## Investing In North Dakota's Future

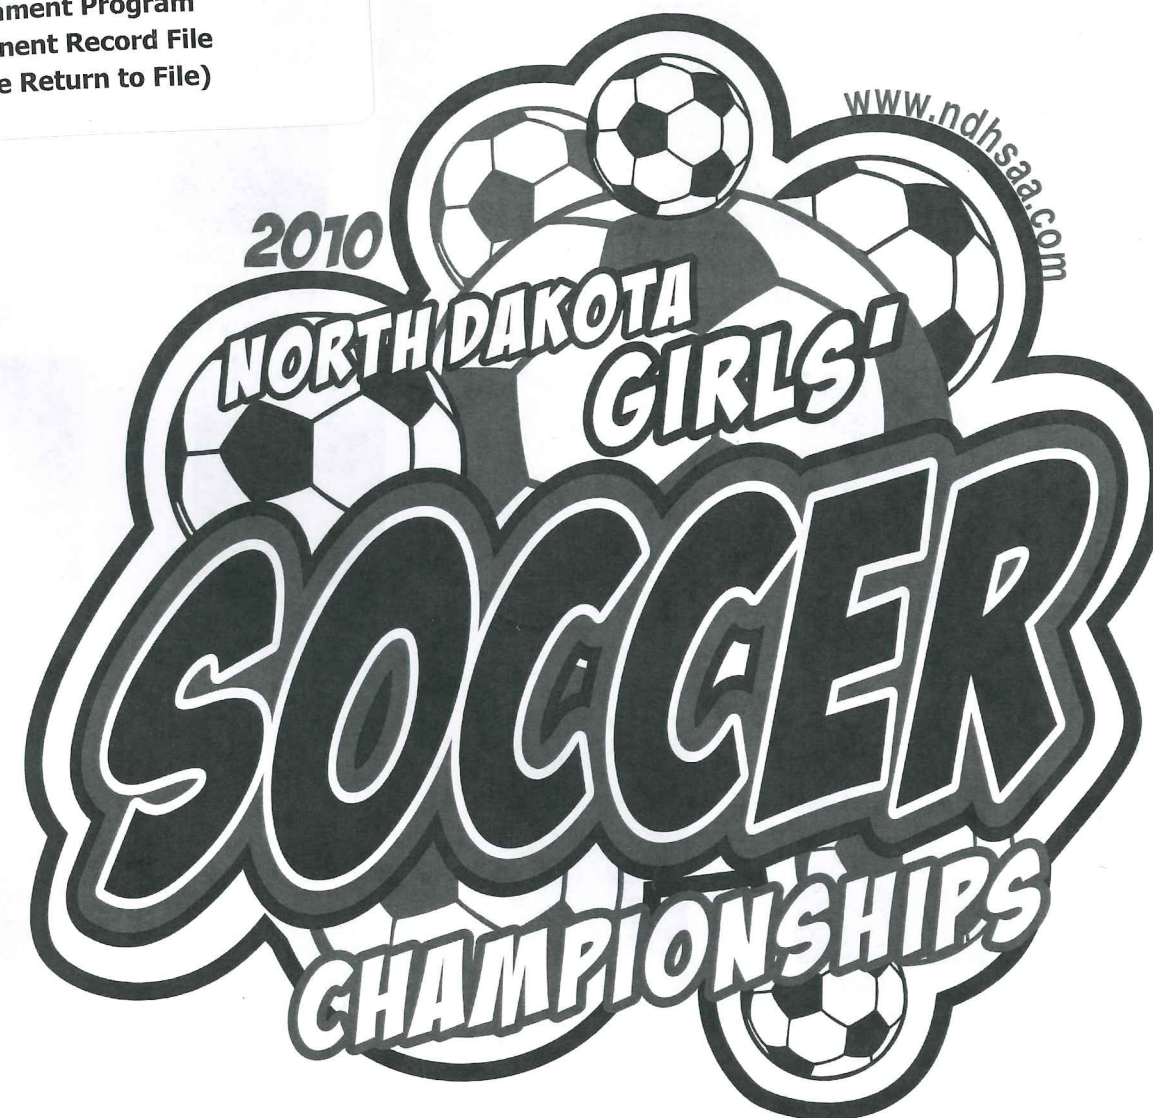

Today's youth are the future of North Dakota and youth activity builds better community involvement and character. That's why Farmers Union Insurance has increased its support of youth by a new commitment as the premier partner of the North Dakota High School Activities Association.

Besides significant financial investment, Farmers Union Insurance will be present and partner with the NDHSAA at tournaments and other events.

With all of the concern over the stability of economic and financial markets, it's good to know your Farmers Union Insurance premium dollars are invested right here in North Dakota... helping build better communities. And what better way to invest in North Dakota than in its youth?

## Investing In North Dakota's Future

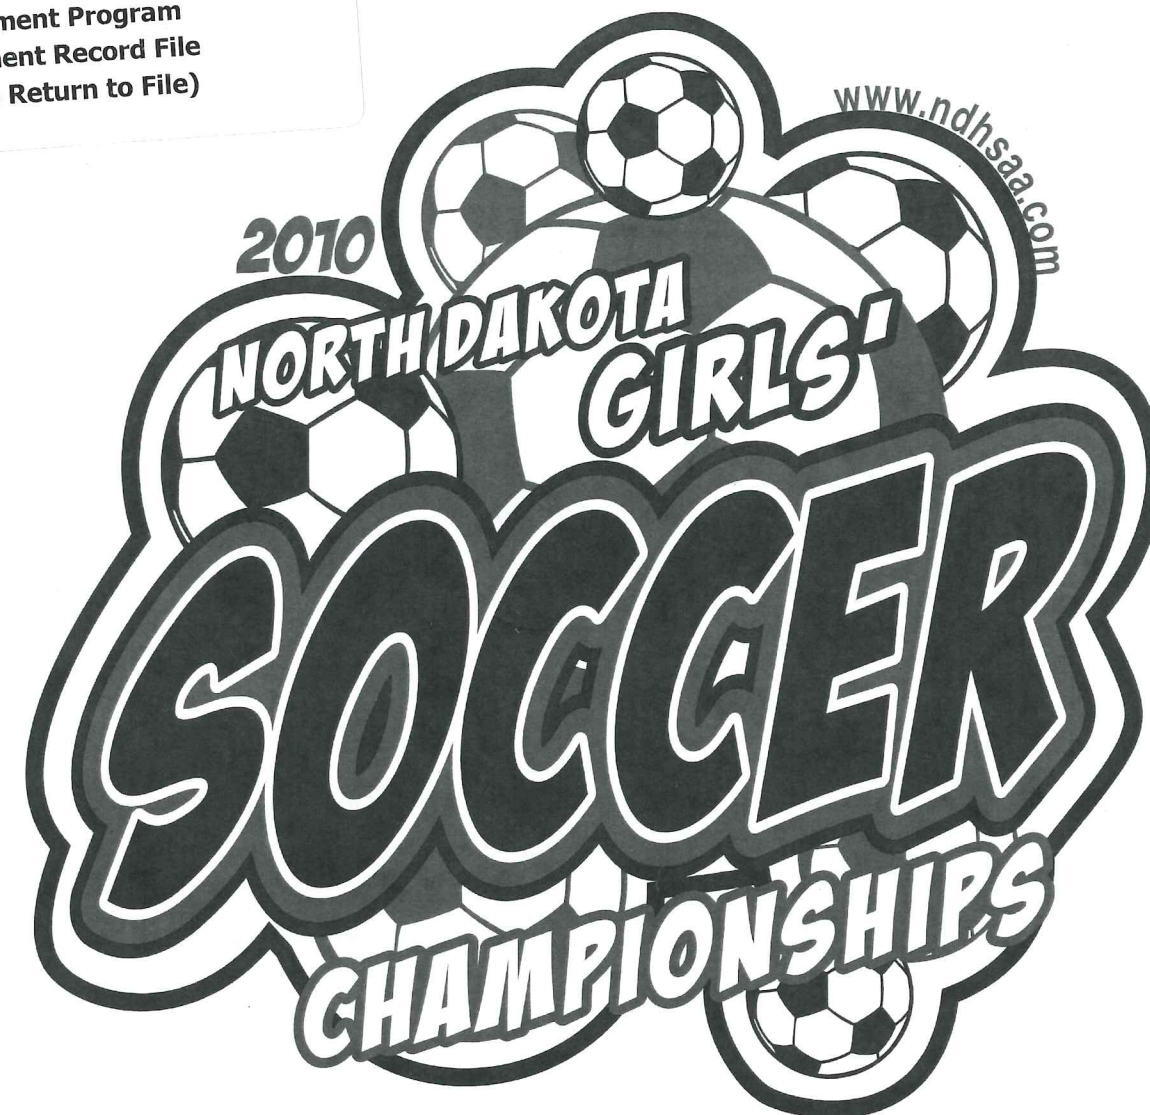

Today's youth are the future of North Dakota and youth activity builds better community involvement and character. That's why Farmers Union Insurance has increased its support of youth by a new commitment as the premier partner of the North Dakota High School Activities Association.

Besides significant financial investment, Farmers Union Insurance will be present and partner with the NDHSAA at tournaments and other events.

With all of the concern over the stability of economic and financial markets, it's good to know your Farmers Union Insurance premium dollars are invested right here in North Dakota... helping build better communities. And what better way to invest in North Dakota than in its youth?
