakota. The major funding sources for the Association are membership dues and sales and charges at athletic events.

A. Basis of Accounting

The Association maintains its records on the cash basis of accounting. Under this method of accounting, revenues and related assets are recorded when received rather than when earned or receivable, and expenses are recorded when the obligation is paid. This differs from generally accepted accounting principles in that revenues are to be recorded when earned rather than when received and expenses recorded when incurred rather than when paid.

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Property and Equipment

Property and equipment are stated at cost. Depreciation of buildings and equipment is computed on the straight-line method over the estimated useful lives of the asset which range from Three to twenty years. The Association capitalizes all significant equipment and building additions. The Association does not capitalize costs associated with its web site.

D. Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposits and all highly liquid debt instruments with original maturities of three months or less.
