Welcome from the Tournament Manager

Welcome to Grand Forks and the ninth annual North Dakota Boys' and Girls' Combined State High School Hockey Tournament. We look forward to providing an exciting and memorable experience for all the athletes, coaches and fans.

We would like to take this opportunity to thank the staff and administration at Ralph Engelstad Arena, Grand Forks Park District and the Greater Grand Forks Convention and Visitors Bureau for their cooperation and assistance with the tournament. We also express gratitude to our tournament staff and volunteers whose efforts are focused on making this tournament a great success. Without the support of these individuals and the community of Grand Forks, this tournament would not be possible.

Enjoy your time in Grand Forks and support the teams as they demonstrate the effort, skill, character and sportsmanship that make them all champions.

Good luck to all of the teams.

Mark Rerick
Athletic Director, Grand Forks Public Schools

In Memory – Larry Humble

The Grand Forks Tournament Committee would like to recognize the efforts of an important individual in North Dakota hockey. The untimely passing of Larry Humble in November ended a streak of over 30 years worth of state hockey tournament work in Grand Forks. During the years of tournaments in the old Ralph Engelstad Arena, Larry could be found at the head of the committee putting together the fan hospitality area and the team banquet. In addition, he took a lead role in the organization of team hosts, a role he continued through the last state hockey tournament in Grand Forks in 2014. Larry's wide smile and infectious laugh were a fixture in the arena every February, and his absence will be notable as the 2016 tournament is played. In offering a "Thank You," the Grand Forks Tournament Committee gives a stick salute to one of our own, Larry Humble.

A 1993 graduate of Bismarck High, in 1991-2 Peluso set the North Dakota high school single-season scoring record of 99 points (in just 23 games). Peluso played with the Omaha Lancers of the USHL from 1992-1994 and was selected to the USHL All-Star Game in 1993 and 1994. In 1998 Mike was signed as a free agent by the Washington Capitals. His NHL career included stops in St. Louis, Chicago, and Philadelphia. In Mike's first two years as head coach of the Demons, he had a 24-2-0 record (2008-09) and a 19-7-1 record (2009-10). The Demons won both the conference title and the West Region Tourney in 2008-09 and the West Region Tourney 2009-10 and 2011-12. Last year, the Demons won their first state title, defeating Grand Forks Central in the championship game, 2-1. This was also the first time a West Region team claimed the West Region Regular Season, West Region Tournament, and ND State Championships in the same year. Mike and his wife Tanya have two daughters, Gianna and Grazia.

I. Membership

The North Dakota High School Activities Association is a voluntary non-profit organization of the high schools of the State of North Dakota. All schools are eligible for membership belong to the Association. Membership is granted upon application of the School Board, at which time the school agrees to enforce the rules which the members have established and to participate in the legislative processes of modification and revision of rules to fit changing needs of the member schools and students.

II. Purpose as per NDHSAA Constitution

- The purpose of this Association is to contribute to the education of high school boys and girls of North Dakota by:
- a. Administering a program of Interscholastic activities, clinics, contests and festivals among its member schools;
 - b. Elevating the standards of good sportsmanship and encouraging growth in good citizenship, not only of high school students, but also of all others who come in contact with the school activities;
 - c. Protecting member schools, students, and personnel from exploitation by special interest groups;
 - d. Encouraging pride in scholastic achievement as a fundamental basis for a well-balanced activities program;
 - e. Supplementing the dramatic, literary, music and physical education programs of the schools and giving due emphasis to those tendencies which promise best to promote the mental and physical health and social well-being of all students.

III. Brief History

The activities association was founded in 1908 under the name of the High School League and originally was concerned only with athletics. In 1923 the state organization became affiliated with the National Federation of High School Athletic Associations. A full-time executive director was employed in 1949, and assistant was added in 1963, a girls' sports supervisor in 1973, and a music and speech coordinator in 1978.

In 1950 the Consolidated League, an organization of the smaller schools of the state, affiliated with the High School League, thereby uniting all high schools of the state under one organization. Music and speech activities were placed under the direction of the Association in 1955, and the name was changed to the North Dakota High School Activities Association at that time.

Schools in the League were all one class for basketball competition from 1908 to 1932. A two-class system was used from 1933 to 1947 and a three-class system from 1948 to 1963. In 1964 the two-class system was restored and this arrangement has been in effect since then up to the present time.

Official state champions have been named in track since 1908 and in basketball since 1914. Official champions in other sports were later added as follows: golf and tennis 1938; baseball 1950; wrestling 1959; cross country 1961; hockey 1967; girls' track, golf and tennis 1966; girls' gymnastics 1969; girls' basketball 1974; boys' & girls' swimming 1974. State football championships were determined off and on between 1916 and 1959, when the practice was discontinued, but again restored in 1975. Basketball tournaments for girls were conducted by the Consolidated League for a number of years and by the NDHSAA from 1952 to 1960, at which time they were discontinued because of the small number of schools fielding teams. Girls' basketball was reinstated as an Association-sponsored activity in 1973 on a district level, with separate state Class A and Class B champions being named since 1974. Class A girls' volleyball state champions were first named in 1984 and Class B girls' volleyball state champions were first named in 1989. Boys' state soccer champions were first named in 1995 and girls' state soccer champions in 1996. Girls' state hockey champions were first named in 2003. Girls' softball champions were first named in 2009 with separated A & B champions in 2012.

IV. ACTIVITIES

The following chart indicates the activities sponsored by the Association, the number of senior high schools participating, and the approximate number of students participating in interscholastic competition during the 2012-2013 school year.

V. Registration of Officials and Interpretation Meetings

More than 1,460 officials are registered with the North Dakota High School Activities Association. These men and women are furnished rule books for the sports in which they officiate, and examinations are provided annually in basketball, football, gymnastics, hockey, soccer, softball, volleyball, and wrestling. Upon meeting certain prescribed standards, the members advance from 'apprentice' officials, 'registered' and finally to 'certified' classifications.

During the past year, more than 60 rules interpretation meetings have been held throughout the state, and more than 5,000 individuals attended these meetings. Meetings were held for baseball, basketball, football, golf, gymnastics, hockey, soccer, softball, swimming, track, volleyball and wrestling.

VI. Cheerleader Clinics

The NDHSAA has recognized the importance of safety in cheerleading. Because of this, the Association has added rules/safety clinics for head cheer coaches of all member schools. These clinics recognize the importance of informing cheer coaches of proper safety techniques as well as emphasizing the responsibility of cheerleaders for sportsmanship and crowd control.

VII. Video Service

The Association maintains a library of videos on sports and fine arts and are on file at the NDHSAA office and can be viewed by schools upon request.

VIII. Organization of Association

BOARD OF DIRECTORS

The Board of Directors consists of 11 members. Three Board members shall be chosen from Class A schools, one each from two geographical areas and one at-large. Four administrators of Class B schools, one high school principal as a member-at-large, and one athletic administrator. These representatives are elected by the membership as a whole, with each school having one vote. In addition, a representative of the North Dakota Schools Boards Association and the Superintendent of Public Instruction serve as members of the Board.

REPRESENTATIVE ASSEMBLY

The superintendent or high school principal or athletic administrator of each school serves as a member of the representative assembly, with each school being entitled to one vote. An annual meeting is held each year to adopt rules and regulations governing inter-school contests and eligibility regulations. All such rules are made by the representative assembly.

DISTRICT COMMITTEES

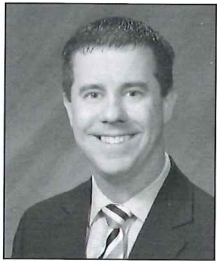

The district activities are controlled and managed by committees elected by school officials in each area.

EXECUTIVE OFFICERS

The administration of the various programs and the implementation of the policies of the Association are placed in the hands of an executive secretary and four assistants who are employed by the Association.
