History of Girls State Gymnastics Championships

The first State Girls Gymnastics Championships sponsored by the North Dakota High School Activities Association took place in 1969. The competition combined both Class A and Class B schools and only 10 schools took part in the event. Jamestown High School came away with the first title.

Competition has changed since the first championships. At the first event, competition took place in tumbling, trampoline, balance beam, uneven bars, side-horse, floor exercise and all around. Each event was divided into three levels - novice, intermediate and junior.

The following year, and every year since, the championships have included only five events. The tumbling and trampoline events were eliminated and the side horse became the vault.

The 1974 state meet saw the last novice, intermediate and junior divisions. It was also the year that separate team champions were named in Class A and Class B divisions. In 1975, each class not only received a separate team trophy, but individual champions were also named in both classes.

The number of teams competing in the state championship has also increased since the first meet in 1969. The dedication of the coaches, athletes and officials in the sport has played an important role in the growth of gymnastics in the sate. And along with the growth as come a much more intense level of competition.
