**96th ANNUAL**

**OFFICIAL YEARBOOK**

## FOREWORD

This yearbook provides a detailed accounting of the past years' activities for the NDHSAA. I would like to thank the Board of Directors, NDHSAA office staff and all representatives of the member schools for your dedication and commitment to the Association.

Farmers Union Insurance has completed its 12<sup>th</sup> year as the Premiere Partner of NDHSAA and continues to be actively involved in all activities. Their entire company has demonstrated a commitment to the enhancement of activities for North Dakota students and once again provided \$5,000 in scholarship funds for the NDHSAA Distinguished Student Program. The Association is very appreciative for what they do for the athletes and fine arts students in North Dakota.

Vision Zero has been a supporting sponsor of NDHSAA sponsored activities for the past seven years. We appreciate the demonstrated support of Vision Zero, who has a great safety message and we are able to help promote that message.

After a "normal" and successful fall and winter, the NDHSAA and its member schools changed forever on March 13, 2020. Due to the rapidly evolving COVID-19 pandemic, the State Class A Basketball Tournament was suspended mid-tournament and the State Class B Boys Basketball Tournaments, spring sports, and fine arts seasons were suspended indefinitely. The following timeline unfolded throughout the remainder of the 2020-21 academic year:

March 13, 2020 – NDHSAA State Tournaments and spring sports/activities suspended indefinitely

March 15, 2020 – Governor Doug Burgum suspends in-person learning for all K-12 schools indefinitely

May 1, 2020 – Governor Doug Burgum cancels in-person learning for the remainder of the school year

May 1, 2020 – NDHSAA Board of Directors cancels all 2020 spring sports and fine arts seasons

All 50 state associations canceled spring seasons in 2020, while K-12 students nationwide spent the last quarter of their school year learning from home. Thanks to a donation from the Marcil Foundation, \$75,000 was distributed to member schools through the team payment program at the conclusion of the 2019-20 school year. Due to canceled tournaments and seasons, as well as a cloud of uncertainty as to what the 2020-21 school year will look like, the Association anticipates having to exhaust most of the reserve fund over the next year. The Board of Directors approved a deficit budget for 2020-21, as the ability to have fans in attendance, if sports resume, appears unlikely until a COVID-19 vaccine is readily available.

The NDHSAA continues to be a very successful organization that serves North Dakota students who wish to be involved in educationally based activities and will continue to do so in 2020-21, whatever it may look like.

Any students from St. Mary's (MN) are not eligible immediately and will remain ineligible until the \$500 fee is received by NDHSAA.

2. There was a lawsuit against the Pennsylvania Interscholastic Athletic Association (PIAA) concerning whether officials were employees of PIAA or independent contractors. PIAA was successful in defending the position officials are independent contractors. This case could have ramifications in other state associations and recommended sending PIAA \$1,000 for assistance in legal fees.
3. Honigs contacted NDHSAA regarding an agreement for official's apparel. This non-exclusive agreement will provide a 10% discount to NDHSAA officials on apparel with an additional 5% of the cost of apparel returned to NDHSAA. The committee recommends entering into this non-exclusive agreement with Honigs.

5. Supporting sponsorships were discussed. The North Dakota Army National Guard will not be a supporting sponsor in 2019/20. The committee felt there was not a need to solicit additional sponsors at this time. However, if offers are brought to the attention of NDHSAA, they will be investigated.

**MINUTES**  
**General Assembly Meeting**  
**North Dakota High School Activities Association**  
**October 18, 2019 - Bismarck, ND**

The General Assembly of the North Dakota High School Activities Association met at the Bismarck Ramkota on October 18, 2019. President Privratsky called the meeting to order at 8:30 a.m.

President Privratsky welcomed member schools to the NDHSAA General Assembly. Privratsky introduced the NDHSAA Board of Directors and NDHSAA staff and thanked the Board and NDHSAA staff for all they do for member schools. Privratsky encouraged member schools to have open communication with their Board representatives and the NDHSAA office. Privratsky declared a quorum.

The minutes of the October 2018 General Assembly Meeting were addressed. Motion by Brandt Dick, Underwood Public Schools, to approve the minutes. Second by Kent Dennis, Hankinson Public Schools. Motion carried.

1. Privratsky introduced Cassandra Rostvet, 2019/20 NDHSAA/Farmers Union Insurance Distinguished Student from Northwood High School. Cassie's involvement in high school sports and activities have affected her immensely. Coaches, teachers and teammates have supported and encouraged her throughout her high school life. She indicated NDHSAA allowed her to be an athlete. Her coaches put a huge emphasis on growing as an athlete, but even more emphasis on growing as a person. Her favorite quote from her basketball coach is: "You're never as good as everyone tells you when you win, and you are never as bad as they tell you when you lose." Cassie has learned she can count on teammates as sports build relationships. NDHSAA fine arts activities have given her self-confidence and poise. Fine arts have impacted her and prepared her for the future by making her feel worthy, valued and loved. In closing, Rostvet reminded the membership they educate the minds of the next generations and it is comforting for students to know they are there for them.

2. President Privratsky introduced Mark Rerick, NDHSAA Football Committee chair to report on the 2020 and 2021 football plan survey.

Survey results include the following:

- 124 surveys were submitted
- Desire to continue with 4 divisions
- Questions on a 6-Man division will require follow up with some schools
- AAA & AA prefer East vs West over QRF for playoff brackets
- There was not clear direction on the minimum number of teams per division. This topic will need follow up.
- Overwhelming direction on the most important criteria
  - Competitive balance. 69% of all schools prefer competitive balance over travel
- The greatest parity exists in Division A
- 64% of respondents prefer using multiple factors instead of just adjusted male enrollment

The football plan timeline is as follows:

November

- Solicit additional information from member schools

December

- Possible second survey to member schools
- Receive enrollment numbers from DPI
- If necessary, solicit additional information from member schools

January 16, 2020

- Finalize guidelines for 2021-22 plan

January 17, 2020

- Guidelines sent to member schools

The decision of the Executive Secretary may be appealed pursuant to the Due Process Procedures of Article VI, Sections XV through XVII of these By-Laws (see Extra Semester(s) Appeals Flow Chart, attached hereto at page 38 and incorporated by reference), provided the student has not reached his/her twentieth birthday and is otherwise eligible. (October 2019)

Motion by Jason Wiberg, Devils Lake Public Schools, to introduce an amendment to Part IV, Article III, Sections VI, IX and X of the NDHSAA Constitution & By-Laws. Second by Shane Martin, Turtle Mountain Community High School. Motion passed 109-Yes, 7-No.

Amendment to Part IV, Article III, General Regulations, Sections VI, IX and X

Section VI: Any team combination of 7<sup>th</sup> and 8<sup>th</sup> grade is considered junior high school. Ninth grade teams may declare their status and participate as either a high school team or as a junior high school team. Any 7<sup>th</sup> or 8<sup>th</sup> grade student who plays on a 9<sup>th</sup> grade team plays at the status chosen for that team. If the 9<sup>th</sup> grade team choose high school status, high school rules apply, or if a 9<sup>th</sup> grade team declares itself a junior high team, junior high rules apply.

Section IX: A student is eligible for only TWO SEMESTERS in each the 7<sup>th</sup> and 8<sup>th</sup> grade beginning with the first semester of entrance in each grade. Executive Director Fetsch gave his report. He began with a photo from the New Administrator meeting in the NDHSAA office in August which got him thinking about the year 2040 and how different things may look.

In his crystal ball the year 2039-40 may include the following:

- Girls wrestling (first team this year at Grand Forks Central)
- 3-day State Track & Field Meet (to include wheelchair divisions)
- e-Sports (beginning this year in North Dakota as a non-sponsored activity)
- Instant replay (currently limited usage in state hockey, state basketball and state football)
- Fair Pay to Play Act (NCAA Scholarships have been declared illegal)
  - Statement from NFHS earlier this fall:
  - "If amateurism were to gain way to professionalism at the college level, high schools would struggle to fulfill their ultimate goal of preparing large numbers of well-rounded individuals for futures beyond athletics."
- Student-athlete safety – Concussion insurance is now an option available for NDHSAA member schools.
- Fetsch reported a breakdown of association revenue now vs a guesstimate of association revenue in 2039-40.
  - Media piece of the pie will continue to grow.

However, we need to focus on the NOW. Fetsch thanked Cassie for her presentation. Fetsch indicated Cassie and the NDHSAA Distinguished Students are great representation for our organization. Great leaders: "admit when they are wrong", "realize they can't please everyone", "raise the level of all they lead", and "appearing calm even when you don't know what's going on" are just a few memorable comments made by students through the interview process. Fetsch thanked Cassie for sharing her thoughts with the membership.

In closing Fetsch mentioned he had his first experience of a parent of an NDHSAA athlete this year beginning August 12 when his oldest son joined the cross-country team. There was a noticeable difference within the first few days of practice. It is refreshing to see the results of the labors of NDHSAA member schools, administrators and coaches from a parent view. So far it has been a great experience! Keep doing what you are doing!

Fetsch thanked administrators for their hard work and told them to keep up the good work they do for their students on a daily basis.

With no further business, the meeting was declared adjourned at 9:13 am.

Respectfully submitted,  
Brenda Schell  
NDHSAA Assistant Director

### **NDHSAA Football Classification Guidelines.**

1. There will be 4 divisions of football. (AAA, AA, A, 9-Man)
2. AAA and AA Divisions will consist of Class A schools and any co-op that contains 160 or more male students in grades 7-10 for two or more consecutive years.
3. A and 9-man Divisions will consist of Class B schools and co-ops which do not exceed 160 male students.
4. Enrollments for division placement will be determined by the following steps:
  - Step 1: Obtain total male enrollments for grades 7-10 as provided by the Department of Public Instruction.
  - Step 2: Multiply the enrollment created in Step 2 by the percentage of the student body that qualified for free and reduced meals during the previous school year according to Department of Public Instruction data. That number will be multiplied by 50%.
  - Step 3: The number derived in Step 3 is subtracted from the grades 7-10 enrollment created in Step 2. The remainder number will represent the football enrollment for classification purposes during the next season.
5. The dividing line between AAA and AA will be determined by finding the median of Class A football enrollments. If there is an odd number of Class A teams, the median is the football enrollment of the center school; the median team and all larger teams will be placed in the AAA Division. If there is an even number of Class A teams, the median is the average of the football enrollments of the two center schools divided by two; all teams larger than the median number will be placed in the AAA Division.
6. The dividing line between A and 9 Man will be determined by finding the median of Class B football enrollments. If there are an odd number of Class B teams, the median is the football enrollment of the center school; the median team and all larger teams will be placed in the A Division. If there is an even number of Class B teams, the median is the average of the football enrollments of the two center schools divided by two; all teams larger than the median number will be placed in the A Division.
  - a. The maximum number of teams in the 9-man division shall be 40.
7. Any school may request to move up to any division for the following season. Such requests to opt up shall be made annually by September 15th.
8. Teams may request to opt down to the next lower division if they meet both items a. and b. below:
  - a. The team's football enrollment must be within 25% of the median between divisions.
  - b. The team may not have qualified for the playoffs more than once in the previous four seasons.
  - c. No team may opt down into Division A.
  - d. Such requests to opt down shall be made annually by Sept. 15th.
  - e. Opt down requests to the 9-Man division will be denied if the opt-down would result in more than 40 teams in the division. Opt down requests will be considered in order of football enrollment from small to large.
9. Success Factor
  - a. Teams shall earn the following point values for the final level of the playoffs they achieve as follows:
    - i. Eliminated in quarterfinal – One (1) point
    - ii. Eliminated in semifinals – Two (2) points
    - iii. State Runner-Up – Three (3) points
    - iv. State Championship – Four (4) points
  - b. Division AA and 9-man teams achieving twelve (12) points or greater due to playoff success during a four-year period shall move up to the next largest division for the next two seasons.
  - c. After participation in a larger division for two years, a team achieving a two-year total playoff success point value of two points or below shall be eligible to move down.
  - d. After participation in a larger division for two years, a team achieving a playoff success point value of three or more points shall remain in the same division for the next two seasons.
10. At the Class A level (Divisions AAA and AA), each team's regular season schedule shall include at least 7 intraconference (EDC and WDA) games unless other opponents are mutually agreed upon by representatives of both conferences.
11. Schools may request to field an independent or 6-man team by officially notifying the NDHSAA Office annually by September 15 of the previous year.
12. Any school planning to opt up, opt down, or declare an independent status shall confirm their intentions with both divisions in order to better plan future game schedules.

13. Any varsity team that chooses to play a team that declares independent status after the September 15<sup>th</sup> deadline will be ineligible for the playoffs. Any teams that declare independent status after the September 15<sup>th</sup> deadline shall be responsible for paying game fees to all contracted officials and \$1000 to any contracted opponent that loses a varsity game.
14. BY–LAW REMINDER: Football coops must be submitted by September 15<sup>th</sup> of the previous year.
15. A North Dakota school may apply for an emergency coop if the following criteria are met:
  - a. An approved coop for the following year must be in place prior to being eligible for an emergency coop
  - b. Emergency coop applications will only be considered if the requesting school has provided proof that student-athletes have no opportunity to compete at the varsity level for the upcoming football season
  - c. If the emergency coop is approved:
    - i. The host school shall be that school with the largest enrollment. The NDHSAA Realignment Committee shall determine the new co-op's division and regional alignment.
    - ii. Only seniors from the applying school would be eligible for varsity competition for a \$1000 non-compliance fee per player.
    - iii. Sub-varsity players from the applying school could compete for a \$200 non-compliance fee per player.
16. Following the implementation of these guidelines for the fall of 2021, NDHSAA staff members will be responsible for researching, receiving opt up and down requests, and placing teams into their applicable divisions. The NDHSAA Realignment Committee will be responsible for creating any necessary adjustments to regional assignments within those divisions.

## DISTINGUISHED STUDENTS

The Distinguished Student Award program recognizes outstanding high school juniors for their activity participation and leadership within their schools and communities. These students are acknowledged for being positive role models and peer motivators.

Beginning in 2012-13, Farmers Union Insurance became the partner in this program and provides funds for the scholarship awards. The Distinguished Student receives a \$2000 scholarship, the runner-up a \$1000 scholarship and the other four finalists each receive a \$500 scholarship.

The Distinguished Student and the other finalists are student ambassadors for the NDHSAA and are invited to help present awards at various events as well as lead the "Parade of Champions" held in March of each year. They will also help promote High School Activities Week, as well as promote the values of high school activities participation.

Following is a list of students who have been named "Distinguished Student" and the year they were selected for this award.
